

Hesiod and Classical Greek Poetry

Reception and Transformation in the
Fifth Century BCE

Zoe Stamatopoulou

Hesiod And The Language Of Poetry

Pietro Pucci

Hesiod And The Language Of Poetry:

Hesiod and the Language of Poetry Pietro Pucci, 1977 Hesiod's Theogony Stephen Scully, 2015-08-26 Stephen Scully both offers a reading of Hesiod's Theogony and traces the reception and shadows of this authoritative Greek creation story in Greek and Roman texts up to Milton's own creation myth which sought to soar above the Aonian Mount i.e. the Theogony and justify the ways of God to men Scully also considers the poem in light of Near Eastern creation stories including the Enuma elish and Genesis as well as the most striking of modern scientific myths Freud's Civilization and its Discontents Scully reads Hesiod's poem as a hymn to Zeus and a city state creation myth arguing that Olympus is portrayed as an idealized polity and with but one exception a place of communal harmony This reading informs his study of the Theogony's reception in later writings about polity discord and justice The rich and various story of reception pays particular attention to the long Homeric Hymns Solon the Presocratics Pindar Aeschylus Aristophanes and Plato in the Archaic and Classical periods to the Alexandrian scholars Callimachus Euhemerus and the Stoics in the Hellenistic period to Ovid Apollodorus Lucian a few Church fathers and the Neoplatonists in the Roman period Tracing the poem's reception in the Byzantine medieval and early Renaissance including Petrarch and Erasmus the book ends with a lengthy exploration of Milton's imitations of the poem in Paradise Lost Scully also compares what he considers Hesiod's artful interplay of narrative genealogical lists and keen use of personified abstractions in the Theogony to Homeric narrative techniques and treatment of epic verse *Hesiod* Robert Lamberton, 1988-01-01 The reading of Hesiod offered here does not stress his value as a historical mythological or theological source although these issues are fraught with difficulties that require at least a provisional resolution in order for the poems to be read **The Complete Works of Hesiod** Hesiod, 2017-03-27 Contains all known works by Hesiod Theogony Works and Days Shield of Heracles and Fragments Three works have survived which are attributed to Hesiod by ancient commentators Works and Days Theogony and Shield of Heracles Other works attributed to him are only found now in fragments The surviving works and fragments were all written in the conventional metre and language of epic However the Shield of Heracles is now known to be spurious and probably was written in the sixth century BC Many ancient critics also rejected Theogony e.g. Pausanias 9.31.3 even though Hesiod mentions himself by name in that poem Theogony and Works and Days might be very different in subject matter but they share a distinctive language meter and prosody that subtly distinguish them from Homer's work and from the Shield of Heracles see Hesiod's Greek below Moreover they both refer to the same version of the Prometheus myth Yet even these authentic poems may include interpolations For example the first ten verses of the Works and Days may have been borrowed from an Orphic hymn to Zeus they were recognized as not the work of Hesiod by critics as ancient as Pausanias Some scholars have detected a proto-historical perspective in Hesiod a view rejected by Paul Cartledge for example on the grounds that Hesiod advocates a not-forgetting without any attempt at verification Hesiod has also been considered the father of gnomic verse He had a passion for systematizing and explaining

things Ancient Greek poetry in general had strong philosophical tendencies and Hesiod like Homer demonstrates a deep interest in a wide range of philosophical issues from the nature of divine justice to the beginnings of human society Aristotle Metaphysics 983b 987a believed that the question of first causes may even have started with Hesiod Theogony 116 53 and Homer Iliad 14 201 246 He viewed the world from outside the charmed circle of aristocratic rulers protesting against their injustices in a tone of voice that has been described as having a grumpy quality redeemed by a gaunt dignity but as stated in the biography section he could also change to suit the audience This ambivalence appears to underlie his presentation of human history in Works and Days where he depicts a golden period when life was easy and good followed by a steady decline in behavior and happiness through the silver bronze and Iron Ages except that he inserts a heroic age between the last two representing its warlike men as better than their bronze predecessors He seems in this case to be catering to two different worldviews one epic and aristocratic the other unsympathetic to the heroic traditions of the aristocracy

The Poems of Hesiod Hesiod, 2017-08 The Theogony is one of the most important mythical texts to survive from antiquity and we devote the first section to it It tells of the creation of the present world order under the rule of almighty Zeus The Works and Days in the second section describes a bitter dispute between Hesiod and his brother over the disposition of their father's property a theme that allows Hesiod to range widely over issues of right and wrong The Shield of Heracles whose centerpiece is a long description of a work of art is not by Hesiod at least most of it but it was always attributed to him in antiquity It is Hesiodic in style and has always formed part of the Hesiodic corpus It makes up the third section of this book Provided by publisher

