Season of The Monster

AJ Humphreys, 2022-08-11 Jeannie Freeman's disappearance during the Rapid City Middle School's field trip into the neighboring Black Hills of South Dakota was the local tragedy of the decade. Six months later, Detective Dakota Dak Johnson unearthed a nightmarish Pandora's box burrowed into the heart of this mystery. He brought the discovery to the girl's mother, Ghini Freeman, a woman who would sacrifice the world for one more singular moment with her little girl. Could monsters be to blame for her daughter's abduction? Ghini doesn't want to believe it. Unfortunately, such beliefs are starting to look like a luxury as more disappearances occur around Ghini's small mountain town. You thought you knew about monsters, but you don't know about the Queen of them all. She and her progeny are the originators of the entire monster mythos. And they walk amongst us all in the daylight. They are The Vespids.

Misled by a Monster Marco May, Mitch has never quite fit in. He's always felt different somehow, though he could never put his finger on it. When he meets Stan, a strange and mysterious man, he feels an instant attraction and like someone finally truly understands him. The allure of Stan is so powerful and all-consuming that Mitch soon packs up and leaves everyone behind to move in with Mitch in his rural community. But once ensconced there and separated from everything he used to know, Stan changes. And Mitch is trapped. And there are strange things going on around him, otherworldly things. Stan's twin brother Wes seems to be Mitch's only hope of escape and of love. For where Stan is evil, Wes is good. Will Mitch be stuck in misery with Stan, or is there hope for him and happiness with Wes? The secrets soon spill, and the truth comes out. And the most shocking revelation of all for Mitch: He might not be quite human himself.
