Infantry Jeremy Black, 2025-06-30 Explores the history of infantry from ancient conflict to modern warfare examining its roles development and impact in both combat and political contexts The infantryman always bears the brunt according to Field Marshal Wavell in 1945 The Poor Bloody Infantry The Grunts on the Ground the infantry have often been seen as the humble indeed shunned relations of others from cavalry to tanks This book is their story one from the dawn of human conflict to the present day a study that looks round the world to consider fighting weaponry recruitment contexts and impact Infantry as the shock of assault as well as firepower as the force in state to state conflict and in civil warfare in symmetrical and asymmetrical warfare are considered as are the different accounts of development that are offered Central to the military and to combat infantry has also served many non combat roles notably as the arm of government Indeed infantry can be crucial to political history and nation building from coups to iconic battles

*War and Technology* Jeremy Black, 2013-08-20 A scholarly overview of military technology throughout history starting roughly in the 15th century and extending into the future insightful Publishers Weekly In this engaging book Jeremy Black argues that technology neither acts as an independent variable nor operates without major limitations This includes its capacity to obtain end results as technology's impact is far from simple and its pathways are by no means clear After considering such key conceptual points Black discusses important technological advances in weaponry and power projection from sailing warships to aircraft carriers muskets to tanks balloons to unmanned drones in each case taking into account what difference these advances made He addresses not only firepower but also power projection and technologies of logistics command and control Examining military technologies in their historical context and the present centered on the Revolution in Military Affairs and Military Transformation Black then forecasts possible future trends Clear concise and thoughtful An eminently readable synthesis of historical literature on technology and war John France author of *Perilous Glory The Rise of Western Military Power* An interesting thought provoking work by a major military historian whose depth and wide range of knowledge across the entire sweep of world military history is without parallel Those who read this book closely will be richly rewarded for it is a mine of useful information and grist for discussion Spencer C Tucker author of *The European Powers in the First World War* A most useful introduction to a very complex subject and particularly valuable for its notes and references to other works Provocative and vigorously argued Highly recommended Choice

**Medieval Military Combat**

Tom Lewis,2021-04-16 A concise and entertaining explanation of how other accounts and popular culture such as films have misrepresented medieval warfare We don t know how medieval soldiers fought Did they just walk forward in their armor smashing each other with their maces and poleaxes for hours on end as depicted on film and in programs such as Game of Thrones They could not have done so It is impossible to fight in such a manner for more than several minutes as exhaustion becomes a preventative factor Indeed we know more of how the Roman and Greek armies fought than we do of the 1300 to 1550 period So how did medieval soldiers in the War of the Roses and in the infantry sections of battles such as Agincourt and Towton carry out their grim work Medieval Military Combat shows for the first time the techniques of such battles It also breaks new ground in establishing medieval battle numbers as highly exaggerated and that we need to look again at the accounts of actions such as the famous Battle of Towton which this work uses as a basic for its overall study Noble Ideals and Bloody Realities Niall Christie,Maya Yazigi,2006-04-01 The contributions presented in this volume address several issues related to the topic of medieval warfare from a variety of disciplinary perspectives and examining a number of geographical regions The contributors analyze social and economic issues military strategy technological and medical developments ideology and rhetoric and address warfare in Europe the Byzantine Empire and the Muslim world In three parts the contributors explore warfare in theory warfare in practice and warfare as perceived through medieval and modern historiography In doing so they present a number of engaging case studies that will be of use to students and scholars interested in warfare and its effects on medieval society

The Top Books of the Year Hafted Weapons In Medieval And Renaibance Europe The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have enthralled audiences this year. Hafted Weapons In Medieval And Renaibance Europe : Colleen Hoovers "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Hafted Weapons In Medieval And Renaibance Europe : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