The Works of Hesiod Hesiod, 2017-02-06 The Works of Hesiod by Hesiod Hesiod was a Greek poet generally thought by scholars to have been active between 750 and 650 BC around the same time as Homer Three works have survived which are attributed to Hesiod by ancient commentators Works and Days Theogony and Shield of Heracles Other works attributed to him are only found now in fragments The surviving works and fragments were all written in the conventional metre and language of epic However the Shield of Heracles is now known to be spurious and probably was written in the sixth century BC Many ancient critics also rejected Theogony even though Hesiod mentions himself by name in that poem Theogony and Works and Days might be very different in subject matter but they share a distinctive language metre and prosody that subtly distinguish them from Homer's work and from the Shield of Heracles Moreover they both refer to the same version of the Prometheus myth Yet even these authentic poems may include interpolations For example the first ten verses of the Works and Days may have been borrowed from an Orphic hymn to Zeus they were recognised as not the work of Hesiod by critics as ancient as Pausanias

Brill's Companion to Hesiod Franco Montanari, Chr. Tsagalis, Antonios Rengakos, 2009-09-15 This is the first full scale companion on Hesiod to appear in English The twelve contributions included in this volume cover a wide range of aspects of Hesiodic poetry such as the relation between Hesiod and the literary traditions of the Near East and the entire span of works comprising the Hesiodic corpus from the Theogony and the Works and Days to the Melampodia and the

Aigimios They also explore the language style poetics and narrative art of Hesiod as well as his influence on Hellenistic and Roman poetry but also his reception by the ancient biographical traditions and scholia The aim of this volume is to supply all those interested in Greek poetry with an up to date and comprehensive overview of scholarly approaches to Hesiod and various other works which have come down to us under his name

The Cambridge History of Classical Literature: Volume 1, Greek Literature P. E. Easterling, Bernard Knox, 1985-05-09 This volume looks at literature of the Hellenistic period

Dissonance Sean Alexander Gurd, 2016-07-01 In the four centuries leading up to the death of Euripides Greek singers poets and theorists delved deeply into auditory experience They charted its capacity to develop topologies distinct from those of the other senses contemplated its use as a communicator of information calculated its power to express and cause extreme emotion They made sound too artfully and self consciously creating songs and poems that reveled in sonorousness Dissonance reveals the commonalities between ancient Greek auditory art and the concerns of contemporary sound studies avant garde music and aesthetics making the argument that classical Greek song and drama were in fact an early European avant garde a proto exploration of the aesthetics of noise The book thus develops an alternative to that romantic ideal which sees antiquity as a frozen and silent world

Farming and Poetry in Hesiod's Works and Days Maria S. Marsilio, 2000-06-14 This book fills a void in classical scholarship with its treatment of the interplay between farming and poetry in Hesiod's poem and in later Greek poetry Its accessibility to those unfamiliar with ancient Greek is heightened by the translations of Greek words and phrases along with an introduction aimed at the non specialist yet the book deals masterfully with semantics and parallels within Greek poetics in order to reveal the interconnectedness of Hesiod's Almanac and moral themes Farming and Poetry in Hesiod's Works and Days will be of interest to classical scholars and the general reader interested in Greek poetics

History of Greek Literature Albrecht Dihle, 2013-04-15 The bibliography has been specially revised for the use of English speaking readers Very well respected author Textbook wide appeal to students Covers subjects that everyone doing Greek literature courses has to cover

The Genres of Late Antique Christian Poetry Fotini Hadjittofi, Anna Lefteratou, 2020-10-12 Classicizing Christian poetry has largely been neglected by literary scholars but has recently been receiving growing attention especially the poetry written in Latin One of the objectives of this volume is to redress the balance by allowing more space to discussions of Greek Christian poetry The contributions collected here ask how Christian poets engage with and are conscious of the double reliance of their poetry on two separate systems on the one hand the classical poetic models and on the other the various genres and sub genres of Christian prose Keeping in mind the different settings of the Greek speaking East and the Latin speaking West the contributions seek to understand the impact of historical setting on genre the influence of the paideia shared by authors and audiences and the continued relevance of traditional categories of literary genre While our immediate focus is genre most of the contributions also engage with the ideological ramifications of the transposition of Christian themes into classicizing literature This volume offers important and

original case studies on the reception and appropriation of the classical past and its literary forms by Christian poetry

