Sir Francis Drake and his crew have reached the edge of the world and Godzilla lives there Rather than fear this monstrous dragon however the expedition s resident scoundrel Henry Hull sees opportunity He believes that the pirate who was last in possession of a great treasure passed by the desert island that Godzilla seemingly protects and what better place to hide a fortune than one guarded by a creature most would be too cowardly to go near But Hull doesn t have time to plot his own expedition to liberate the treasure before the Spanish Armada arrives Legends meet in this fantastical historical tale from writer Frank Tieri Absolute Carnage vs Deadpool and Inaki Miranda We Live the creative team behind Old Lady Harley

Back in the pirate days the scoundrels and villains that sailed the seas learned of dangers and rewards through shared knowledge but few dared speak of the existence of a mysterious island full of monsters and hidden treasure And the sailors under Sir Francis Drake and the British Navy are starting to wonder why Have Drake and the Queen been conspiring to keep the treasure for themselves the whole time Or is the dragon just too frightful to dare make a go for it Learn more about how Captain Cortez Blanco initially ended up sailing far beyond the boundaries of the known world starting off this whole race toward glory in the first place and what perils lie between civilization and the home of the one and only Godzilla Hint It s super scary giant sea turtles [The Gods of War - Here There Be Dragons](#) Rachel Redhead,2015-05-04
