Guyana Emergent Robert H. Manley, 1982-01-01      A Political And Social History Of Guyana, 1945-1983 Thomas Spinner, 2021-11-28 Originally published in 1984 this is a documented account of the political history of the former British colony of Guyana Providing a reflection of the increasing involvement of the United States in the Caribbean and Central America on the long term political social and economic effect that intervention can have on the small states of less developed countries during the period of 1945 to 1983 The text includes a detailed historical account of post World War II politics and moves onto the emergence of the nationalist movement in Guyana in the late 1940s and the cold war period of the 1950s concluding with the consequences both politically and economically in the 1980s      The Americas Kimberly J. Morse, 2022-08-23 This two volume encyclopedia profiles the contemporary culture and society of every country in the Americas from Canada and the United States to the islands of the Caribbean and the many countries of Latin America From delicacies to dances this encyclopedia introduces readers to cultures and customs of all of the countries of the Americas explaining what makes each country unique while also demonstrating what ties the cultures and peoples together The Americas profiles the 40 nations and territories that make up North America Central America the Caribbean and South America including British U S Dutch and French territories Each country profile takes an in depth look at such contemporary topics as religion lifestyle and leisure cuisine gender roles dress festivals music visual arts and architecture among many others while also providing contextual information on history politics and economics Readers will be able to draw cross cultural comparisons such as between gender roles in Mexico and those in Brazil Coverage on every country in the region provides readers with a useful compendium of cultural information ideal for anyone interested in geography social studies global studies and anthropology      Ibss Poli Sci 29 1980 "International Committee For Social Sciences Documentation", 2013-10-15 The International Bibliography of the Social Sciences IBSS is an essential tool for librarians academics and researchers wishing to be kept up to date with the published literature in the social sciences IBSS is compiled in four divisions Anthropology Sociology Economics and Political Science This is Volume XXIX of the International bibliography of political science as of 1980      **Encyclopedia of Conflicts since World War II** James Ciment, Kenneth Hill, 2012-12-06 This copiously illustrated A Z reference presents the most in depth information available about the various conflicts the world has endured local regional and international since World War II Some 142 conflicts are discussed and analyzed The Encyclopedia of Conflict since World War II with its coverage of all the countries of the world fills a critical need for clear comprehensive explanations of events not covered in such detail in any other reference source Entries end with an extensive bibliography and the encyclopedia includes maps chronologies and a general bibliography as well as an index designed to make the reader understand the correlation and relationships between individual conflicts      *Dependency and Socialism in the Modern Caribbean* Euclid A. Rose, 2002-01-01 Was the Anglophone Caribbean condemned by its colonial

history to permanent conditions of dependency and by Cold War geopolitical realities to international interventionism In *Dependency and Socialism in the Modern Caribbean* Euclid Rose focuses upon the efforts made by the English speaking Caribbean through case studies that compare and contrast the political economies of Guyana Jamaica and Grenada to break out of the legacy of colonial dependency and underdevelopment through the implementation of a Caribbean brand of socialism The work considers the Caribbean s adoption of Fabian style socialism as an alternative to capitalist development and how these socialist policies were impacted by differences in infrastructure capacity economic and social resources and political agendas It highlights the pivotal role of race and class and the hitherto little studied impact of religion on the region s political economy Moreover the study calculates the impact of the global economy upon Caribbean socio economic conditions and the ideological geopolitical and strategic implications of the Cold War and the Caribbean s socialist alignment on the nature character and intensity of British and American interventionism in the region A must read for political economists in search of a greater understanding of the postcolonial political economy of the Caribbean and Latin America

*Guiana and the Shadows of Empire* Joshua R. Hyles, 2013-12-04 This book is a history of the three Guianas now known as Guyana Suriname and French Guiana Though histories of each of the countries exist this is the first work in a century to consider the three countries as a group and thus the first to present the history of all three as a comparative and overarching study Special emphasis has been given to the story of how each colony was administered by Britain the Netherlands and France respectively and how these differing colonial administrative policies have given rise to three vastly different cultures Because the geographical area of the Guianas is relatively small the indigenous population at the time of contact was relatively uniform across the area and the

