*Lectures on Homoeopathic Philosophy* James Tyler Kent, 1900      **Lectures on Homoeopathic Philosophy with Word Index (7 Vols. Set)** James Tyler Kent, 2000-01-01 Transcriptions of the lectures Kent gave to his classes in the study of the Organon      **Lectures on Homoeopathic Philosophy** James Tyler Kent, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1900 edition Excerpt PREFACE These lectures were delivered in the Post graduate School Of Homoeopathics and published in the Journal of Homoeopathies and now in somewhat revised form are given to the profession with the hope that they will prove useful to some in giving a clearer apprehension of the doctrines of Homoeopathy They are not intended in any sense to take the place of the Organon but should be read with that work in the form of a commentary the object in each lecture being to dwell upon the particular doctrine sufficiently to perceive and emphasize the master's thought Not all of the paragraphs in the Organon have been considered as many of them are sufficiently clear to the reader and their teaching is quite obvious Homoeopathy is now extensively disseminated over the world but strange to say by none are its doctrines so distorted as by many of its pretended devotees Homoeopathics treats of both the science and the art of healing by the law of similars and if the art is to remain and progress among men the science must be better understood than at present To apply the art without the science is merely a pretension and such practice should be relegated to the domain of empiricism To safely practice the art of curing sick people the homoeopathic physician must know the science It is not to be expected that this course of lectures covers the whole subject of homoeopathic philosophy but it is intended to serve as an introduction to further study and as a text book for students that they may have a sound starting and become interested in the objects of this work James Tyler Kent Evanston III July 1 1900 Preface to the Second Edition The first edition of this commentary on Hahnemann's Organon of Medicine orig      **Lectures on Homoeopathic Philosophy** James Tyler Kent, 1919      **Lectures on Homoeopathic Philosophy** James Tyler Kent, 1967      **Lectures in Homoeopathic Philosophy** James Tyler Kent, 1954      **Lectures on Homeopathic Philosophy** James Tyler Kent, In *Lectures on Homeopathic Philosophy* James Tyler Kent presents a comprehensive exploration of the fundamental principles and concepts that underpin the practice of homeopathic medicine Through a series of insightful lectures Kent elucidates the philosophical foundations of homeopathy providing practitioners and students with a deeper understanding of this holistic approach to healing This seminal work serves as an essential resource for those seeking to grasp the core tenets of homeopathic theory and apply them effectively in clinical settings      **Lectures on Homeopathic Philosophy** James Tyler Kent, 1993-02-03 As increasing numbers of people turn to alternative healing practices this classic text on the science and art of homeopathic medicine remains ever relevant Written at the turn of the twentieth century by a distinguished physician its concepts of health and healing are still ahead of our time Dr Kent summarizes interprets and systematizes the

traditions of homeopathy offering insights into the essential characteristics of the healing process how to take a case history how to study the case how to establish the hierarchy of symptoms in determining the appropriate remedy and above all how to decide what to do after the first prescription how to interpret the many reactions to therapy and how to achieve a scientific understanding of a cure This informative volume is must reading for any student or practitioner of homeopathy as well as any individual seriously interested in understanding the fundamental laws of health and healing     *Lectures on Homoeopathic Philosophy* J.
