Gypsy Bride:

The Gypsy's Bride Jean Rattay, 2013-08-06 In the England of 1218 King John is dead and his young son is on the throne guided by the aging William Marshall of England All of the vast domains of Johns father on the Continent have been lost and the rebellious barons are held to a fragile truce It is very much a mans world When Elise of Debouchet defies the step uncle who has laid claim to her estates and refuses to marry any of the men he chooses he gives her an ultimatum You do not need your eyes to speak the vows or get an heir You will do as I say or I will have your eyes put out Elise says she would rather marry any man than the one before her Her uncle counters with The next man through the gate will be your husband be he prince or serf Elise agrees because she doesnt want to be blinded Her uncle has taken her mother and younger sister hostage and she needs time to find some clue as to where he holds them When Louis of Kirkfield a Romani merchant walks over the bridge and through the gate of the closest castle his only thought is to buy a horse to replace his lame packhorse He is overwhelmed by four brawny men and badly beaten then forced to say vows before a priest He and his new bride are thrown into a tower room The door is barred against escape Louis does escape and comes back with an army But Elises mother and sister cannot be located and they follow the trail to France and her grandmother The more they know the more they find out the bigger the scheme becomes and they are now searching for a double agent a money lender a lawyer and an assassin The wealthy young bride and her gypsy must follow the trails and learn to work together to make their marriage work and therein lies the tale
