Filemaker Pro 8 The Missing Manual:

FileMaker Pro 8: The Missing Manual Geoff Coffey, Susan Prosser, 2005-09-23 Used by millions worldwide FileMaker Pro is an award winning database program for managing people projects images assets and other information It's easy to use and totally customizable so long as you know what you're doing But FileMaker Pro doesn't come with a printed manual so FileMaker Pro The Missing Manual is the authoritative jargon free book that should have been in the box FileMaker Pro The Missing Manual approaches FileMaker the way FileMaker approaches you it's user friendly and seemingly straightforward enough but it offers plenty of substance worthy of deeper exploration Packed with practical information as well as countless expert tips and invaluable guidance it's an in depth guide to designing and building useful databases with the powerful and pliable FileMaker Pro Covering FileMaker for both Windows and Macintosh FileMaker Pro The Missing Manual is ideal for small business users home users school teachers developers anyone who wants to organize information efficiently and effectively Whether you want to run a business publish a shopping cart on the Web plan a wedding manage a student information system at your school or program databases for clients this book delivers Author Geoff Coffey has many years of experience using FileMaker Pro he was in fact an early beta tester for the product Author Susan Prosser is a FileMaker Certified Developer who trains other developers Together Coffey and Prosser show you how to Get FileMaker up and running quickly and smoothly Import and organize information with ease Design relational databases that are simple to use yet powerful Take advantage of FileMaker Pro calculation capabilities Automate processes with scripting Customize FileMaker Pro to your needs and preferences Share information with other people coworkers clients and customers and other programs Understand and select the best security options What could easily come across as dry and intimidating things like relational theory calculations and scripting are presented in a way that is interesting and intuitive to mainstream users In no time you'll be working more productively and efficiently using FileMaker Pro **Dreamweaver 8** David Sawyer McFarland, 2006

Includes 140 pages of hands on tutorials Cover **FileMaker Pro 9: The Missing Manual** Geoff Coffey, Susan Prosser, 2007-08-02 FileMaker Pro 9 The Missing Manual is the clear thorough and accessible guide to the latest version of this popular desktop database program FileMaker Pro lets you do almost anything with the information you give it You can print corporate reports plan your retirement or run a small country if you know what you're doing This book helps non technical folks like you get in get your database built and get the results you need Pronto The new edition gives novices and experienced users the scoop on versions 8.5 and 9 It offers complete coverage of timesaving new features such as the Quick Start screen that lets you open or create a database in a snap the handy save to buttons for making Excel documents or PDFs the multiple level Undo and Redo commands let you step backwards through your typing tasks and much more With FileMaker Pro 9 The Missing Manual you can Get your first database running in minutes and perform basic tasks right away Catalog people processes and things with streamlined data entry and sorting tools Learn to use layout tools to organize the

appearance of your database Use your data to generate reports correspondence and other documents with ease Create connect and manage multiple tables and set up complex relationships that show you just the data you need Crunch numbers search text or pin down dates and times with dozens of built in formulas Automate repetitive tasks with FileMaker Pro 9 s easy to learn scripting language Protect your database with passwords and set up privileges to determine what others can do once they gain entry Outfit your database for the Web and import and export data to other formats Each chapter in the book contains living examples downloadable tutorials that help you learn how to build a database by actually doing it You also get plenty of sound objective advice that lets you know which features are really useful and which ones you ll barely touch To make the most of FileMaker Pro 9 you need the book that should have been in the box **PowerPoint 2007** Vander Veer,2007-02-13 A new handbook not only covers the basics and new features of PowerPoint 2007 but also teaches users how to combine multimedia animation and interactivity into a presentation how to take full advantage of advanced functions and how to create reusable design templates and automate tasks with macros **CSS: The Missing Manual** David Sawyer McFarland,2006-08-24 Web site design has grown up Unlike the old days when designers cobbled together chunky HTML bandwidth hogging graphics and a prayer to make their sites look good Cascading Style Sheets CSS now lets your inner designer come out and play But CSS isn t just a tool to pretty up your site it s a reliable method for handling all kinds of presentation from fonts and colors to page layout CSS The Missing Manual clearly explains this powerful design language and how you can use it to build sparkingly new Web sites or refurbish old sites that are ready for an upgrade Like their counterparts in print page layout programs style sheets allow designers to apply typographic styles graphic enhancements and precise layout instructions to elements on a Web page Unfortunately due to CSS s complexity and the many challenges of building pages that work in all Web browsers most Web authors treat CSS as a kind of window dressing to spruce up the appearance of their sites Integrating CSS with a site s underlying HTML is hard work and often frustratingly complicated As a result many of the most powerful features of CSS are left untapped With this book beginners and Web building veterans alike can learn how to navigate the ins and outs of CSS and take complete control over their Web pages appearance Author David McFarland the bestselling author of O Reilly s Dreamweaver The Missing Manual combines crystal clear explanations real world examples a dash of humor and dozens of step by step tutorials to show you ways to design sites with CSS that work consistently across browsers You ll learn how to Create HTML that s simpler uses less code is search engine friendly and works well with CSS Style text by changing fonts colors font sizes and adding borders Turn simple HTML links into complex and attractive navigation bars completely with CSS only rollover effects that add interactivity to your Web pages Style images to create effective photo galleries and special effects like CSS based drop shadows Make HTML forms look great without a lot of messy HTML Overcome the most hair pulling browser bugs so your Web pages work consistently from browser to browser Create complex layouts using CSS including multi column designs that don t require using old techniques

like HTML tables Style Web pages for printing Unlike competing books this Missing Manual doesn't assume that everyone in the world only surfs the Web with Microsoft's Internet Explorer our book provides support for all major Web browsers and is one of the first books to thoroughly document the newly expanded CSS support in IE7 currently in beta release Want to learn how to turn humdrum Web sites into destinations that will capture viewers and keep them longer Pick up CSS The Missing Manual and learn the real magic of this tool
