Gnostic Blessing:

Gnostic Blessing Leonard Schwartz,1992 *Prayers* Sylvia Browne,2009-11 The pages of PRAYERS are taken from Sylvia Browne s sermons delivered at her church Society of Novus Spirit us In each case the words were infused into her by her spirit guide Francine and of course by God Granted these words are a passive mode of prayer yet the goal is to recharge your spiritual battery so that you ll be able to go out into the world and do Gods work Over many years of public work people have often asked me how to pray My answer is simple Just talk to God and make your life a living prayer These prayers will lift your soul and let you magnify the Lord They have done so for me and thousands of others Many miracles have occurred by the power of prayer and now I want to share these commanding words with you **The Little Giant Encyclopedia of Meditations & Blessings** Nathaniel Altman,2000 Open yourself up to a higher power and find peace solace and healing If you re looking for more to life than the material world offers these hundreds of meditations prayers and blessings from a wide variety of the world s traditions will bring comfort and well being Meditation cuts through and calms the tangled mass of feelings that rage through our minds Nurture the positive spark that lies within by practicing daily meditations to expand the mind contact energy and manage pain Some of them employ candles sacred symbols mantras music and nature For each there are instructions on breathing posture and visualization If meditation encourages listening to a greater spirit prayers address God and here are ones for adoration petition and silent communion that come from Judaism Christianity Islam Buddhism Hinduism Jain Native America and more Some are nondenominational Finish with blessings a powerful way to praise the Divine and share loving energy with others The author lives in Brooklyn NY 512 pages 4 3 16 x 5 1 4 *Prayer From Alexander To Constantine* Mark Kiley,2013-11-19 Prayer From Alexander To Constantine presents a diverse selection of prayer chosen by over 40 different historians all specialists in their respective areas of Graeco Roman literature This collaboration gives the book a range and depth that no individual author could hope to rival Each selection includes an introductory essay followed by a new English translation of the prayer accompanied by critical notes and biography In this way the reader is able to gain an insight into the variety of subjects and styles involved in people s communications with their gods in antiquity The volume will be a key text for students engaged in courses which explore the period s history and theologies There is no comparable anthology available in English The volume will also be of value to the general reader interested in the history of this period and anyone interested in the forms of prayer *Blessing* Andrew Davison,2014-11-30 Blessing whether we are giving it or seeking it is perhaps one of the most overused but least understood Christian terms Yet it is a rich biblical concept history reaching back to the earliest Old Testament writings It is everywhere in our liturgies and is frequently on our lips Bless This engaging introduction to blessing unpacks this rich many layered word exploring What it means to Bless the Lord which the Bible repeatedly urges us to do Blessing as a way of recognising the proper relation of people things and situations to God The effect of blessing does it work The absence of blessing the pastoral challenge when

lives feel more cursed than blessed How blessing enters our lives Christ as the promise of blessing for all **Blessed Victors** Ruth Sutcliffe, 2024-07-25 The late second through third centuries saw the remarkable confluence of the early church's developing identity theological understanding and praxis with a period of opposition and intermittent persecution from the world around it Theology necessarily engaged with the persecution experience as the church considered the goodness and providence of God the Name to be confessed and the purposeful outcome of the antagonism they faced Ruth Sutcliffe argues that the early fathers' theological understanding of the role of persecution in the Christian life informed their exhortations to individual and communal response contributing to the church's remarkable survival and growth through this period Four great thinkers of this era Clement and Origen of Alexandria and Tertullian and Cyprian of Carthage each have much to contribute to a theological understanding of Christian persecution and Sutcliffe explores their widely different perspectives intellectual milieu and experiences She explains these differences and similarities in terms of their use of the Scriptures in conversation with their own contexts and agendas concluding that their differences in approach to persecution can be explained theologically and that these differences offer a unique window into their respective thought Despite such differences Sutcliffe stresses that the early church did have a fundamentally coherent theology of persecution which speaks to the worldwide church today *The Gnostic Gospel of St. Thomas* Tau Malachi, 2012-11-08 Of all the lost gospels of the early Christian Bible the Gospel of St Thomas is the most well known According to Tau Malachi each verse of this Holy Scripture is like an endless well of Wisdom Drawing upon the Holy Kabbalah contemporary Christian thought and wisdom of the gnostic tradition Malachi guides the reader into a true gnostic experience a first hand and completely unique exploration of the sacred secrets and spiritual insights in this important gnostic text Both intuitive and interactive the gnostic approach to faith is a sacred quest for greater knowledge understanding and wisdom a deeper penetration of the Mystery This path leads to a higher degree of the enlightenment experience or gnosis The Gnostic Gospel of St Thomas reveals how the reader can use each verse in this scripture as a source of daily contemplation and spiritual growth while exploring the secrets of resurrection and ascension the true role of St Mary Magdalene in the early church and other mystical and magical teachings