external pressures on the three colonies over their histories exhibited significant similarities the book presents the Guianas as an ideal laboratory in which to study the effects of imperialism and cultural assimilation practices The book also briefly considers the present political and cultural status of the three polities and makes some projections about their possible futures In all the book presents a complete history from prehistory until the present day covering the entirety of the Guianas region relating a colorful history from a little studied corner of the world *Neoliberal Democratization and New Authoritarianism* Dennis C. Canterbury,2019-06-04 Originally published in 2005 Domestic and foreign economic and political policies in the rich capitalist nations in the North and in the poor countries in the South are geared towards globalization and democratization Indeed the dominant view held by countries in the North is that globalization leads to democracy and vice versa and that in turn economic development will result from that process Thus many scarce resources are allocated to bring about globalization and democracy Exploring the dynamics of change that allow for the persistence of authoritarian states in the Third World this illuminating book highlights certain aspects of democratization that have not been investigated fully Anyone interested in development politics and political sociology will draw a plethora of important theoretical insights into globalization authoritarianism and transition democratization from this original study **Constructing Vernacular Culture in the Trans-Caribbean** Holger Henke,Karl-Heinz Magister,2008-01-01 Constructing Vernacular Culture in the Trans Caribbean traces the contradictory cultural trajectories constructed and re produced in the fluid diasporic spaces we call the Trans Caribbean Particular emphasis is placed on such cultural expressions that reflect or derive from the cultural vernacular and popular culture as it exists in these spaces Its multidisciplinary approach and focus on different language areas in the Trans Caribbean are of particular interest to scholars in cultural studies migration literary theory and cultural criticism **U.S. Intervention in British Guiana** Stephen G. Rabe,2006-05-26 In the first published account of the massive U S covert intervention in British Guiana between 1953 and 1969 Stephen G Rabe uncovers a Cold War story of imperialism gender bias and racism When the South American colony now known as Guyana was due to gain independence from Britain in the 1960s U S officials in the Kennedy and Johnson administrations feared it would become a communist nation under the leadership of Cheddi Jagan a Marxist who was very popular among the South Asian mostly Indian majority Although to this day the CIA refuses to confirm or deny involvement Rabe presents evidence that CIA funding through a program run by the AFL CIO helped foment the labor unrest race riots and general chaos that led to Jagan s replacement in 1964 The political leader preferred by the United States Forbes Burnham went on to lead a twenty year dictatorship in which he persecuted the majority Indian population Considering race gender religion and ethnicity along with traditional approaches to diplomatic history Rabe s analysis of this Cold War tragedy serves as a needed corrective to interpretations that depict the Cold War as an unsullied U S triumph [The Venezuela-Guyana Border Dispute](#) Jacqueline A. Braveboy-wagner,J Braveboy-Wagner,2019-07-11 The expiration in 1982 of the Protocol of Port of Spain reheated a border

dispute between Venezuela and Guyana that had been frozen since 1970 Almost at once Venezuelan ultranationalists asserted the need to recover by force the Essequibo region of Guyana two thirds of that country which Venezuela had long claimed While rejecting force as a solution the Venezuelan government has indicated that the Protocol will not be renewed thus pushing the economically and politically vulnerable Guyana toward new and uncertain negotiations This book describes the actors and their stake in the conflict the capacity of each to develop the disputed region and the implications of the Venezuelan claim for both sides Incorporating a critical examination of the conflict s historical legal background Dr Braveboy Wagner chronicles the progress of the dispute through its various stages and describes the attempts of both sides to elicit outside support especially from other Third World nations Finally she assesses the possibilities for a solution by force and by compromise and considers the potential for U S involvement

**The Costs of Regime Survival** Percy C. Hintzen, 2006-11-02 This comparative study of two republics Guyana in South America and Trinidad and Tobago in the Caribbean examines the conditions which determine regime survival in less developed countries Political survival can very often depend on a leader s willingness to serve the interests of a small but politically strategic minority In both Guyana and Trinidad post independence leaders made politically expedient decisions resulting in a series of political and economic crises

Aluminum Ore Robin S. Gendron, Mats Ingulstad, Espen Storli, 2013-09-28 As the key component in aluminum production bauxite has become one of the most important minerals of the last one hundred years To some it brought economic and political advantage but for many others its development left a legacy of exploitation Aluminum Ore explores the history of bauxite in the twentieth century and the global forces that this history represents from its strategic development in the First World War to its role in the globalization of markets as companies from the northern hemisphere vied for the resources of the south Featuring essays by scholars from around the world this wide ranging collection is a history of one essential mineral and a new perspective on a time of change

Politics of Identity in Small

Plural Societies S. Wilson, 2012-01-30 In small plural societies cultural differences can be exaggerated exploited and intensified during political contests The survival of these societies as democracies or even at all hangs in the balance

**Bodies and Bones** Tanya L. Shields, 2014-06-02 In *Bodies and Bones* Tanya Shields argues that a repeated engagement with the Caribbean's iconic and historic touchstones offers a new sense of international belonging that brings an alternative and dynamic vision to the gendered legacy of brutality against black bodies flesh and bone Using a distinctive methodology she calls feminist rehearsal to chart the Caribbean's multiple and contradictory accounts of historical events the author highlights the gendered and emergent connections between art history and belonging By drawing on a significant range of genres novels short stories poetry plays public statuary and painting Shields proposes innovative interpretations of the work of Grace Nichols Pauline Melville Fred D Aguiar Alejo Carpentier Edwidge Danticat Aim C saire Marie H l ne Cauvin and Rose Marie Desruisseau She shows how empathetic alliances can challenge both hierarchical institutions and regressive nationalisms and facilitate more democratic interaction

*Ethnicity, Class, and Nationalism* Anton L. Allahaar, 2005-06-28 Celebrants of an ever emerging globalization fly the banner of free trade the mass marketization of once faltering economies and rising economic and social standards for all Many opponents to globalization rightfully point out that borders still exist largely for the purposes of keeping one commodity in its place the labor commodity or the more familiar immigrant Arguments of this type are often steeped in economic and social discourse Race and ethnicity are seen as either being subsumed by this discourse or are entirely ignored as incidental to this type of political thought In *Ethnicity Class and Nationalism Caribbean and Extra Caribbean Dimensions* specialists writing on the Caribbean form of the nation state place race and ethnicity along with class in its proper context at the very foundations of the modern nation Editor Anton L Allahaar has handpicked scholarship that is both contemporary and expert in its consideration of Caribbean geo politics Furthermore essays in this volume include comparative cases from around the globe In the interest of locating race and ethnicity as sociological and political categories that are inimical to contemporary conceptions of the nation state Allahaar explores spaces other than the Caribbean The result is a comparative study that is unique in scope and also in its level of scholarly reflection This book is the first of its kind It is essential reading for anyone interested in advancing their analysis of political economic social and cultural thought in the Caribbean
