## **Hesse A Collection Of Critical Essays:**

Hesse Theodore Ziolkowski, 1973     **Hesse; a Collection of Critical Essays. Compiled and** Theodore Ziolkowski (comp), 1973     *Research in Education* , 1974     Resources in Education , 1974     **Hermann Hesse's Fictions of the Self** Eugene L. Stelzig, 2014-07-14 This masterful synthesis of criticism and biography surveys all of Hermann Hesse's major works and many of his minor ones in relation to the intricate psychological design of his entire life history Eugene Stelzig examines what it means to be an autobiographical writer by considering Hesse's fictions of the self as an exemplary instance of the relationship between life and art and between biography and autobiography In a graceful and inviting style he frees this major confessional writer from the confines of German culture and the status of cult figure of the 1960s and situates him in the tradition of world literature and in a variety of literary psychological philosophical and religious contexts Three introductory chapters on autobiography and Hesse set the stage for a chronological study Then follows a penetrating analysis of the balance between biographical fact and confessional fantasy in Hesse's long career from the failed autobiography of his first literary success *Beneath the Wheel* through the protracted midlife crisis of the grotesque *Steppenwolf* period to the visionary autobiography of his magisterial fictional finale *The Glass Bead Game* Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905     Hermann Hesse's Global Impact Oscar Von Seth, 2024 A timely collection of new essays arguing for the continuing relevance and impact of Hesse's works around the world Hermann Hesse remains one of the great figures of world literature He is the world's 35th most translated author with more than 1 500 translations of his works currently listed on UNESCO's Index Translatorium Our understanding of the reciprocal transcultural reception of literature has been radically transformed in the last two decades starting with David Damrosch's *What is World Literature* 2003 Meanwhile some forty years have passed since Martin Pfeifer's anthology *Hermann Hesses weltweite Wirkung Hermann Hesse's Worldwide Impact* was published which means it is time to consider Hesse's global impact again though not in terms of a country by country study Rather this book explores Hesse's continuing global relevance more broadly Hesse is global in the sense that his themes touch on the non material side of human existence in a way that readers in different cultural communities respond to His prose and poetry offer an oasis of calm authenticity and spirituality a mental terrain of profound and genuine meaning The present collection of new essays argues that this spiritual capital may help readers of Hesse in uncertain times beyond the doctrines of organized religions or ideologies assisting them in inhabiting creatively both the world of literature and the visceral world of the early 21st century Edited by Ingo Cornils and Neale Cunningham Contributors Flavia Arzeni Zhan

**English Language Criticism on the Foreign Novel: 1965-1975**, 1989 Critical interest in foreign novels especially the Latin American and African novel has burgeoned in the past two decades The purpose of this reference bibliography is to provide easier access to the criticism produced from 1965 to 1975 on novels published in Africa Latin America Europe Asia Canada Australia and the middle East A second volume will cover criticism between 1976 and 1985 Throughout this work the term foreign novel includes novels and other longer works of fiction produced in all countries other than the United States and the United Kingdom Coverage ranges in time of writing from Apuleius *Metamorphosis* first century A D and Murasaki's *Tale of Genji* 11th century to Garcia Marquez's *100 Years of Solitude* 1967 and Margaret Atwood's *Surfacing* 1972 The 277 journals chosen primarily because of their wide circulation and 584 books indexed for relevant material contribute to the 13 000 bibliographic citations on 1 500 authors This is a reference tool which is surely essential for any library or world literature scholar

**Writers Directory NA** NA,2016-03-05

**The Artist and Political Vision** Benjamin R. Barber,Michael J. Gargas McGrath, Art and politics are often regarded as denizens of different realms but few artists have been comfortable with the notion of a purely aesthetic definition of art The artist has a public and thus political vision of the world interpreted by his art no less than the statesman and the legislator have a creative vision of the world they wish to make The sixteen original essays in this volume bear eloquent witness to this interpenetration of art and politics Each confronts the intersection of the aesthetic and the social each is concerned with the interface of poetic vision and political vision of reflection and action They take art in the broadest sense ranging over poets dramatists novelists essayists and filmmakers Their focus is on art and its political dilemmas not simply on the artist They consider the issues raised for politics and culture by alienation violence modernization technology democracy progress and revolution And they debate the capacity of art to stimulate social change and incite revolution the temptations of social control of culture and of political censorship the uncertain relationship between art and history the impact of economic structure on artistic creation and of economic class on artistic product the common ground between art and legislation and between creativity and control