The Other God Mellanie Queen, 2024-11-04 The Other God The Judas Gospel and the Hidden God Beneath the surface of traditional teachings lies a shocking and secret truth that The Other God dares to unveil In this unique exploration Judas Iscariot emerges not as the traitor the world believes him to be but as an enlightened disciple entrusted with wisdom that transcends human comprehension This book delves deep into Gnostic spirituality offering an alternative vision where Judas is chosen to uncover hidden mysteries questioning the true nature of good and evil Through a captivating narrative the author leads readers through a labyrinth of mystical teachings presenting the concept of the Demiurge the flawed creator of the material world in stark contrast with the Supreme God a divinity beyond matter and earthly understanding Here Judas becomes a guide a traveler between shadows and light charged with revealing ancient secrets and illuminating the path to

spiritual liberation Each page of *The Other God* challenges readers to question conventional certainties to see through the illusion of the material world and to discover the hidden divinity within This is not a path of blind faith but of profound self knowledge where Judas with courage sacrifices his own image for a greater purpose inviting each soul on a journey toward awakening and connection with eternal wisdom This book is a gateway to a universe where the sacred and the profane intertwine a masterpiece that calls upon the spirit to break its chains and seek the unknown

The Gnostic New Age April D. DeConick, 2016-09-27 Gnosticism is a countercultural spirituality that forever changed the practice of Christianity Before it emerged in the second century passage to the afterlife required obedience to God and king Gnosticism proposed that human beings were manifestations of the divine unsettling the hierarchical foundations of the ancient world Subversive and revolutionary Gnostics taught that prayer and mediation could bring human beings into an ecstatic spiritual union with a transcendent deity This mystical strain affected not just Christianity but many other religions and it characterizes our understanding of the purpose and meaning of religion today In *The Gnostic New Age* April D DeConick recovers this vibrant underground history to prove that Gnosticism was not suppressed or defeated by the Catholic Church long ago nor was the movement a fabrication to justify the violent repression of alternative forms of Christianity Gnosticism alleviated human suffering soothing feelings of existential brokenness and alienation through the promise of renewal as God DeConick begins in ancient Egypt and follows with the rise of Gnosticism in the Middle Ages the advent of theosophy and other occult movements in the nineteenth and early twentieth centuries and contemporary New Age spiritual philosophies As these theories find expression in science fiction and fantasy films DeConick sees evidence of Gnosticism's next incarnation Her work emphasizes the universal countercultural appeal of a movement that embodies much more than a simple challenge to religious authority

The Gospel of the Gnostics Duncan Greenlees, 2006-10 Recommended by top scholars in the field of Gnostic studies for many years but has been virtually impossible to find until now One of the best books on the subject essential for any serious researcher A virtual gold mine of Gnostic material some translated and presented here for the first time

The Gnostic Paul Elaine Pagels, 1992-03-01 In this highly original work Elaine Pagels demonstrates how evidence from gnostic sources may challenge the assumption that Paul writes his letters to combat gnostic opponents and to repudiate their claims to secret wisdom Drawing upon evidence from the gnostic exegesis of Paul including several Nag Hammadi texts the author examines how gnostic exegetes cite and interpret key passages in the letters they consider Pauline 1 2 Corinthians Galatians Ephesians Philippians Colossians and Hebrews Besides offering new insight into controversies over Paul in the second century this analysis of gnostic exegesis suggests a new perspective for Pauline study challenging students and scholars to recognize the presuppositions hermeneutical and theological involved in their own reading of Paul's letters Elaine H Pagels is the Harrington Spear Paine Professor of Religion at Princeton University She is the author of *The Gnostic Gospels* which won the National Book Award and the National Book Critics Circle Award *The Johannine Gospel* in

St. Clair,2006 Much more than implied Prophets like Jeremiah Jesus and Muhammad knights like the Templars kings like Solomon Akhenaten and Constantine others Loaded with history and comparative religion Pictures **The Nature of Good and Evil** Sylvia Browne,2009-11 We constantly see the senseless violence in our world and it begs the question How can an all loving God allow this to exist Indeed many people simply reject any notion of God for this very reason This book the third in Sylvia Browne s Journey of the Soul series gives you the philosophical framework to understand the nature of good and evil and the role of God in the big picture When you see how evil originated and why it thrives in our world you re more prepared to face

it and overcome it Sylvia points out that you need not fear evil spirits or curses which are merely stories bred from ignorance And how would you like to serve as one of God s warriors of Light Sylvia explains how to enlist By combining her philosophical and theological views Sylvia creates a spiritual umbrella that rises above traditional religion All paths that lead to knowing God have merit **Ancient Mysteries And Modern Masonry** Charles H. Vail, The purpose of these lectures is to consider the origin and nature of the Ancient Mysteries and Modern Masonry and to show the relation which they bear one to the other Freemasonry deals largely with the morals and symbols of the Mysteries of Antiquity and originally was one of the channels of Ancient Wisdom There were a few among the founders of Modern Masonry who possessed the Royal Secret or at least had a knowledge of its existence and if the key has been lost the Mason as Heir apparent of the Old Wisdom should be foremost in the search for its recovery All agree that the Masonic symbols and traditions are of the greatest antiquity and can be traced to the far East to the earliest civilization from which time and place they have spoken in nature s language to all peoples of the earth We are more and more convinced that this picture language of our ritual contains a most complete philosophy a knowledge embracing the eternal verities of the universe and that these symbols were designed by the Initiates of old to preserve and convey that Ancient Wisdom to the present and future generations Though empires and dynastic continents have appeared and passed away these ancient symbols hewn in rock cut temples and monuments have served to convey the Great Secret from ages past and will continue its record as long as this part of the universe remains
