Strength said What matters the task Feel you not that to you it will all be easy It is the weak alone Who weigh the burden Atlas smiled though he bore the world on his shoulders Faith added Have confidence and the mountains which obstruct your path shall vanish like clouds the sea shall bear you up and the rainbow shall become a bridge for your feet Hope whispered Behold before you lies repose after fatigue plenty will follow after scarcity On on for the desert leads to the promised land

Fixing Parental Leave Gayle Kaufman,2020-01-21 A real world solution for parental leave that promotes gender equality at work and at home What do Papua New Guinea Suriname and the United States have in common These three nations are the only ones that do not offer some form of parental leave to new parents The US lags far behind the rest of the world on this important issue raising questions about our commitment to gender equality and the welfare of our families In Fixing Parental Leave Gayle Kaufman takes an in depth look at parental leave policies in the US the UK and Sweden and evaluates the benefits and drawbacks of leave policies in each country She finds that there is more to parental leave policies than whether a country provides time off around the birth or adoption of a child While most policies are designed to help women return to work this is only half of the puzzle The second half requires men to be meaningful partners by encouraging them to take equal time at home Ultimately Kaufman arrives at a rational solution that will promote gender equity through a policy that enables parents at companies of all sizes to spend six months with their new child

Family and Medical Leave Act Catherine R. Albiston,2010-07-26 How do Family and Medical Leave Act rights operate in practice in the courts and in the workplace This empirical study examines how institutions and social practices transform the meaning of these rights to recreate inequality Workplace rules and norms built around the family wage ideal the assumption that disability and work are mutually exclusive and management s historical control over time all constrain opportunities for social change Yet workers can also mobilize rights as a cultural discourse to change the social meaning of family and medical leave Drawing on theoretical frameworks from social constructivism and new institutionalism this study explains how institutions transform rights to recreate systems of power and inequality but at the same time also provide opportunities for law to change social structure It provides a fresh look at the perennial debate about law and social change by examining how institutions shape the process of rights mobilization Family Continuity and Change Vida Česnuitytė,Detlev Lück,Eric D.
