Gynecologists Second Opinion:

A Gynecologist's Second Opinion William H. Parker, Rachel L. Parker, 2002-12-31 A sensitive authoritative and up to date guide to common gynecological problems and procedures answers questions about the diagnosis and treatment of fibroids ovarian cysts endometriosis pelvic pain and related problems

Togani Gong Ji-young, 2023-04-30 Atmospheric and fast paced this novel of manners set in a provincial South Korean city leads readers through the silent corridors of a school for hearing impaired children and the city's foggy back streets and murky centers of power to a stirring courtroom climax Gong Ji young's Togani The Crucible published in Korean in 2009 is based on a historic case of child sexual abuse at a state run institution The novel went on to sell nearly a million copies and along with a 2011 film adaptation directed by Hwang Dong hyuk prompted the South Korean National Assembly to pass the Togani Laws to provide greater legal protections for children and vulnerable adults under state care and harsher penalties for those convicted of their abuse At a time when Korean popular culture drives cultural production worldwide Togani reminds us of the power of fiction to effect meaningful societal change A story of courage in the face of corruption Togani offers nuanced portraits of a failed young businessman seeking a new life as a teacher and his counterpart a young woman committed to a career in human rights a police officer of humble origins who rose through the ranks as he turns a blind eye to the abuse of students by the school's administrators and a hearing impaired teenage girl a victim of that abuse who cares deeply for the other children at the school The book testifies to the legacy of neo Confucian class conflict gender disparity and the vulnerability of those near the bottom of the social ladder It is a heart wrenching and provocative work that helped bring about change to a system it dared to challenge

Beyond Second Opinions Judith Steinberg Turiel, 2023-11-15 Beyond Second Opinions is both an expos of the risks errors and distortions surrounding fertility medicine and an authoritative guide for people seeking treatment Accessible comprehensive and extremely well informed this book takes the reader beyond hype to the hard data on diagnoses and treatments Judith Steinberg Turiel a consumer health activist and herself a veteran of fertility treatments uses the most up to date medical literature to shed new light on difficult decisions patients face today and on reproductive questions society must begin to address now Those who are seeking a more balanced perspective to help them make better more informed decisions will find a wealth of information about current reproductive interventions from simple fertility pills to dazzling experimental options as well as a discussion of the non medical forces economic and political that shape an individual's treatment choices and reproductive outcomes Despite quantities of information showered upon patients they remain woefully misinformed some fertility treatments may actually reduce chances for a successful pregnancy and threaten a patient's health Turiel looks beyond surface claims to the real information often uncovering counterintuitive findings and sometimes scandalous revelations She exposes a realm of unregulated expansion unscientific experimentation and recent scandal over stolen embryos Weaving together first hand accounts compelling stories a range of scientific information and lively anecdotes Turiel

addresses the persistent gulfs that separate medical professionals and health care consumers In the process she arms laypeople with what they might not learn about infertility practices from doctors patient education brochures and the newspaper This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1998 **The No-Nonsense Guide to Menopause** Barbara Seaman, Laura Eldridge, 2008 Incorporating the most recent studies on hormone therapy Seaman a legendary figure in the women s health movement and co author Eldridge present an invaluable guide for women in need of information on menopause Ask Your Gynecologist R. Scott Thornton, Kathleen Schramm, 2014-01-02 Ask Your Gynecologist was written for all of the women who cannot find the information they need to answer their questions about their bodies Drs Thornton and Schramm examine the most commonly asked questions and give valuable insight and advice about everything related to gynecology including pap smears the menstrual cycle family planning infections and disorders pregnancy and surgery Each chapter is divided into questions so readers can look up specific issues quickly Examples inspired by real women s situations are also included so readers can see that all of their questions are valid and worth asking Advice on how to choose a gynecologist when to make an appointment and how to ensure that daughters visit a doctor is also included as well as a full glossary and index
