Leaves Of Grass Selections Crofts Classics:

Leaves of Grass Edwin Haviland Miller, 1970 **Walt Whitman Quarterly Review** ,1985 National Union Catalog ,1968 **The American Classics** Denis Donoghue, 2008-10-01 How is a classic book to be defined How much time must elapse before a work may be judged a classic And among all the works of American literature which deserve the designation In this provocative new book Denis Donoghue essays to answer these questions He presents his own short list of relative classics works whose appeal may not be universal but which nonetheless have occupied an important place in our culture for more than a century These books have survived the abuses of time neglect contempt indifference willful readings excesses of praise and hyperbole Donoghue bestows the term classic on just five American works Melville s Moby Dick Hawthorne s The Scarlet Letter Thoreau s Walden Whitman s Leaves of Grass and Twain s Adventures of Huckleberry Finn Examining each in a separate chapter he discusses how the writings have been received and interpreted and he offers his own contemporary readings suggesting for example that in the post 9 11 era Moby Dick may be rewardingly read as a revenge tragedy Donoghue extends an irresistible invitation to open the pages of these American classics again demonstrating with wit and acuity how very much they have to say to us now Walt Whitman, 1940-1975 Donald D.
