## **Leben In Hohenlohe:**

Wilhelm II John C. G. Röhl, 2004-08-19 Kaiser Wilhelm II 1859 1941 ruled Imperial Germany from his accession in 1888 to his enforced abdication in 1918 at the end of the First World War This book based on a wealth of previously unpublished archival material provides the most detailed account ever written of the first half of his reign Following on from John Röhl's definitive and highly acclaimed *Young Wilhelm The Kaiser's Early Life 1859 1888 1998* the volume demonstrates the monarch's dynastic arrogance and the wounding abuse he showered on his own people as step by step he built up his personal power His thirst for glory his overweening nationalism and militarism and his passion for the navy provided the impetus for a breathtaking long term goal the transformation of the German Reich into the foremost power in the world Urgent warnings from all sides both against the revival of a semi absolute Personal Monarchy on the threshold to the twentieth century and against the challenge his goal of world power implied for the existing World Powers Great Britain France and Russia were brushed aside by the impetuous young ruler with his faithful military retinue and blindly devoted court favourites Soon the predicted consequences constitutional crisis at home and diplomatic isolation abroad began to make their alarming appearance

Go-Betweens for Hitler Karina Urbach, 2015-07-23 This is the untold story of how some of Germany's top aristocrats contributed to Hitler's secret diplomacy during the Third Reich providing a direct line to their influential contacts and relations across Europe especially in Britain where their contacts included the press baron and Daily Mail owner Lord Rothermere and the future King Edward VIII Using previously unexplored sources from Britain Germany the Netherlands the Czech Republic and the USA Karina Urbach unravels the story of top level go betweens such as the Duke of Coburg grandson of Queen Victoria and the seductive Stephanie von Hohenlohe who rose from a life of poverty in Vienna to become a princess and an intimate of Adolf Hitler As Urbach shows Coburg and other senior aristocrats were tasked with some of Germany's most secret foreign policy missions from the First World War onwards culminating in their role as Hitler's trusted go betweens as he readied Germany for conflict during the 1930s and later in the Second World War Tracing what became of these high level go betweens in the years after the Nazi collapse in 1945 from prominent media careers to sunny retirements in Marbella the book concludes with an assessment of their overall significance in the foreign policy of the Third Reich

**Wilhelm II** Lamar Cecil, 2017-11-01 Wilhelm II 1859 1941 King of Prussia and German Emperor from 1888 to 1918 reigned during a period of unprecedented economic cultural and intellectual achievement in Germany Unlike most European sovereigns of his generation Wilhelm was no mere figurehead and his imprint on imperial Germany was profound In this book and a second volume historian Lamar Cecil provides the first comprehensive biography of one of modern history's most powerful and most misunderstood rulers Wilhelm II Prince and Emperor 1859 1900 concentrates on Wilhelm's youth As Cecil shows the future ruler's Anglo German genealogy his education and his subsequent service as an officer in the Prussian army proved to be unfortunate legacies in shaping Wilhelm's behavior and ideas Throughout his thirty year reign

Wilhelm's connection with his subjects was tenuous. He surrounded himself with a small coterie of persons drawn from the government, the military, and elite society, most of whom were valued not for their ability but for their loyalty to the crown. They in turn contrived to keep Wilhelm isolated from outside influences, learned to be accomplished in catering to his prejudices, and strengthened his conviction that the government should be composed only of those who agreed with him. The day-to-day conduct of Germany's affairs was left in the hands of these loyal followers, for the Kaiser himself did not at all enjoy work. Rejoicing instead in pageantry and the superficial trappings of authority, he was particular about what he did and what he read, eliminating anything that was unpleasant, difficult, or tedious. He never learned to listen to reason or to make decisions in a sound, informed manner; he was customarily inclined to act solely on the basis of his personal feelings. Many people believed him to be mad. Even courtiers who admired Wilhelm recognized that he was responsible for the diplomatic embarrassment in which Germany found itself by 1914 and that the Kaiser's maladroit behavior endangered the prestige of the Hohenzollern crown. His is the story of a bizarre and incapable sovereign who never doubted that he possessed both genius and divine inspiration.

Originally published in 1989, A UNC Press Enduring Edition. UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original and are presented in affordable paperback formats, bringing readers both historical and cultural value.

**Virtus** H. Ronnes, N.H. Bijleveld, J.C.C.F.M. van den Borne, 2016 *The Last Witch of Langenburg* Thomas Willard Robisheaux, 2009 Exploring one of Europe's last witch panics, historian Thomas Robisheaux brings to life the story of an entire world caught between superstition and modernity in a high-stakes drama that led to charges of sorcery and witchcraft against an entire family.

**The Kaiser's Army** Eric Dorn Brose, 2004-10-14 This volume covers a fascinating period in the history of the German army, a time in which machine guns, airplanes, and weapons of mass destruction were first developed and used. Eric Brose traces the industrial development of machinery and its application to infantry, cavalry, and artillery tactics. He examines the modernity versus anti-modernity debate that raged after the Franco-Prussian war, arguing that the residue of years of resistance to technological change seriously undermined the German army during World War I.

