Literature Suppressed on Social Grounds Dawn B. Sova,2014-05-14 *Literature Suppressed on Social Grounds* Revised Edition discusses writings that have been banned over the centuries because they offended or merely ignored official truths challenged widely held assumptions or contained ideas or language unacceptable to a state religious institution or private moral watchdog The entries new to this edition include the Captain Underpants series *We All Fall Down* by Robert Cormier and *Jake and Honeybunch Go to Heaven* by Margaret Zemach Also included are updates to the censorship histories of such books as *To Kill a Mockingbird* and *Of Mice and Men*

Impostors Christopher L. Miller,2018-12-10 Miller takes us

on an exciting tour of postcolonial and world literature guiding us through the literary maze of the real and the pretenders to the real Ngugi wa Thiong'o author of *Wizard of the Crow* Writing a new page in the surprisingly long history of literary deceit *Impostors* examines a series of literary hoaxes deceptions that involved flagrant acts of cultural appropriation This book looks at authors who posed as people they were not in order to claim a different ethnic class or other identity These writers were in other words literary usurpers and appropriators who trafficked in what Christopher L Miller terms the intercultural hoax In the United States such hoaxes are familiar Forrest Carter's *The Education of Little Tree* and JT LeRoy's *Sarah* are two infamous examples Miller's contribution is to study hoaxes beyond our borders employing a comparative framework and bringing French and African identity hoaxes into dialogue with some of their better known American counterparts In France multiculturalism is generally eschewed in favor of universalism and there should thus be no identities in the American sense to steal However as Miller demonstrates this too is a ruse French universalism can only go so far and do so much There is plenty of otherness to appropriate This French and Francophone tradition of imposture has never received the study it deserves Taking a novel approach to this understudied tradition *Impostors* examines hoaxes in both countries finding similar practices of deception and questions of harm In this fascinating study of intercultural literary hoaxes Christopher L Miller provides a useful brief history of American literary impostures as a backdrop for his investigation of France's literary history of ethnic usurpation Henry Louis Gates Jr New York Times bestselling author [The "Go Ask Alice" Book of Answers](#) Columbia University. Health Education Program, 1998 A frank streetwise *Our Bodies Ourselves* for young men and women this guide answers the questions young people are asking about sexuality drugs alcohol fitness and nutrition and much more

Go Ask Alice : Based on the (actual) Diary of an Anonymous Girl Frank Shiras, 1976 *Text, Lies and Cataloging* Jana Brubaker, 2018-07-09 What do James Frey's *A Million Little Pieces* Margaret B Jones' *Love and Consequence* and Wanda Koolmatrie's *My Own Sweet Time* have in common None of these popular books are what they appear to be Frey's fraudulent drug addiction memoir was really a semi-fictional novel Jones' chronicle of her life in a street gang was a complete fabrication and Koolmatrie was not an Aboriginal woman removed from her family as a child as in her seemingly autobiographical account but rather a white taxi driver named Leon Carmen Deceptive literary works mislead readers and present librarians with a dilemma Whether making recommendations to patrons or creating catalog records objectivity and accuracy are crucial and can be difficult when a book's authorship or veracity is in doubt This informative and entertaining study addresses ethical considerations for deceptive works and proposes cataloging solutions that are provocative and designed to spark debate An extensive annotated bibliography describes books that are not what they seem **You're Teaching My Child What?** Miriam Grossman, 2009-08-04 If you think sex education is still about the birds and the bees think again And it's not about science either In her shocking exposé *You're Teaching My Child What* Dr Miriam Grossman rips back the curtain on sex education today exposing a sordid truth Today's sex ed programs aren't based on science they're based on liberal lies and

politically correct propaganda that promote the illusion that children yes children can be sexually free without risk As a psychiatrist and expert on sexual education Dr Grossman cites example after example of schools and organizations whitewashing or omitting altogether crucial information that doesn't fit in with their PC agenda Instead sex educators only tell teens the facts of life that promote acceptance sexual exploration and experimentation What sex educators call an education scientists would call a scam Sex educators won't tell girls their bodies are biologically and chemically more susceptible to STDs they will only say 3 million girls have a sexually transmitted infection Educators say it's natural for children to explore their sexuality from a young age and only they can decide when it's right to have sex the real truth is neurobiologists say teen brains are not developed to fully reason and weigh consequences especially in the heat of the moment Teens are told condoms vaccines and yearly testing provide adequate protection without being told that studies now show condoms are no match for herpes HPV and gonorrhea In *You're Teaching My Child What* Dr Grossman reveals biological truths that you won't find in today's classrooms *You're Teaching My Child What* is critical reading for parents with teens and instrumental in teaching children the truth about sex
