## **Gnostic Legacy From The Gospels To The Matrix:**

*Forbidden Faith* Richard Smoley, 2006-04-11 Who were the Gnostics Were they heretics or were they ancient visionaries who possessed the keys to the deepest secrets of Christianity Where did they come from Did they leave any descendants Why were they suppressed by the early Church And why do their ideas keep reappearing throughout history *Forbidden Faith* is the first comprehensive popular history of Gnosticism a secretive tradition that has survived for centuries in many forms and under many names Richard Smoley an expert in esoteric Christianity traces the Gnostic legacy from its ancient roots in the Gospel of Thomas discovered in Egypt early second century Gnostic communities of the Roman Empire and the Manichaeans of Central Asia He tracks how the Gnostic impulse was publicly repressed but survived underground in various forms of Christianity surfacing again in the Middle Ages with the Cathars a mysterious group of heretics who inspired the medieval tradition of courtly love but were then wiped out by the Inquisition Since then Smoley reveals the Gnostic legacy has survived into the modern era with the help of Jewish Kabbalists the Freemasonry of our founding fathers the poetry of William Blake the intuitive insights of nineteenth century American Theosophists and the psychological works of Carl Jung Finally we learn how some of the key teachings of the Gnostics are being revived today in serious nonfiction such as the criticism of Harold Bloom in the science fiction of Philip K Dick as well as in popular Hollywood films like *The Matrix* and *The Da Vinci Code* Why should Gnosticism exercise such a peculiar and lasting fascination Throughout most of Christian history Gnosticism was the forbidden faith and such condemnation by the official Church might actually have served to endow the movement with glamour But that explanation goes only so far For the Gnostics to have such lasting appeal it seems logical that they must offer solutions to some problems solutions overlooked by mainstream religion *Forbidden Faith* provides the enduring story and continuing legacy of those errant faithful who have had direct experiences of the divine that can't be explained by the official beliefs of the Church

**Magdalene's Lost Legacy** Margaret Starbird, 2003-05-05 In *Magdalene's Lost Legacy* author Margaret Starbird decodes the symbolic numbers embedded in the original Greek phrases of the New Testament revealing the powerful presence of the feminine divine The New Testament contains wide use of gematria a literary device that allows the sums of certain phrases to produce sacred numbers Exploring the hidden meanings behind these numbers Starbird reveals that the union between Jesus and his bride Mary Magdalene formed a sacred partnership that was the cornerstone of the earliest Christian community *Magdalene's Lost Legacy* demonstrates how the crucial teaching of the sacred marriage that unites masculine and feminine principles the *heiros gamos* is the partnership model for life on our planet and the ultimate blueprint for civilization Starbird's research challenges the concept that Christ was celibate and establishes Mary Magdalene as the human incarnation of the sacred bride The author also explains the true meaning of the 666 prophesied in the Book of Revelation Through this potent reclaiming of the lost legacy of Mary Magdalene Margaret Starbird offers the opportunity to restore the divine feminine to her rightful role as bride beloved and sacred partner

**Introduction to the New Testament** Raymond Collins, 2010-06-02 A massive survey of New Testament scholarship its history methodology and findings from a Catholic standpoint Fr Collins Catholic U of Louvain has a masterful grasp of his subject and this book is a model of clarity organization and fair mindedness *Dictionary of Major Biblical Interpreters* Donald K. McKim, 1998 Contributors from both historical and biblical studies profile the methods perspectives and seminal works of major biblical interpreters from the second century to the late twentieth century Includes introductory essays for each period and bibliographies of each interpreter Edited by Donald K McKim **2000 Years of Lies** Jairo Borda Jara, 2024-06-20 The Christian Bible or so called New Testament depends to a great extent on the writings of the Jewish Bible The problem here is that the New Testament writers misused the Hebrew Bible and made a dishonest use of Biblical Jewish texts to support its false teachings This work exposes the manipulation distortion and falsifications of Jewish Biblical texts Wherever Jewish Biblical Texts are used in the New Testament they are intentionally manipulated to show something different than its original message was meant to be This can be seen all the way along the Gospels and even more so in the writings of Paul There are two Jesus figures One that speaks like a Jew and one Jesus that speaks like a non Jew The New Testament is built on false salvation teachings with no Jewish Biblical support The teachings are supported by Gnosticism Mystery religions cults and

