Mirror of Morality Julia K. Murray, 2007-01-31

Mirror of Morality takes an interdisciplinary look at an important form of pictorial art produced during two millennia of Chinese imperial rule. Ideas about individual morality and state ideology were based on the ancient teachings of Confucius with modifications by later interpreters and government institutions. Throughout the imperial period, members of the elite made sponsored and inscribed or used illustrations of themes taken from history, literature and recent events to promote desired conduct among various social groups. This dimension of Chinese art history has never before been broadly covered or investigated in historical context. The first half of the study examines the nature of narrative illustration in China and traces the evolution of its functions, conventions and rhetorical strategies from the second century BCE through the eleventh century. Under the stimulus of Buddhism, sophisticated techniques developed for representing stories in visual form. While tracing changes in the social functions and cultural positions of narrative illustration, the second half of the book argues that narrative illustration continued to play a vital role in elite visual culture.

Classical Painting Atelier Juliette Aristides, 2008-04-01

Want to paint more like Manet and less like Jackson Pollock? Students of art hailed *Classical Drawing Atelier* Juliette Aristides's first book as a dynamic return to the atelier educational model. Ateliers popular in the nineteenth century teach emerging artists by pairing them with a master artist over a period of years. The educational process begins as students copy masterworks, then gradually progress to painting as their skills develop. The many artists at every level who learned from *Classical Drawing Atelier* have been clamoring for more of this sophisticated approach to teaching and learning. In *Classical Painting Atelier*, Aristides, a leader in the atelier movement, takes students step by step through the finest works of Old Masters and today's most respected realist artists to reveal the principles of creating full color realist still lifes, portraits and figure paintings. Rich in tradition yet practical for today's artists, *Classical Painting Atelier* is ideal for serious art students seeking a timeless visual education.
