Gender Planning And Development Theory Practice And Training:

Gender Planning and Development Caroline Moser, 2012-10-12 Gender planning is not an end in itself but a means by which women through a process of empowerment can emancipate themselves Ultimately its success depends on the capacity of women s organizations to confront subordination and create successful alliances which will provide constructive support in negotiating women s needs at the level of household civil society the state and the global system Gender Planning and Development provides an introduction to an issue of primary importance and constant debate It will be essential reading for academics practitioners undergraduates and trainees in anthropology development studies women s studies and social policy

Gender Planning and Development Caroline O. N. Moser, 1993 **Gender Planning and Development**, 1993 Exploring the relationship between gender and development this looks at gender policy and planning practices based on creating gender awareness and negotiation for women s needs at household civil society state and global levels *Gender,*

Development, and Poverty Caroline Sweetman, 2002 This work examines how gender inequalities impact on men s women s and children s experiences of poverty and demonstrates the importance of integrating gender analysis into every aspect of development initiatives

Mainstreaming Gender in Development Fenella Porter, Caroline Sweetman, 2005 Articles discuss how gender mainstreaming has been understood in different organisations provide examples of good work which supports the empowerment of women and look beyond gender mainstreaming to what new possibilities exist for transformation

Theory and Practice Jane S. Jaquette, Gale Summerfield, 2006-03-27 Seeking to catalyze innovative thinking and practice within the field of women and gender in development editors Jane S Jaquette and Gale Summerfield have brought together scholars policymakers and development workers to reflect on where the field is today and where it is headed The contributors draw from their experiences and research in Latin America Asia and Africa to illuminate the connections between women s well being and globalization environmental conservation land rights access to information technology employment and poverty alleviation Highlighting key institutional issues contributors analyze the two approaches that dominate the field women in development WID and gender and development GAD They assess the results of gender mainstreaming the difficulties that development agencies have translating gender rhetoric into equity in practice and the conflicts between gender and the reassertion of indigenous cultural identities Focusing on resource allocation contributors explore the gendered effects of land privatization the need to challenge cultural traditions that impede women s ability to assert their legal rights and women s access to bureaucratic levers of power Several essays consider women s mobilizations

including a project to provide Internet access and communications strategies to African NGOs run by women In the final essay Irene Tinker one of the field s founders reflects on the interactions between policy innovation and women s organizing over the three decades since women became a focus of development work Together the contributors bridge theory and practice to point toward productive new strategies for women and gender in development Contributors Maruja Barrig Sylvia Chant Louise Fortmann David Hirschmann Jane S Jaquette Diana Lee Smith Audrey Lustgarten Doe Mayer Faranak Miraftab Muadi Mukenge Barbara Pillsbury Amara Pongsapich Elisabeth Pr gl Kirk R Smith Kathleen Staudt Gale Summerfield Irene Tinker Catalina Hinchey Trujillo

Development Theory and Practice Uma Kothari,Martin Minogue,2001-10-30 This text provides a critical assessment of dominant features of development theory and practice in such areas as globalisation governance social development participation feminism and postcolonialism civil society environment and development management Each chapter addresses a particular approach within development by setting out the orthodoxy and critically evaluates this before engaging more constructively with the challenges presented by contemporary development This approach will give students a clearer understanding of the debates within development today

Gender, Planning and Human Rights Tovi Fenster,2002-09-11 Challenging the traditional treatment of human rights cast in purely legal frameworks the authors argue that in order to promote the notion of human rights its geographies and spatialities must be investigated and be made explicit A wealth of case studies examine the significance of these components in various countries with multi cultured societies and identify ways to integrate human rights issues in planning development and policy making The book uses case studies from UK Israel Canada Singapore USA Peru European Union Australia and the Czech Republic

Gender, Water and Development Anne Coles,Tina Wallace,2020-05-12 There is a renewed global commitment to water for all Yet even though women are usually responsible for domestic water provision their needs and voices continue to be marginalized in the development process A close analysis of current policy and practice shows that organizations providing improved water supplies to poor communities typically neglect the gendered nature of access to and control over water resources The resulting gender bias causes inefficiencies and injustices in water provision and reduces the effectiveness of well meant efforts This book shows how in different environmental historical and cultural contexts gender has been an important element in water provision It draws on a wide range of first hand material analyzed from different disciplinary perspectives Case studies include analysis of the role of water in inhibiting the fight against HIV AIDS in southern Africa and the challenges of taking gender into account in large water projects in India and Nepal

Advancing gender equality through agricultural and environmental research: Past, present, and future Pyburn, Rhiannon, ed.,van Eerdewijk, Anouka, ed.,2021-11-02 Over the past decade interest in gender equality and women s empowerment has grown rapidly creating a unique opportunity to institutionalize gender research within agricultural research for development This book edited by researchers from the CGIAR Gender Platform reviews and reflects on the growing body of evidence from gender

research It marks a shift a way from a traditional focus on how gender analysis can contribute to improved productivity flipping the question to ask How does agricultural and environmental research and development contribute to gender equality and women s empowerment Chapters synthesize the wide range of CGIAR and other research in this area covering breeding research and seed systems value chain participation nutrition sensitive agriculture natural resources climate adaptation and mitigation the feminization of agriculture women s role in agricultural research and emerging gender transformative approaches

Men, Masculinities and Disaster Elaine Enarson,Bob Pease,2016-06-17 In the examination of gender as a driving force in disasters too little attention has been paid to how women s or men s disaster experiences relate to the wider context of gender inequality or how gender just practice can help prevent disasters or address climate change at a structural level With a foreword from Kenneth Hewitt an afterword from Raewyn Connell and contributions from renowned international experts this book helps address the gap It explores disasters in diverse environmental hazard political and cultural contexts through original research and theoretical reflection building on the under utilized orientation of critical men s studies This body of thought not previously applied in disaster contexts explores how men gain maintain and use power to assert control over women Contributing authors examine the gender terrain of disasters through men s eyes considering how diverse forms of masculinities shape men s efforts to respond to and recover from disasters and other climate challenges The book highlights both the high costs paid by many men in disasters and the consequences of dominant masculinity practices for women and marginalized men It concludes by examining how disaster risk can be reduced through men s diverse efforts to challenge hierarchies around gender sexuality disability age and culture