some distorted judaism      *The Great Betrayal* Sheldon W. Liebman, 2018-11-27 In the view of many contemporary scholars both Jesus and Judaism have been misrepresented by the church for the past two thousand years Their main point is that Judaism was not a superficial rigid and outdated religion and Jesus did not reject it In fact along with his disciples he remained a Law abiding Jew his entire life However as Christianity developed from a Jewish sect in the first century AD to the official religion of the Roman Empire in the fourth century the church was transformed Jesus was redefined and both Jews and their religion were repudiated and marginalized In short both Christians and Jews were deeply affected by what many scholars now call the de Judaization of Jesus This book is an attempt to correct the traditional theological and scholarly misinterpretations of Jesus and Judaism that emerged over the first four centuries of the life of the church      **Introduction to the New Testament** Raymond F. Collins, 1992      **Sorting Out Paul** Chris Albert Wells, 2015-08-27 This book provides the basis for revising early Roman church history The second century confrontations that structured the church were symbolized by Peter representing the church's initial Judean legacies and by Paul signifying the Hellenistic theology Paul is a key actor whose role cannot be correctly understood without separating the first century man from his second century legend Historical Paul brought to Gentiles a new salvation promise in the name of Jesus Son of Israel's Creator God Legendary Paul belonged to a Christianity that radically departed from the original matrix Paul posthumously became an apostle to the second century Hellenistic heretics under Marcion's guidance who rejected the Messiah's Judean legacy The centrist Christian group challenged by Marcion used Peter's primacy to defend their cause Winning an important political battle centrists created a wide anti heretical front and established the church's primary Judean orthodoxy Paul losing the keys to Peter but finally occupying a third of the New Testament resumes the agitated history of the early Roman Church It comprises an initial layer of Judean influenced orthodoxy Paul rejected as the least of the apostles completed by a second layer of Hellenistic inspired orthodoxy Paul rehabilitated The continuing confrontations between Peter and Paul produced important texts influenced the Gospels made the church evolve and falsified church history by introducing traditions that still confuse Christians Understanding the political battles involved in establishing the Roman Church will help in reading all the texts that went into the Christian Bible with their conflicting ideals      **Hebrew Bible / Old Testament. **Social Justice and the Legitimacy of Slavery** Ilaria Ramelli, 2016

Were slavery and social injustice leading to dire poverty in antiquity and late antiquity only regarded as normal natural Aristotle or at best something morally indifferent the Stoics or in the Christian milieu a sad but inevitable consequence of the Fall or even an expression of God s unquestionable will Social Justice and the Legitimacy of Slavery shows that there were also definitive condemnations of slavery and social injustice as iniquitous and even impious and that these came especially from

ascetics both in Judaism and in Christianity and occasionally also in Greco Roman pagan philosophy Ilaria L E Ramelli argues that this depends on a link not only between asceticism and renunciation but also between asceticism and justice at least in ancient and late antique philosophical asceticism Ramelli provides a careful investigation through all of Ancient Philosophy not only Aristotle and the Stoics but also the Sophists Socrates Plato the Neoplatonists and much more Ancient to Rabbinic Judaism Hellenistic Jewish ascetic groups such as the Essenes and the Therapeutae all of the New Testament with special focus on Paul and Jesus and Greek Latin and Syriac Patristic from Clement and Origen to the Cappadocians from John Chrysostom to Theodoret to Byzantine monastics from Ambrose to Augustine from Bardaisan to Aphrahat without neglecting the Christianized Sentences of Sextus In particular Ramelli considers Gregory of Nyssa and the interrelation between theory and practice in all of these ancient and patristic philosophers as well as to the parallels that emerge in their arguments against slavery and against social injustice

A confiabilidade histórica dos Evangelhos Craig Blomberg, 2024-10-09 Muitos ainda acreditam que somente uma pequena porcentagem dos relatos do Novo Testamento sobre a vida e os ensinamentos de Jesus digna de confiança Entre as várias razões para o ceticismo ao longo dos anos as mais persistentes são a ideia de que os Evangelhos não foram escritos por pessoas em condições de ter informações precisas sobre Jesus a constatação de que as culturas primitivas acreditavam em milagres impossíveis a primazia do interesse teológico sobre a exatidão histórica e o fato de o relato de textos não canônicos parecer refutar os Evangelhos Apesar de parecerem bem estruturadas todas essas afirmações são frágeis e já foram refutadas A resposta de Blomberg apresentada nesse livro tem sido muito apreciada e nesta edição revisada e atualizada o autor leva em conta as importantes pesquisas e estudos publicados nas últimas décadas Escrevendo como historiador Blomberg não apela para a inspiração da Bíblia ou para a tradição da igreja para construir seu argumento Em vez disso vale-se das diferenças entre relatos paralelos do mesmo acontecimento do contraste marcante entre João e os Evangelhos Sincronicamente do interesse teológico dos Evangelistas dos milagres de Jesus do testemunho de fontes extrabíblicas e de uma avaliação crítica dos métodos históricos para demonstrar de modo convincente a confiabilidade histórica dos Evangelhos e assim apresentar uma resposta aprofundada e bem embasada às principais questões suscitadas nos recorrentes debates