**Menschen und Dinge aus einem Leben** Eduard Engel, 1929 Cosima Wagner Oliver Hilmes, 2010-05-25 In this meticulously researched book, Oliver Hilmes paints a fascinating and revealing picture of the extraordinary Cosima Wagner, illegitimate daughter of Franz Liszt, wife of the conductor Hans von Bülow, then mistress and subsequently wife of Richard Wagner. After Wagner's death in 1883, Cosima played a crucial role in the promulgation and politicization of his works, assuming control of the Bayreuth Festival and transforming it into a shrine to German nationalism. The High Priestess of the Wagnerian cult, Cosima lived on for almost fifty years, crafting the image of Richard Wagner through her organizational ability and ideological tenacity. The first book to make use of the available documentation at Bayreuth, this biography explores the achievements of this remarkable and obsessive woman while illuminating a still-hidden

chapter of European cultural history      **Deutsche Revue über das gesamte Nationale Leben der Gegenwart** ,1911

**Goethes Leben von Tag zu Tag** Siegfried Seifert,2011-10-27 Mit dem Erscheinen des Registerbandes zur achtb ndigen dokumentarischen Chronik Goethes Leben von Tag zu Tag erschienen 1982 1996 bei Artemis Winkler Zürich schlie t der de Gruyter Verlag ein langj hriges Desiderat in der wissenschaftlichen Goethe Literatur Mit Hilfe des Registerbandes k nnen endlich die auf mehr als 6000 Seiten Chroniktext aufbereiteten Daten und Zusammenh nge des Goethe schen Lebens und Schaffens wissenschaftlich systematisch genutzt werden Im Namenregister werden mehr als 12 500 Personen und deren Werke mit den bibliographisch exakt ermittelten Titeln nachgewiesen Jede Person erscheint mit ihren Vornamen und Lebensdaten soweit m glich wurde der Rufname ermittelt und gekennzeichnet In verschiedenen F llen konnten bisher unbekannte Personen nachgewiesen werden Das Geographische Register erschlie t mit seinen ber 2500 Haupteintr gen die geographische Weite des Goethe schen Lebens und Denkens Zentrale Orte wie Weimar Jena Rom Neapel und viele andere wurden durch zahlreiche Untereintr ge lokaler institutioneller und assoziativer Ph nomene weiter differenziert so da das Geographische Register z T die Aufgabe eines Sachregisters erf llt Das Register der Goethe schen Werke umfa t einschlie lich Gedichte mehr als 2600 poetische biographische essayistische naturwissenschaftliche und bildk nstlerische Werke des Dichters und erm glicht es die Entstehungseinfl sse und zusammenh nge differenziert nachzuvollziehen In der Komplexit t der Anlage der Goethe Chronik selbst sowie der Register gleicht das nun vollendete Gesamtwerk einer Enzyklop die der Goethezeit      **Germany at War** David T. Zabecki,2014-10-28

Written by experts for use by nonexperts this monumental work probes Germany s Genius for War and the unmistakable pattern of tactical and operational innovation and excellence evident throughout the nation s military history Despite having the best military forces in the world some of the most advanced weapons available and unparalleled tactical proficiency Germany still lost both World Wars This landmark four volume encyclopedia explores how and why that happened at the same time examining Germany as a military power from the start of the Thirty Years War in 1618 to the present day Coverage includes the Federal Republic of Germany its predecessor states and the kingdoms and principalities that combined to form Imperial Germany in 1871 The Seven Years War is discussed as are the Napoleonic Wars the Wars of German Unification including the Franco Prussian War World War I World War II and the Cold War In all more than 1 000 entries illuminate battles organizations leaders armies weapons and other aspects of war and military life The most comprehensive overview of German military history ever to appear in English this work will enable students and others interested in military history to better understand the sociopolitical history of Germany the complex role conflict has played in the nation throughout its history and why Germany continues to be an important player on the European continent      Reluctant Union; Alsace-Lorraine and Imperial Germany, 1871-1918 Dan P.

Silverman,1972 The first major English language work on Alsace Lorraine and imperial Germany in over fifty years Reluctant Union revises many of the commonly held notions about the German annexation and rule of the territory that came to be

known as the Reichsland Concentrating on the territory's internal development between 1871 and 1918 and its relationship to imperial Germany Dr Silverman rejects the traditional treatment of Alsace Lorraine as merely an object of international tension The territory's population is viewed as a pluralistic society not as a monolithic hostile anti German phalanx The role of chauvinistic sentiment is placed in proper perspective for the Alsace Lorrainers political and economic considerations often outweighed nationalistic preferences In showing that German authority was seriously divided between conciliation and coercion Dr Silverman dismisses the widespread assumption that the German bureaucracy was invariably repressive in its attempts to integrate the Reichsland into the empire In fact the confusion and vacillation produced by the conflicts between imperial civilian and military authorities reactivated political life in Alsace Lorraine This political reawakening led to a closer tie between the Reichsland and the empire but opposition from German industrial interests obstructed economic integration Alsace Lorraine's political social and economic history from 1871 to 1918 has never before been investigated in such depth Dr Silverman's description and analysis of this period details the Reichsland's administrative and constitutional history outlines German programs for Alsace Lorraine in the critical areas of citizenship option military service language requirements and education traces the German government's attempts to regulate and suppress the Roman Catholic Church in Alsace Lorraine and includes a highly interpretive survey of the Reichsland's economic history which complements the portrayal of the development of territorial political parties Free from the nationalistic bias that detracts from most studies of Alsace Lorraine Reluctant Union fills a major gap in the history of imperial Germany and modern Europe **Classified**
