Boycott and Blacklist A. J. Sarna, 1986 The aim of the boycott motivated by historical enmity for Judaism was to block the development of the Jewish state Its extension to third parties doing business with Israel and to Jews defined as sympathizers with Israel has led to an infusion of antisemitism into business practices in many countries Since the oil crisis of 1973 and the banking scandal of 1975 in which Jewish owned banks in France and England were excluded from participation in international loan syndications the USA has taken measures including legislation against the boycott followed by France Canada the Netherlands and Norway The support of Saudi Arabia and the weakness of many governments ensures however that the boycott will continue The Gladiators vs. Spartacus, Volume 1 Henry MacAdam, Duncan Cooper, 2020-11-13 Using previously unpublished correspondence and personal journal entries from screenwriter Abraham Polonsky neglected notices in Variety and other Hollywood trade publications and a wide range of published sources this narrative backstory of rival movie productions of The Gladiators vs Spartacus documents that intense competition with greater precision and clarity than any other existing account The key role that this little known chapter of Hollywood s blacklist history played in connection with Dalton Trumbo s successful effort to win screen credit for Spartacus is now for the first time available to film historians and lay readers A companion study Volume 2 is devoted to Abraham Polonsky s rediscovered screenplay Defoe's Review 170413, Volume 7 (1710), Part I John McVeagh, 2024-11-01 Defoe s Review played a significant role in the birth of the modern press It was not a newspaper dealing in facts but a journal of opinion and discussion This series is the first complete scholarly edition of the entire run of Defoe s Review It is fully reset and supported by full editorial apparatus *Children's Books In Print 1998* Bowker Editorial Staff, R R Bowker Publishing, Bowker, 1998 **Information Technology and Systems** Álvaro Rocha, Carlos Ferrás, Jorge Hochstetter Diez, Mauricio Diéguez Rebolledo, 2024-02-26 This book is composed by the papers written in English and accepted for presentation and discussion at The 2024 International Conference on Information Technology organizational models and information systems software and systems modeling software systems architectures applications and tools multimedia systems and applications computer networks mobility and pervasive systems intelligent and decision support systems big data analytics and applications human computer interaction ethics computers health informatics information technologies in education and Media Applied Technology and Communication The primary markets of this book are postgraduates and researchers in Information Systems and Technologies domains The secondary markets are undergraduates and professionals as well in Information Systems and Technologies domains *Children's Books in Print* R R Bowker Publishing, Bowker, 1999-12 **The Searcher** , 1994 Afghanistan Great Britain: Parliament: House of Commons: International Development Committee, 2012-10-25 Women in Afghanistan have made gains since the Taliban was ousted in 2001 but they continue to face enormous disadvantages The status of Afghan women is amongst the worst in the world and eighty seven per cent of women experience some form of domestic abuse during their lifetime according to the UN

Women who participate in public life also do so at significant risk to their safety The UK Government has said it is committed to protecting and promoting the rights of women and girls in Afghanistan and women s and girl s empowerment is a departmental priority for DFID globally But the International Development Committee inquiry found too little practical evidence of this in DFID programmes or funding The Department should start by examining what programmes have been effective for women in Afghanistan then draw up a plan to expand these programmes while doing all it can to secure commitments from other donors such as the US the EU and the World Bank The Committee is recommending that the UK Government reconsider the DFID s focus on creating a viable state giving greater emphasis to the provision of services and alleviating poverty The Afghan people want their country to succeed and the UK should continue to support them with a major aid budget in the country after the troops leave *Hollywood* Mark Wheeler,2019-07-25 At the beginning of the 21st century the US film industry had overtaken aeronautics and car industries to become one of the highest exporters of American products Mark Wheeler s important new book provides both a political history of Hollywood and a reflection on the relationship between cinema and politics in America from 1900 to the present day Wheeler considers the interplay between the movies studios state and national government and cultural policy and legislation with case studies of the censorship that followed in the wake of the Hays Code 1930 and the investigations of the House Committee of Un American Activities HUAC in the 1950s that led to the notorious blacklisting of alleged or known Communist sympathisers His history of political constituencies within Hollywood ranges from the conservative right to the liberal and the communist left from trades unionists to movie moguls The book concludes with a look at the politics of show business addressing links between Hollywood and political activism films such as *The Candidate* and *Bulworth* that have themselves engaged with the political process and considering the irony that despite the fact that Hollywood is perceived as a bastion of liberalism the two most famous actors turned politicians have been Ronald Reagan and Arnold Schwarzenegger Reports of General MacArthur: The campaigns of MacArthur in the Pacific Douglas MacArthur,1966 **Billboard** ,1998-12-12 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Cyber Technologies and Emerging Sciences* Sudhanshu Maurya,Sateesh K.
