Generation Of Narcissus:

Generation of Narcissus Henry Malcolm, 1973 **The Hamrick Generations** Stephen Collis Jones, 1920 George Hamrick immigrated from Germany via Rotterdam to Philadelphia in 1730 1731 and settled at Germantown Pennsylvania Work lists chiefly some descendants who settled in Georgia and Alabama Few dates or locality names in record *Artificial Generation* Christina Parker-Flynn, 2021-11-19 *Artificial Generation* Photogenic French Literature and the Prehistory of Cinematic Modernity investigates the intersection of film theory and nineteenth century literature arguing that the depth of amalgamation that occurred within literary representation during this era aims to replicate an illusion of life and its sensations in ways directly related to broader transitions into our modern cinematic age A key part of this evolution in representation relies on the continual re emergence of the artificial woman as longstanding expression of masculine artistic subjectivity which by the later nineteenth century becomes a photographic and filmic drive Moving through the beginning of film history from Georges Méliès and other silent filmmakers in the 1890s into more contemporary movies including Alfred Hitchcock's *Vertigo* 1958 and *Blade Runner* 2049 2017 the book analyzes how films are often structured around the prior century's mythic and literary principles which now serve as foundation for film as medium a phantom form for life's representation *Artificial Generation* provides a crucial reassessment of the longstanding mutual exchange between cinematic and literary reproduction offering an innovative perspective on the proto cinematic imperative of simulation within nineteenth century literary symbolism **Narcissus** Michael James Jefferson-Brown, 1991 This book is a worldwide comprehensive guide to wild and hybrid narcissi giving both cultural information and historical background of absorbing interest to the grower and hybridizer Book jacket *Generation X Goes Global* Christine Henseler, 2012 This volume explores the converging properties of Generation X through the fields of literature media studies youth culture popular culture sociology philosophy feminism and political science It broadens critics engagement with the Generation X label tracing the global and local flows that determine the identity of each country's youth from the 1970s well into the twenty first century **A Supplement to the Pharmacopoeia** Theophilus Redwood, 1857 *The Botanist's Pocket-book ...* W. R. Haywood, 1889 *Haywood's Botanists' Pocket-book* W. R. Haywood, 1909 Having been requested to re edit Haywood's very useful Botanist's pocket book I found that the large amount of excellent field work which has been done in Britain during the last thirty years made it necessary to widen its scope considerably At the same time the original plan where possible has been retained The work in this compressed form necessarily cannot include complete descriptions it is intended merely to enable the botanist in the field to name his specimens approximately and to refresh the memory of the more advanced worker who may use it Almost all the important species and varieties and the more completely established alien species mentioned in Syme's Edition of English botany in my List of British plants and in the 10th Edition of the London catalogue will be found included Preface to the thirteenth edition **A General View of the Writings of Linnæus** Richard Pulteney, 1781

Ovid Peter V. Jones,2007-03-08 Presents a selection from Metamorphoses designed for those who have completed an introductory Latin course **The Messianic Imperative** Joseph Abrahams,2007 About the Book for the Website Begun as a scholarly work of religious and psychiatric import 9 11 and its aftershocks has turned this work on messianism to the task of survival of our civilization For the core motivations of widely disparate people Islamic terrorists Israeli settlers and American fundamentalists are frankly messianic And they are positioned to move the world towards a disaster long depicted in apocalyptic terms on the Plains of Abraham but now also present in our midst A degree of self sacrifice is present in messianism ranging from the purely spiritual to full expression in the Islamic terrorist who glories in a physical immolation that leads to eternal life The crucial issue for the rest of us lies in its imperative nature calling for the termination of our lives Can we reach such people who live in these other spiritual worlds and who threaten to evict us from ours They live in the certitude and rectitude of their cause and are intolerant of the ambiguity of modern civilization Their certitude lies in a strangely similar belief in a messenger of God who brings tidings of the End of Days on earth and a coming glory in a heavenly company populated by God and the principal figures of their religion Each of these religions has its own visionary man of God or messiah extant or to come My thesis is that the key to reaching such imbued people so alienated from the rest of us is through utilization of the little we know of reaching alienated individuals and groups That knowledge has been chiefly developed in asylums by the original alienists psychiatrists also the social and political sciences and the pastoral discipline The Messianic Imperative Scourge or Savior is offered as a contribution to that study More so it is offered as a journey into unfamiliar terrain It may hopefully lead to a manual for action on the part of people worldwide alert to the current danger who wish to contribute to the world family aborning in these parlous times *François Le Moyne and His Generation,*
