God And The Self:

God, Self and Ego Philip St. Romain, 2010-04-22 What do we mean by the terms God Self and Ego The answer depends on one's view of human nature and its relationship to the divine Using the philosophy and theology of St Thomas Aquinas to qualify his terms author Philip St Romain describes different possible relationships between God Self and Ego and the disciplines to support these **God and the Self** J. Between God, Self and Ego Philip St. Romain, 2016-11-28 What do we mean when we use the terms God Self and Ego To what experiences do these terms point What are the relationships between them This book by Philip St Romain M S D Min goes beyond semantics to provide an experiential approach to understanding God Self and Ego It also situates this understanding in an anthropology that will be agreeable to most psychologists and Christian spiritual directors Different zones of intimacy between God Self and Ego are identified each with differing requirements Questions for reflection and discussion conclude each chapter along with several suggested spiritual exercises **Relating God and the Self** Jan-Olav Henriksen, 2016-04-08 Religion is not only about understanding the world it is just as much about how to develop and shape the self's experience of itself Because the religious self is shaped by our symbols of God and symbols of God are also shaped by the self theology and philosophy of religion cannot ignore this interplay or the psychological dimension when they discuss what symbols of God are adequate and not By discussing critically different ways the symbol of God functions in the formation of the self the book develops a nuanced and original approach to the interplay between God and the self It suggests that play is actually an important metaphor in order to develop a dynamic understanding of religion's way of relating God and the Self This approach challenges understandings of religion focussing only its cognitive claims as well as those who emphasize doctrinal orthodoxy as the most important element in religion **God, Self, and Death** Shannon Burkes Pinette, 2021-12-28 This volume considers the emerging Jewish interest in an afterlife during the second temple period in relation to developing views of the deity and the self In some circles God is understood as increasingly distant from the human sphere and so justice must occur in another world or after death at the same time more autonomous constructions of the self in response to community breakdown suggest that reward and punishment come not only collectively but also on the individual level in a post mortem realm The book traces the interconnections between these themes in Job and Ecclesiastes Ben Sira and Daniel then Wisdom of Solomon and 4 Ezra crossing genre boundaries in an attempt to offer a more encompassing historical investigation **Dialogues with My God Self** Alvaro Bizzicari, 2012-10-01 Dialogues with My God Self is a unique look into the heart and mind of a seeker of truth and his God Self Written as a series of conversations addressing life's most important questions this groundbreaking work is the result of years of philosophical study travel meditation and the search for enlightenment provoked by the desire to understand our existence and its Source Dialogues with My God Self will resonate with anyone seeking spiritual insight and striving for a higher consciousness It offers clear