Encyclopedia of German Literature Matthias Konzett,2015-05-11 Designed to provide English readers of German literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the *Encyclopedia of German Literature* includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition Drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in German literature culture and history and society In addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical

editions and English language translations All entries conclude with a list of further readings     Dostoevsky and the Affirmation of Life Predrag Cicovacki, 2017-07-12 Dostoevsky's philosophy of life is unfolded in this searching analysis of his five greatest works Notes from the Underground Crime and Punishment The Idiot The Possessed and The Brothers Karamazov Predrag Cicovacki deals with a fundamental issue in Dostoevsky's opus neglected by all of his commentators How can we affirm life and preserve a healthy optimism in the face of an increasingly troublesome reality This work displays the vital significance of Dostoevsky's philosophy for understanding the human condition in the twenty first century The main task of this insightful effort is to reconstruct and examine Dostoevsky's aesthetically motivated affirmation of life based on cycles of transgression and restoration If life has no meaning as his central figures claim it is absurd to affirm life and pointless to live Since Dostoevsky's doubts concerning the meaning of life resonate so deeply in our own age of pessimism and relativism the central question of this book whether Dostoevsky can overcome the skepticism of his most brilliant creation is innately relevant This volume includes a thorough literary analysis of Dostoevsky's texts yet even those who have not read all of these novels will find Cicovacki's analysis interesting and enthralling The reader will easily extrapolate Cicovacki's own philosophical interpretation of Dostoevsky's literary heritage     **20th-Century German Novel** Michael T. O'Pecko, Eleanore O. Hofstetter, 1989-11 No descriptive material is available for this title     **Encyclopedia of the Novel** Paul Schellinger, 2014-04-08 The Encyclopedia of the Novel is the first reference book that focuses on the development of the novel throughout the world Entries on individual writers assess the place of that writer within the development of the novel form explaining why and in exactly what ways that writer is important Similarly an entry on an individual novel discusses the importance of that novel not only from analyzing the particular innovations that novel has introduced and the ways in which it has influenced the subsequent course of the genre A wide range of topic entries explore the history criticism theory production dissemination and reception of the novel A very important component of the Encyclopedia of the Novel is its long surveys of development of the novel in various regions of the world     *The Nietzsche Legacy in Germany* Steven E. Aschheim, 1994-02-25 One of the most important works of German and European intellectual history published in years It will be welcomed by intellectual historians as a long overdue history of the multivalent reception and reworking of Nietzsche Jeffrey Herf author of *Reactionary Modernism*     The First World War in German Narrative Prose Charles N. Genno, Heinz Wetzel, 1980-12-15 This collection of eight essays in honour of the distinguished Canadian Germanist G W Field treats themes in German narrative prose of the First World War the pre war era and the earliest of the Weimar Republic The aim of the book is not to present a comprehensive study of the field but rather to shed new light on specific problems The essays are organized in the historical sequence of the events and situations to which they are related The topics include discussions of the concept of war as presented by Robert Musil in *Der Mann ohne Eigenschaften* the treatment of war as a catalyst by the Expressionist writers Carl Sternheim and Leonhard Frank the preservation of values in the face of war as dealt in Hesse's

