Final Report on the WPA Program, 1935-1943, 1946 *The WPA* Sandra Opdycke, 2016-04-14 Established in 1935 in the midst of the Great Depression the Works Progress Administration WPA was one of the most ambitious federal jobs programs ever created in the U S At its peak the program provided work for almost 3 5 million Americans employing more than 8 million people across its eight year history in projects ranging from constructing public buildings and roads to collecting oral histories and painting murals The story of the WPA provides a perfect entry point into the history of the Great Depression the New Deal and the early years of World War II while its example remains relevant today as the debate over government s role in the economy continues In this concise narrative supplemented by primary documents and an engaging companion website Sandra Opdycke explains the national crisis from which the WPA emerged traces the program s history and explores what it tells us about American society in the 1930s and 1940s Covering central themes including the politics race class gender and the coming of World War II The WPA Creating Jobs During the Great Depression introduces readers to a key period of crisis and change in U S history Edith's War Peter A. Witt, 2018-04-09 Edith May Witt served her country by joining the Red Cross in World War II as a staff assistant or club woman in Oran Algeria and worked throughout the Mediterranean theater including several assignments in Italy Edith Witt was also a talented writer and left behind a rich archive that illuminates the wartime experiences of civilian women In her words The Clubs had Red Cross girls soldiers could talk to We worked long hard hours with sometimes a day off a week I was always tired high on excitement adventure joy and sorrow and thousands of people mostly men I got to know more about my country and about Americans than I had ever known before and I loved them dearly After her death Peter A Witt Edith s nephew painstakingly sifted through countless papers and letters to provide a nuanced and annotated portrait of the war through one woman s extraordinarily perceptive eyes And yet he found that Edith s devotion to service did not end with the war From marching to Selma with Martin Luther King Jr in 1965 to building community organizations in San Francisco in the 1970s to push for decent and affordable living Edith Witt remained a tireless advocate for social justice Edith s War is a welcome contribution to the social history of World War II and an inspiring tale of one woman s life of advocacy and service that encourages readers to embrace thoughtful action in their own lives Scholars and general readers alike will find Edith s War an engaging and enjoyable read Political Power and Social Theory Diane E. Davis, Christina Proenza-Coles, 2008-09-07 Deals with the comparative and historical social science This title focuses on a variety of questions relating to states citizenship and power common themes examined with divergent analytical entry points and through deep knowledge of country cases as diverse as Russia the United States El Salvador South Africa and Israel *Encyclopedia of Social Welfare History in North America* John M. Herrick, Paul H. Stuart, 2005 This

encyclopedia provides readers with basic information about the history of social welfare in Canada Mexico and the United States The intent of the encyclopedia is to provide readers with information about how these three nations have dealt with social welfare issues some similar across borders others unique as well as to describe important events developments and the lives and work of some key contributors to social welfare developments **The New Deal and States** James T.

Patterson,2015-12-08 Little has been written about the New Deal s effect at the state level How did the states act before the New Deal Did the Roosevelt administration promote progressive policies on the state level Did it destroy state initiative Was it discriminatory In what kinds of states did it seem to have the greatest impact and why What barriers were placed in the way of New Deal planning Professor Patterson traces trends in state affairs and in American federalism between 1920 and 1940 focusing on the states in relation to the federal government Though he pays attention to individual state variations he searches for generalizations which explain the pattern instead of presenting a routine state by state survey Originally published in 1969 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Handbook of Social Policy** James Midgley,Martin B.

Tracy,Michelle Livermore,2000 Comprises 33 papers grouped under five themes The Nature of social policy The History of social policy Social policy and the social services The Political economy of social policy and International and future perspectives on social policy **Museums and Public Art?** Cher Krause Knight,Harriet F. Senie,2018-06-11 While many museums have ignored public art as a distinct arena of art production and display others have either grudgingly or enthusiastically embraced it Some institutions have partnered with public art agencies to expand the scope of special exhibitions other museums have attempted to establish in house public art programs This is the first book to contextualize the collaborations between museums and public art through a range of essays marked by their coherence of topical focus written by leading and emerging scholars and artists Organized into three sections it represents a major contribution to the field of art history in general and to those of public art and museum studies in particular It includes essays by art historians critics curators arts administrators and artists all of whom help to finally codify the largely unwritten history of how museums and public art have and continue to intersect Key questions are both addressed and offered as topics for further discussion Who originates such public art initiatives funds them and most importantly establishes the philosophy behind them Is the efficacy of these initiatives evaluated in the same way as other museum exhibitions and programs Can public art ever be a permanent feature in any museum And finally are the museum and public art ultimately at odds or able to mutually benefit one another **Window Shopping with Helen Keller** David Serlin,2025-01-16 A particular history of how

encounters between architects and people with disabilities transformed modern culture Window Shopping with Helen Keller recovers a series of influential moments when architects and designers engaged the embodied experiences of people with disabilities David Serlin reveals how people with sensory and physical impairments navigated urban spaces and helped to shape modern culture Through four case studies the lives of Joseph Merrick aka The Elephant Man and Helen Keller the projects of the Works Progress Administration and the design of the Illinois Regional Library for the Blind and Physically Handicapped Serlin offers a new history of modernity's entanglements with disability

