Love Songs in Motion Christina J. Woolner,2023-11-24 An intimate account of everyday life in Somaliland explored through an ever evolving musical genre of love songs At first listen both music and talk about love are conspicuously absent from Somaliland s public soundscapes The lingering effects of war the contested place of music in Islam and gendered norms of emotional expression limit opportunities for making music and sharing personal feelings But while Christina J Woolner was researching peacebuilding in Somaliland s capital Hargeysa she kept hearing snippets of songs Almost all of these she learned were about love In these songs poets musicians and singers collaborate to give voice to personal love aspirations and often painful experiences of love suffering Once in circulation the intimate and heartfelt voices of love songs provide rare and deeply therapeutic opportunities for dareen wadaag feeling sharing In a region of political instability these songs also work to

powerfully unite listeners on the basis of shared vulnerability transcending social and political divisions and opening space for a different kind of politics Taking us from 1950s recordings preserved on dusty cassettes to new releases on YouTube and live performances at Somaliland's first postwar music venue where the author herself eventually takes the stage Woolner offers an account of love songs in motion that reveals the capacity of music to connect people and feelings across time and space creating new possibilities for relating to oneself and others *Living in the Family of Jesus* William Longgar,2016
