Trembling in the Ivory Tower Kenneth Lasson,2003-03 In this gem of a book scholar and wit Kenneth Lasson takes on all manner of excesses in the Ivory Tower which from his insider s viewpoint constitute little less than a full scale assault on American values and mores The ideological warfare is being waged by a slew of vociferous academicians whose predominance is manifested by stifling academic bureaucracies radical feminist and deconstructionist faculties and overbearing speech and conduct codesall in invidious pursuit of narrow but pervasive political agendas Lasson uses his sharply pointed pen to skewer both the powerful and the petty from perpetually outraged law professors and would be literati to ethnic hatemongers with tenure Colleges and universities Lasson reminds us are not intellectual playgrounds but training places for future social political and artistic leadersso what s said and not said on those campuses have a far reaching effect on every one of us We depend on academic institutions to take our best and brightest and nurture them to think creatively and independently What s happening however is often just the opposite the purposeful establishment of anti establishment bias a closely guarded breeding ground in which students and professors are too intimidated to challenge extremist ideas Lasson argues that there is nothing wrong with liberal and multi cultural approaches to education so long as they are presented fairly and in a broadly inclusive context In what is the only truly funny scholarly book to hit the shelves Trembling in the Ivory Tower ponders the questions many of us should be asking and supplies the answers we should be demanding Why have universities apparently abandoned the concept of vigorous debate in an open marketplace of ideas Why

has no university speech or conduct code yet survived a constitutional challenge Why are senior professors increasingly being charged with creating hostile environments despite emerging victorious whenever they challenge their arbitrary punishments in court In an age of easy catch phrases media hype and watered down scholarship Trembling in the Ivory Tower is a welcome breath of fresh air that pays homage to original not merely popular thought

A Review of the LSAT Using Literature on Legal Reasoning Gilbert E. Plumer, 2000 *The Semiotics of Law in Legal Education* Jan M. Broekman, Francis J. Mootz III, 2011-07-06 This book offers educational experiences including reflections and the resulting essays from the Roberta Kevelson Seminar on Law and Semiotics held during 2008 2011 at Penn State University's Dickinson School of Law The texts address educational aspects of law that require attention and that also are issues in traditional jurisprudence and legal theory The book introduces education in legal semiotics as it evolves in a legal curriculum Specific semiotic concepts such as sign symbol or legal language demonstrate how a lawyer's professionally important tasks of name giving and meaning giving are seldom completely understood by lawyers or laypeople These concepts require analyses of considerable depth to understand the expressiveness of these legal names and meanings and to understand how lawyers can say the law or urge such a saying correctly and effectively in the context of a natural language that is understandable to all of us The book brings together the structure of the Seminar its foundational philosophical problems the specifics of legal history and the semiotics of the legal system with specific themes such as gender family law and business law

Official Guide to ABA-approved Law Schools, 2002 Mastering Legal Analysis and Communication David T. Ritchie, 2008 Mastering Legal Analysis and Communication is designed to help novices navigate the often difficult task of learning new ways of thinking and communicating Law schools employ methodologies and pedagogical paradigms that law students find mystifying and hard to comprehend This book aims to explain how these methodologies and paradigms function why they are used and what they are meant to accomplish The topics covered range from the basic concepts of understanding what law is and what thinking like a lawyer means to making sense out of the structural paradigms of legal writing and rhetoric Mastering Legal Analysis and Communication will serve as a useful guide for students as they undertake their studies in both their casebook and practical skills courses In fact the themes discussed and explanations offered will help students better see that the analytical and communication skills utilized in all their classes fall upon the same continuum of professional competence As such this book is a vital reference work for students as they try to make sense of their law school studies in a more comprehensive and connected way Mastering Legal Analysis and Communication is designed to help novices navigate the often difficult task of learning new ways of thinking and communicating Law schools employ methodologies and pedagogical paradigms that law students find mystifying and hard to comprehend This book aims to explain how these methodologies and paradigms function why they are used and what they are meant to accomplish The topics covered range from the basic concepts of understanding what law is and what thinking like a lawyer means to making sense out of the structural paradigms of legal

writing and rhetoric Mastering Legal Analysis and Communication will serve as a useful guide for students as they undertake their studies in both their casebook and practical skills courses In fact the themes discussed and explanations offered will help students better see that the analytical and communication skills utilized in all their classes fall upon the same continuum of professional competence As such this book is a vital reference work for students as they try to make sense of their law school studies in a more comprehensive and connected way Sourcebook on Legal Writing Programs Ralph L. Brill, 1997

