Heroic Mockery Variations On Epic Themes From Homer To Joyce

Judith Yarnall

Heroic Mockery Variations On Epic Themes From Homer To Joyce:

Heroic Mockery George deForest Lord,1977 This study demonstrates that the comic mode in the epic and in some outstanding plays and novels is inseparable from their high seriousness Dr Lord takes into account the fact that in many of the greatest works in Western literature the heroic mockery of serious themes transcends the distinction between the tragic and the comic and are in fact related to each other *The Cambridge Companion to the Epic* Catherine Bates,2010-04-22 This Companion surveys over four thousand years of epic poetry in a series of accessible essays *The Idea of Epic* J. B. Hainsworth,2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1991 *Satiric Inheritance* Michael A. Seidel,2015-03-08 Arguing that satiric potential is latent in virtually all dispensation succession and inheritance narratives Michael Seidel suggests a new and comprehensive understanding of satire s place in the more general context of narrative theory The notion of inheritance shares with traditional narrative action the need to transmit and preserve form Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *James Joyce* Thomas Jackson Rice,2015-12-22 James Joyce A Guide to Research first published in 1982 is a selective annotated bibliography of works by and about James Joyce It consists of three parts the primary bibliography which includes separate bibliographies of Joyce s major works of scholarly editions or collections of his works of his letters and of concordances to his works the secondary bibliography which includes bibliographies of bibliographical biographical and critical works concerning Joyce generally or his individual works and major foreign language studies This title will be of interest to students of literature *The Return of Ulysses* Edith Hall,2008-01-30 Whether they focus on the bewitching song of the Sirens his cunning escape from the cave of the terrifying one eyed Cyclops or the vengeful slaying of the suitors of his beautiful wife Penelope the stirring adventures of Ulysses Odysseus are amongst the most durable in human culture The picaresque return of the wandering pirate king is one of the most popular texts of all time crossing East West divides and inspiring poets and film makers worldwide But why over three thousand years has the Odyssey s appeal proved so remarkably resilient and long lasting In her much praised book Edith Hall explains the enduring fascination of Homer s epic in terms of its extraordinary susceptibility to adaptation Not only has the story reflected a myriad of different agendas but from the tragedies of classical Athens to modern detective fiction film travelogue and opera it has seemed perhaps uniquely

fertile in generating new artistic forms Cultural texts as diverse as Joyce's *Ulysses* Suzanne Vega's *Calypso* Monteverdi's *Il Ritorno d'Ulisse in Patria* the Coen Brothers' *O Brother Where Art Thou* Daniel Vigne's *Le Retour de Martin Guerre* and Anthony Minghella's *Cold Mountain* all show that Odysseus is truly a versatile hero His travels across the wine-dark Aegean are journeys not just into the mind of one of the most brilliantly creative of all the ancient Greek writers They are as much a voyage beyond the boundaries of a narrative which can plausibly lay claim to being the quintessential global phenomenon

The Oxford History of Classical Reception in English Literature David Hopkins, Charles Martindale, Norman Vance, Rita Copeland, Patrick Cheney, Philip R. Hardie, Jennifer Wallace, 2012 The Oxford History of Classical Reception OHCREL is designed to offer a comprehensive investigation of the numerous and diverse ways in which literary texts of the classical world have stimulated responses and refashioning by English writers Covering the full range of English literature from the early Middle Ages to the present day OHCREL both synthesizes existing scholarship and presents cutting-edge new research employing an international team of expert contributors for each of the five volumes OHCREL endeavours to interrogate rather than inertly reiterate conventional assumptions about literary periods the processes of canon formation and the relations between literary and non-literary discourse It conceives of reception as a complex process of dialogic exchange and rather than offering large cultural generalizations it engages in close critical analysis of literary texts It explores in detail the ways in which English writers' engagement with classical literature casts as much light on the classical originals as it does on the English writers' own cultural context This second volume and third to appear in the series covers the years 1558-1660 and explores the reception of the ancient genres and authors in English Renaissance literature engaging with the major and many of the minor writers of the period including Shakespeare Marlowe Spenser and Jonson Separate chapters examine the Renaissance institutions and contexts which shape the reception of antiquity and an annotated bibliography provides substantial material for further reading

The Oxford History of Classical Reception in English Literature Patrick Cheney, Philip Hardie, 2015-10-29 The Oxford History of Classical Reception OHCREL is designed to offer a comprehensive investigation of the numerous and diverse ways in which literary texts of the classical world have stimulated responses and refashioning by English writers Covering the full range of English literature from the early Middle Ages to the present day OHCREL both synthesizes existing scholarship and presents cutting-edge new research employing an international team of expert contributors for each of the five volumes OHCREL endeavours to interrogate rather than inertly reiterate conventional assumptions about literary periods the processes of canon formation and the relations between literary and non-literary discourse It conceives of reception as a complex process of dialogic exchange and rather than offering large cultural generalizations it engages in close critical analysis of literary texts It explores in detail the ways in which English writers' engagement with classical literature casts as much light on the classical originals as it does on the English writers' own cultural context This second volume and third to appear in the series covers the years 1558-1660 and explores the reception

of the ancient genres and authors in English Renaissance literature engaging with the major and many of the minor writers of the period including Shakespeare Marlowe Spenser and Jonson Separate chapters examine the Renaissance institutions and contexts which shape the reception of antiquity and an annotated bibliography provides substantial material for further reading