A History of Greek Literature Albrecht Dihle, 1994 The most up to date history of Greek literature from its Homeric origins to the age of Augustus This magisterial survey by one of the leading European authorities on classical literature is establishing itself as the standard account

The Oxford Handbook of Hesiod Alexander Loney, Stephen Scully, 2018-07-26 This volume brings together 29 junior and senior scholars to discuss aspects of Hesiod's poetry and its milieu and to explore questions of reception over two and half millennia from shortly after the poems conception to Twitter hashtags Rather than an exhaustive study of Hesiodic themes the Handbook is conceived as a guide through terrain some familiar other less charted examining both Hesiodic craft and later engagements with Hesiod's stories of the gods and moralizing proscriptions of just human behavior The volume opens with the Hesiodic Question to address questions of authorship historicity and the nature of composition of Hesiod's two major poems the Theogony and Works and Days Subsequent chapters on the archaeology and economic history of archaic Boiotia Indo European poetics and Hesiodic style offer a critical picture of the sorts of questions that have been asked rather than an attempt to resolve debate Other chapters discuss Hesiod's particular rendering of the supernatural and the performative nature of the Works and Days as well as competing diachronic and synchronic temporalities and varying portrayals of female in the two poems The rich story of reception ranges from Solon to comic books These chapters continue to explore the nature of Hesiod's poetics as different writers through time single out new aspects of his art less evident to earlier readers Long before the advent of Christianity classical writers leveled their criticism at Hesiod's version of polytheism The relative importance of Hesiod's two major poems across time also tells us a tale of the age receiving the poems In the past two centuries artists and writers have come to embrace the Hesiodic stories for themselves for the insight they offer of the human condition but even as old allegory looks quaint to modern eyes new forms of allegory take form

Re-appropriating "Marvelous Fables" Noel Pretila, 2013-10-17 Edwin Hatch provided a colorful portrait of the religious world to which Justin Martyr belonged The main subject matter of literary education amongst the pagans was the poets They were read as we read the Bible They were committed to memory The minds of men were saturated with them A quotation from Homer or from a tragic poet was apposite on all occasions and in every kind of society The Influence of Greek Ideas on Christianity 1957 So when some of these pagans converted to Christianity in Justin's day is it reasonable to assume that they simply forgot these mythical narratives in which they had been reared from childhood Re appropriating Marvelous Fables sets out to argue that this was hardly the case Rather Justin in 1 Apology can be seen taking full advantage of this mythical framework that still loomed large in the minds of fledgling Christian believers and students in his care masterfully re appropriating this popular form of religious discourse for the purpose of solidifying their newfound faith

A History of Ancient Greek Anastasios-Phoivos Christidēs, Maria Arapopoulou, Maria Chritē, 2007-01-11 Publisher description

Criticism of Didactic Poetry Alexander Dalzell, 1996-01-01 Dalzell presents three of the major didactic poems in the

classical canon the De rerum natura of Lucretius the Georgics of Virgil and the Ars amatoria of Ovid and considers what tools are available for their understanding Pandora's Senses Vered Lev Kenaan, 2008-02-05 The notorious image of Pandora haunts mythology a woman created as punishment for the crimes of man she is the bearer of hope yet also responsible for the earth's desolation She binds together perpetuating dichotomies that underlie the most fundamental aspects of the Western canon beauty and evil body and soul depth and superficiality truth and lie Speaking in multiplicity Pandora emerges as the first sign of female complexity In this compelling study Vered Lev Kenaan offers a radical revision of the Greek myth of the first woman She argues that Pandora leaves a decisive mark on ancient poetics and shows that we can unravel the profound impact of Pandora's image once we recognize that Pandora embodies the very idea of the ancient literary text Locating the myth of the first woman right at the heart of feminist interrogation of gender and textuality Pandora's Senses moves beyond a feminist critique of masculine hegemony and shows the centrality of this iconic figure among the poetics of such central genres as the cosmological and didactic epic the Platonic dialogue the love elegy and the ancient novel Pandora's Senses innovates our understanding of gender as a critical lens through which to view ancient literature **History of the Literature of Ancient Greece** Karl Otfried Müller, 1847 *History of the literature of Ancient Greece. By K. O. Müller. Vol. 1, vol. 2. pt. 1-4. [Translated from the German MS. by G. C. Lewis.]* Carl Otfried MUELLER, 1840
