George Orwell's 1984 which tells us about the dangers of totalitarianism has become one of the most famous dystopias of the 20th century along with Mikhail Zamyatin's *Us*, Aldous Huxley's *Brave New World* and Ray Bradbury's *Fahrenheit 451*. What would happen if the establishment became obsessed with ideas of fascism and dictatorship? What would society look like if the government demanded absolute submission from its citizens? What disaster could unfold in a world like this? The fable/parable *Animal Farm* is full of bitter sarcasm and political satire. Those living on the farm represent the worst human vices and the farm itself becomes the symbol of totalitarian society. How will they survive? The animals being prepared for the slaughter.