Long-range Public Investment Robert D. Leighninger, 2007 Long Range Public Investment The Forgotten Legacy of the New Deal is augmented by fifty eight photographs

Building New Deal Liberalism Jason Scott Smith, 2006 Providing the first historical study of New Deal public works programs and their role in transforming the American economy landscape and political system during the twentieth century Reconstructing the story of how reformers used public authority to reshape the nation Jason Scott Smith argues that the New Deal produced a revolution in state sponsored economic development The scale and scope of this dramatic federal investment in infrastructure laid crucial foundations sometimes literally for postwar growth presaging the national highways and the military industrial complex This impressive and exhaustively researched analysis underscores the importance of the New Deal in comprehending political and economic change in modern America by placing political economy at the center of the new political history Drawing on a remarkable range of sources Smith provides a groundbreaking reinterpretation of the relationship between the New Deal's welfare state and American liberalism

America Recovered Chad Riss, Jordan H. Carver, 2021-03-25 America Recovered reveals the point where abstract political processes manifest themselves in the physical world thus providing an alternate means of experiencing the contemporary American landscape Collectively the images and essays show what aspects of our everyday lives are being assigned value in the promise of a recovered America America Recovered collects forty images that mark one of the only efforts to document the breadth of projects funded by the 2009 American Recovery and Reinvestment Act Unlike the New Deal and other programs designed for employment and infrastructural development the Recovery Act was passed without any funds dedicated for photographic documentation Using an official government website as his guide Chad Riss took photographs of projects across the country The publication of America Recovered at this moment allows for a critical reassessment of the Act and its lasting impact on the American landscape The two essays by architectural writer Jordan H. Carver and photography historian Miriam Paeslack situate Riss's photographs within broader discourses of urbanism infrastructure and politics The question of what role the government should play in everyday life remains one of the touchstone issues in American politics The photographs and essays ask a different set of questions not whether government spending is good or bad whether it worked or didn't but what exactly does government spending look like And importantly America Recovered asks how government spending and civic identity are constructed around place

The Cambridge

Companion to Modern American Culture C. W. E. Bigsby, 2006-10-12 Publisher description The Green Depression Matthew M. Lambert, 2020-10-16 Dust storms Flooding The fear of nuclear fallout While literary critics associate authors of the 1930s and 40s with leftist political and economic thought they often ignore concern in the period's literary and cultural works with major environmental crises To fill this gap in scholarship author Matthew M Lambert argues that depression era authors contributed to the development of modern environmentalist thought in a variety of ways Writers of the time provided a better understanding of the devastating effects that humans can have on the environment They also depicted the ecological and cultural value of nonhuman nature including animal predators and pests Finally they laid the groundwork for environmental justice by focusing on the social effects of environmental exploitation To show the reach of environmentalist thought during the period the first three chapters of *The Green Depression* American Ecocriticism in the 1930s and 1940s focus on different geographical landscapes including the wild rural and urban The fourth and final chapter shifts to debates over the social and environmental effects of technology during the period In identifying modern environmental ideas and concerns in American literary and cultural works of the 1930s and 40s *The Green Depression* highlights the importance of depression era literature in understanding the development of environmentalist thought over the twentieth century This book also builds upon a growing body of scholarship in ecocriticism that describes the unique contributions African American and other nonwhite authors have made to the environmental justice movement and to our understanding of the natural world

Rural Renaissance L. Michelle Moore, 2022-08-16 For decades we've heard that local renewable power is on the horizon and cheaper technologies will one day revolutionize our energy system Michelle Moore has spent her career proving this opportunity is already here and any community no matter how small can build their own clean energy future *Rural Renaissance* Revitalizing America's Hometowns Through Clean Power is the inspiring and practical guide to igniting this transition today In *Rural Renaissance* Moore argues we don't have to wait for new legislation or technologies to begin our work From the White House to her hometown in rural Georgia Moore has gathered the tools needed to bring the far-reaching benefits of clean power to small communities particularly in rural America In this accessible guide Moore provides an overview of the current energy landscape including the federal state and local policies that will shape each community's unique approach Next she describes five pathways to clean power in rural America and strategies for achieving them including energy efficiency renewable power resilience including microgrids and battery storage the electrification of transportation and finally broadband internet Throughout this journey Moore shares stories of challenges and successes and encourages readers to design programs that address inequality Clean energy shouldn't be reserved for the wealthy or for sleek and modern city centers *Rural Renaissance* offers a vision of thriving rural communities where clean power is the spark that leads to greater investment vitality and equity We can start today and this book provides the toolbox **Additional**