Desperate Storytelling Roger B. Salomon, 2008-07-01 Desperate Storytelling demonstrates how writers from Byron to Saul Bellow have embraced Cervantes's vision of the artist as creative exile born to tell tales of valor and nobility yet doomed to recognize the world's banal reality Forced to portray adventure in a reductive voice these writers have immersed heroism in madness and narrative in mockery Their fictions reflect an awareness of life's absurdities yet a refusal to forsake the ideal Reassessing the post Romantic literary consciousness Roger B Salomon explores the many permutations of the mock heroic mode the complex aesthetic instrument brought into being by Cervantes one by which a writer takes on a dual role as both nostalgic creator and ironic critic The mock hero is almost by definition an outdated one aligning his deepest emotional attachments to dead mythologies and forgotten codes of ethics he is an alienated figure in a landscape hostile to the possibility of any kind of attainment Just as Don Quixote's noble madness in an ignoble age invites both sympathy and derision so later incarnations of the mock hero immerse the reader in a dialogue between the real and a faded ideal between the sensible and the admirable Describing a literary mode that joins heroic endeavor with its deflating results Desperate Storytelling traces the adventures of literature's misplaced heroes from Nabokov's Berlin to Saul Bellow's Chicago from James Joyce's Dublin to Mark Twain's Mississippi

Performance, Iconography, Reception Martin Revermann, Peter Wilson, 2008-08-14 Performance Reception Iconography assembles twenty three papers from an international group of scholars who engage with and develop the seminal work of Oliver Taplin Oliver Taplin has for over three decades been at the forefront of innovation in the study of Greek literature and of the Greek theatre tragic and comic in particular The studies in this volume centre on three key areas the performance of Greek literature the interactions between literature and the visual realm of iconography and the reception and appropriation of Greek literature and of Greek culture more widely in subsequent historical periods

Transformations of Circe Judith Yarnall, 1994 Beginning with a detailed study of Homer's balance of negative and positive elements in the Circe Odysseus myth Judith Yarnall employs text and illustrations to demonstrate how Homer's Circe is connected with age old traditions of goddess worship She then examines how the image of a one sided witch who first appeared in the commentary of Homer's allegorical interpreters proved remarkably persistent influencing Virgil and Ovid Yarnall concludes with a discussion of work by Margaret Atwood and Eudora Welty in which the enchantress at last speaks in her own voice that of a woman isolated by but unashamed of her power

Satire and the Transformation of Genre Leon Guilhamet, 2016-11-11 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 100 titles from Penn Press's distinguished backlist from 1899-1999 that had fallen out of print Spanning an entire century the

Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas

The Literature of Satire

Charles A. Knight, 2004-02-12 The Literature of Satire is an accessible but sophisticated and wide ranging study of satire from the classics to the present in plays novels and the press as well as in verse In it Charles Knight analyses the rhetorical problems created by satire s complex relations to its community and examines how it exploits the genres it borrows He argues that satire derives from an awareness of the differences between appearance ideas and discourse Knight provides illuminating readings of such satirists familiar and unfamiliar as Horace Lucian Jonson Moli re Swift Pope Byron Flaubert Ostrovsky Kundera and Rushdie This broad ranging examination sheds light on the nature and functions of satire as a mode of writing as well as on theoretical approaches to it It will be of interest to scholars interested in literary theory as well as those specifically interested in satire

Changing satire Cecilia Rosengren, Per Sivefors, Rikard Wingård, 2022-04-12 This edited collection brings together literary scholars and art historians and maps how satire became a less genre driven and increasingly visual medium in the seventeenth through the early nineteenth century Changing satire demonstrates how satire proliferated in various formats and discusses a wide range of material from canonical authors like Swift to little known manuscript sources and prints As the book emphasises satire was a frame of reference for well known authors and artists ranging from Milton to Bernini and Goya It was moreover a broad European phenomenon while the book focuses on English satire it also considers France Italy The Netherlands and Spain and discusses how satirical texts and artwork could move between countries and languages In its wide sweep across time and formats Changing satire brings out the importance that satire had as a transgressor of borders

Sporting with the Classics Estelle Haan, 2010 Focuses on the original Latin poetry of William Dillingham a 17th cent editor and Vice Chancellor of Cambridge Univ It does so in an attempt to disprove claims that Dillingham s talent lay in criticism rather than in original composition and that his Latin verse shows his complete independence of the old school of classical imitation This study highlights both the classical and the contemporary intertexts with which this hitherto neglected poetry engages This highly talented verse sports with the classics in several ways first in its self consciously interaction with the Latin poets Virgil and Ovid second in its appropriation of a classical world and its linguistic medium to describe such 17th cent sports or pastimes as bowling horticulture and bell ringing

