Elena Garzone,Dermot Heaney,Giorgia Riboni,2017-01-06 This volume brings together work by both well known scholars and emerging researchers in the various areas of Language for Specific Purposes LSP such as political legal medical and business discourse The volume is divided into three parts in order to align rather than separate three different but related aspects of LSP namely translation linguistic research and domain specific communication on the web Underlying all the contributions here is the growing awareness of the ever increasing multiformity of specialised communication and the ever wider social implications of the communicative situations in which it is embedded especially where it involves the need to move across

languages cultures and modes as in translation and interpreting The contributions consistently bear witness to the need to review received notions pose new questions and explore fresh perspectives The picture that emerges is one of extreme complexity in which researchers into specifically linguistic aspects of LSPs and their translation across languages and media declare their awareness of the pressing need to come to terms with a wide range of social pragmatic intercultural and political factors above and beyond socio technical knowledge of the domains under investigation **Here's to You!**

Marianne Rachel Sanua, 1998 In the late 1800s an increasingly dominant fixture of student life on college campuses was the fraternity groups of like minded individuals who banded together based on Greek intellectual and social ideals One such society was Zeta Beta Tau founded by Dr Richard James Horatio Gottheil and fourteen charter members at Columbia University in 1898 as a forum where young Jewish men could discuss their faith enhance pride in their heritage and embrace the ideals of the Zionist movement In this study Marianne Sanua follows the evolution of the fraternity from its rabbinic roots to its contemporary non sectarianism and shows how ZBT s social opportunities hitherto denied its members in the non Jewish world were a means of proving first on the college campus and later to all the world that young Jewish men could be the equal of their best Gentile counterparts in achievement behavior and gentlemanly bearing In chronicling ZBT however

Sanua also examines broader issues like anti-Semitism Zionism assimilation the presence of Jews in academe and the changing goals and expectations of generations of the fraternity's members **Here's to the Gods** Austin Parker, 1923