Demian and an exploration of the effects of war on the individual and social values in the works of Salomo Friedl nder and Alfred D blin An essay on H G Well s Mr Britling Sees It Through helps to clarify the ways in which the reaction of German writers to the war may be viewed as specifically German by providing an outsider s point of view The final chapter a survey of the most recent literature on the topic shows how much World War I lives on in the minds of German writers as the great turning point in German political and cultural history Princeton Alumni Weekly ,1978 **Learning from Lying** Julia Luisa Abramson,2005 Learning from Lying narrates a new literary history as seen through the lens of mystification Beginning with an examination of mystification s elaboration during the century of Enlightenment the book accounts for mystification s distinctiveness relative to other deceptive forms particularly forgery and provides a timely intervention in current debates about the study of fakes Readings of works by Denis Diderot Prosper Merimee and Wolfgang Hildesheimer follow out the cosmopolitan roots of the genre in the Republic of Letters and show how it theorizes literature through practical experiment For when textual imitation is revealed it unveils the necessary collusion between reader and writer that allows literature to exist as such BOOK JACKET **The Publishers Weekly** ,1973 *Metamorphosis* David Gallagher,2009 The origins of selected instances of metamorphosis in Germanic literature are traced from their roots in Ovid s Metamorphoses grouped roughly on an ascending evolutionary scale invertebrates birds animals and mermaids Whilst a broad range of mythological legendary fairytale and folktale traditions have played an appreciable part Ovid s Metamorphoses is still an important comparative analysis and reference point for nineteenth and twentieth century German language narratives of transformations Metamorphosis is most often used as an index of crisis an existential crisis of the subject or a crisis in a society s moral social or cultural values Specifically selected texts for analysis include Jeremias Gotthelf s Die schwarze Spinne 1842 with the terrifying metamorphoses of Christine into a black spider the metamorphosis of Gregor Samsa in Kafka s Die Verwandlung 1915 ambiguous metamorphoses in E T A Hoffmann s Der goldne Topf 1814 Hermann Hesse s Piktors Verwandlungen 1925 Der Steppenwolf 1927 and Christoph Ransmayr s Die letzte Welt 1988 Other mythical metamorphoses are examined in texts by Bachmann Fouqu Fontane Goethe Nietzsche Nelly Sachs Thomas Mann and Wagner and these and many others confirm that metamorphosis is used historically scientifically for religious purposes to highlight identity sexuality a dream state or for metaphoric metonymic or allegorical reasons *Ezra Pound and the Career of Modern Criticism* Michael Coyle,Roxana Preda,2018 Forty five years after his death and more than seventy years after his indictment for treason Ezra Pound remains a deeply controversial figure Today it is hard to imagine a poet sparking national debate but Pound did just that His receipt in 1949 of the first ever Bollingen Award for Poetry started a hue and cry that spread to every US periodical that made even a pretense of following cultural issues even Time weighed in It took two years for things to simmer down and when they finally did literary study looked profoundly different Everyone engaged in the study of poetry today professors and students alike works in an environment shaped by that national crisis of conscience The present book

considers this untold story and investigates not just what critics have had to say about Pound but also why they have asked the questions they have asked. It is routine for reception histories to distinguish between professional studies and more popular responses; this book encourages us to consider why we make that distinction and what the costs of doing so might be. Unprofessional responses to Pound have often been ideologically and politically embarrassing for Pound scholars who have in response policed the distinction between professional and popular readings with extraordinary vigilance. As a result, the history of Pound's reception unfolds as a kind of drama, perhaps the last ongoing theater for McCarthyite cultural political anxieties. Michael Coyle is Professor of English at Colgate University and has published widely on Pound. Roxana Preda is Leverhulme Fellow in American Literature at the University of Edinburgh and President of the Ezra Pound Society.

## Enjoying the Beat of Term: An Mental Symphony within **Hesse A Collection Of Critical Essays**

In some sort of eaten by monitors and the ceaseless chatter of instant connection, the melodic beauty and emotional symphony produced by the prepared term usually disappear in to the backdrop, eclipsed by the constant sound and disruptions that permeate our lives. But, nestled within the pages of **Hesse A Collection Of Critical Essays** a wonderful literary treasure overflowing with raw feelings, lies an immersive symphony waiting to be embraced. Crafted by an elegant composer of language, this fascinating masterpiece conducts viewers on an emotional journey, skillfully unraveling the concealed tunes and profound affect resonating within each carefully crafted phrase. Within the depths with this emotional evaluation, we can examine the book is key harmonies, analyze its enthralling writing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