Homer and the Question of Strife from Erasmus to Hobbes Jessica Wolfe, 2015-09-15 From antiquity through the Renaissance Homer s epic poems the Iliad the Odyssey and the various mock epics incorrectly ascribed to him served as a lens through which readers translators and writers interpreted contemporary conflicts They looked to Homer for wisdom about the danger and the value of strife embracing his works as a mythographic shorthand with which to describe and interpret the era s intellectual political and theological struggles Homer and the Question of Strife from Erasmus to Hobbes elegantly exposes the ways in which writers and thinkers as varied as Erasmus Rabelais Spenser Milton and Hobbes presented Homer as a great champion of conflict or its most eloquent critic Jessica Wolfe weaves together an exceptional range of sources including

manuscript commentaries early modern marginalia philosophical and political treatises and the visual arts Wolfe's transnational and multilingual study is a landmark work in the study of classical reception that has a great deal to offer to anyone examining the literary political and intellectual life of early modern Europe *Shakespeare on Masculinity* Robin Headlam Wells, 2000-12-21 Reviews Shakespeare's view of masculinity through *The Tempest* *Hamlet* *Othello* *Macbeth* and others *Empire Between the Lines* Elizabeth Stice, 2023-06 Although the Great War was sparked and fueled by nationalism it was ultimately a struggle between empires The shots fired in Sarajevo mobilized citizens and subjects across far flung continents that were connected by European empires This imperial experience of the Great War influenced European soldiers ideas about the conflict leading them to reimagine empires and their places with them and eventually reshaping imperial cultures In *Empire between the Lines* Elizabeth Stice analyzes stories poetry plays and cartoons in British and French trench newspapers to demonstrate how British and French soldiers experienced and envisioned empires through the war and the war through empire By establishing the imperial context for European soldiers and exploring representations of colonial troops depictions of non European campaigns and descriptions of the German enemy Stice argues that while certain narratives from prewar imperial culture persisted the experience of the war also created new competing narratives about empire and colonized peoples *Empire between the Lines* is the first study of its kind to consult British and French newspapers together offering an innovative lens for viewing the public discourse of the trenches By interrogating the relationship between British and French soldiers and empire during the war Stice increases our understanding of the worldview of ordinary men in extraordinary times *Milton and Questions of History* Mary Ellen Nyquist, Feisal Gharib Mohamed, Mary Nyquist, 2012-01-01 *Milton and Questions of History* considers the contribution of several classic studies of Milton written by Canadians in the twentieth century It contemplates whether these might be termed a coherent school of Milton studies in Canada and it explores how these concerns might intervene in current critical and scholarly debates on Milton and more broadly on historicist criticism in its relationship to renewed interest in literary form The volume opens with a selection of seminal articles by noted scholars including Northrop Frye Hugh McCallum Douglas Bush Ernest Sirluck and A S P Woodhouse Subsequent essays engage and contextualize these works while incorporating fresh intellectual concerns The Introduction and Afterword frame the contents so that they constitute a dialogue between past and present critical studies of Milton by Canadian scholars **Theories of Play and Postmodern Fiction** Brian Edwards, 2013-05-13 Drawing on developments in critical theory and postmodernist fiction this study makes an important contribution to the appreciation of playforms in language texts and cultural practices Tracing trajectories in theories of play and game and with particular attention to the writings of Nietzsche Wittgenstein Bakhtin and Derrida the author argues that the concept of play provides perspectives on language and communication processes useful both for analysis of literary texts and also for understanding the interactive nature of constructions of knowledge Exploring manifestations of game and play throughout the history of

Western culture from Plato to Pynchon this study traces developments in 20th century cultural and literary theory of ideas about play in the writings of Johan Huizinga Roger Caillois Jacques Ehrmann Bernard Suits James Hans Mihai Spariosu and Robert Rawdon Wilson The author emphasizes post structuralist developments with specific attention to deconstruction and reception theory and argues that deconstruction makes the most significant recent contribution to play theory in its application to language and to literature The work also explores the modes and effects of playforms in particular examples of postmodernist fiction With attention to major works from Thomas Pynchon Gravity's Rainbow John Barth LETTERS Robert Kroetsch What the Crow Said Angela Carter Nights at the Circus and Peter Carey Illywhacker Edwards acknowledges and deconstructs such basic oppositions as play and seriousness fiction and truth difference and identity to explore the literature's cultural political significance Seeking to affirm the fiction's continuing social relevance the readings presented in this book place play irresistibly at the heartland of language meaning and culture

Thank you very much for reading **Heroic Mockery Variations On Epic Themes From Homer To Joyce**. Maybe you have knowledge that, people have look numerous times for their chosen readings like this Heroic Mockery Variations On Epic Themes From Homer To Joyce, but end up in harmful downloads.