The Routledge Handbook of International Planning Education Nancey Green Leigh, Steven P French, Subhrajit Guhathakurta, Bruce Stiftel, 2019-07-23 The Routledge Handbook of International Planning Education is the first comprehensive handbook with a unique focus on planning education Comparing approaches to the delivery of planning education by three major planning education accreditation bodies in the United States Australia and the United Kingdom and reflecting concerns from other national planning systems this handbook will help to meet the strong interest and need for understanding how planning education is developed and delivered in different international contexts The handbook is divided into five major sections including coverage of general planning knowledge planning skills traditional and emerging planning specializations and pedagogy An international cohort of contributors covers each subject's role in educating planners its theory and methods key literature contributions and course design Higher education's response to globalization has included growth in planning educational exchanges across international boundaries The Routledge Handbook of International Planning Education is an essential resource for planners and planning educators informing the dialogue on the mobility of planners educated under different national schema *Jurists and Jurisprudence in Medieval Italy* Osvaldo Cavallar, Julius Kirshner, 2020-10-01 Jurists and Jurisprudence in Medieval Italy is an original collection of texts exemplifying medieval Italian jurisprudence known as the *ius commune* Translated for the first time into English many of the texts exist only in early printed editions and manuscripts Featuring commentaries by leading medieval civil law jurists notably Azo Portius Accursius Albertus Gandinus Bartolus of Sassoferrato and Baldus de Ubaldis this book covers a wide range of topics including how to teach and study law the production of legal texts the ethical norms guiding practitioners civil and criminal procedures and family matters The translations together with context setting introductions highlight fundamental legal concepts and practices and the milieu in which jurists operated They offer entry points for exploring perennial subjects such as the professionalization of lawyers the tangled relationship between law and morality the role of gender in the socio legal order and the extent to which the *ius commune* can be considered an autonomous system of law **The Horizontal Effect**

Revolution and the Question of Sovereignty Johan van der Walt, 2014-08-25 That the recent turn in European Constitutional Review has effectively brought about a revolution in European law has been observed before At issue are two major developments in European judicial review On the one hand the European Court of Human Rights has been collapsing traditional boundaries between constitutional law and private law with a series of decisions that effectively recognized the

horizontal effect of Convention rights in the private sphere On the other hand the European Court of Justice has also given horizontal effect to fundamental liberties embodied in the Treaty on the Function of the European Union in a number of recent cases in a way that puts established boundaries between Member State and Union competences in question This book takes issue with these developments by bringing to the fore a key issue that the horizontality effect debate has hitherto largely overlooked namely the question of sovereignty It shows with detailed references to especially the American debate on state action and the German debate on *Drittwirkung* that horizontal effect cannot be understood consistently without coming to grips with the conceptions of state sovereignty that inform different approaches to horizontal effect

Computer, Intelligent Computing and Education Technology Hsiang-Chuan Liu, Wen-Pei Sung, Wenli Yao, 2014-03-26 This proceedings set contains selected Computer Information and Education Technology related papers from the 2014 International Conference on Computer Intelligent Computing and Education Technology CICET 2014 held March 27 28 2014 in Hong Kong The proceedings aims to provide a platform for researchers engineers and academics as well as indu

Bilingual Study and Research Nicolás Etcheverry Estrázulas, 2021-12-15 This book addresses the importance of bilingualism in legal education Written by respected experts in the field it presents reports on bilingual legal education in countries with such diverse cultures and histories as Belgium Canada China the Czech Republic Finland France Germany Italy Japan Mexico Romania Singapore Taiwan and the USA The findings are also summarized in a General Report that was presented at the 20th IACL General Congress in Fukuoka Japan

Master Logical Analysis with ChatGPT GPT Guru, Samuel Inbaraja using ChatGPT, 2024-02-09 In a world increasingly driven by data and technology the ability to think logically and make sound decisions is more crucial than ever Logical analysis forms the bedrock of rational thinking guiding us through complex problems and helping us arrive at reasoned conclusions With the advent of Artificial Intelligence AI particularly models like ChatGPT we now have unprecedented tools at our disposal to enhance our logical thinking processes Logical analysis at its core involves the systematic examination and evaluation of

information to derive meaningful insights and conclusions It provides a structured framework for organizing thoughts identifying patterns and making informed judgments When coupled with AI capabilities such as machine learning algorithms and natural language processing the potential for unlocking new levels of understanding and innovation becomes limitless Throughout this book we will delve into a series of case studies that showcase the practical applications of logical analysis with AI in diverse contexts From deciphering complex data sets to optimizing resource allocation each chapter will explore real world scenarios where these methodologies have been instrumental in driving success and achieving desired outcomes

Logic, Probability, and Presumptions in Legal Reasoning Scott Brewer, 2013-06-17 At least since plato and Aristotle thinkers have pondered the relationship between philosophical arguments and the sophistical arguments offered by the Sophists who were the first professional lawyers Judges wield substantial political power and the justifications they offer for their decisions are a vital means by which citizens can assess the legitimacy of how that power is exercised However to evaluate judicial justifications requires close attention to the method of reasoning behind decisions This new collection illuminates and explains the political and moral importance in justifying the exercise of judicial power *Proceedings of the International Conference on Education, Humanities, and Management (ICEHUM 2022)* Yaoping Liu, Saichol Chujuarjeen, 2023-04-25 This is an open access book This event is co organized by the Institute of Science Innovation and Culture ISIC and Research and Development Institute RDI Rajamangala University of Technology Krungthep Thailand This year s ICEHUM 2022 was held online and onsite on 26 November 2022 The theme of this conference is Leading and Being Sustainable in the COVID 19 New Normal This conference aspires to bring to light new standards models and reference guides that will help humanity rise above the challenges of COVID 19 leading men and women to embrace the new normal no longer uncertain but living a sustainable existence **Bulletin** United States. Office of Education, 1932
