Gendering Talk:

Gendering Talk Robert Hopper, 2003 Men and women are not from separate planets Making an original and significant argument Gendering Talk puts gendered communication in perspective by showing that the problem with male female communication is not how men and women talk to each other but in how they listen By closely examining the details of actual conversations between women and men particularly the conversations of people coupling Hopper draws on theories of arousal relationship development and play to trace the ways in which romantic couplings begin Gendering Talk provides an engaging highly entertaining and far reaching analysis of the ways in which people actively gender their talk each other and the social world From the children s game Farmer in the Dell to excerpts from classic and modern literature and the media Hopper convincingly argues that talk between women and men is more alike than different

Talking Gender and Sexuality Paul McIlvenny, 2002 This edited volume brings together scholars from psychology linguistics sociology and communication science to investigate how performative notions of gender and sexuality can be fruitfully explored with the rich set of tools that have been developed by conversation analysis and discursive psychology for analyzing everyday practical language use agency and identity in talk Contributors re examine the foundations of earlier research on gender in spoken interaction critically appraise this research to see if and how it translates successfully into the study of sexuality in talk and promote innovative alternatives that integrate the insights of recent feminist and queer theory with qualitative studies of talk and conversation Detailed empirical analyses of naturally occurring talk are used to uncover how gender and sexual identities agencies and desires are contingently accomplished in conversational practices Collectively they pose the important question of what a critical theory of talk gender and sexuality ought to look like if it is to be sensitive to a politics of conversation analysis

De-Gendering Gendered Occupations Joanne McDowell, 2020-10-05 De Gendering Gendered Occupations brings together contributions from researchers on language and gender studies and workplace discourse to unpack and challenge hegemonic gendered norms encoded in what are traditionally considered female occupations The volume integrates a range of theoretical frameworks including conversation analysis pragmatics and interactional sociolinguistics to analyse data from such professions as primary education healthcare and speech and language therapy across various geographic contexts Through this lens the first part of the book examines men s linguistic practices with the second part offering a comparative analysis of male and female discourse The settings discussed here allow readers to gain insights into the ways in which cultural professional and gendered identity intersect for practitioners in these professions and in turn future implications for discourse around gendered professions more generally This book will be key reading for students and researchers in sociolinguistics discourse analysis gender studies cultural studies and professional discourse

Talk and Interaction in Social Research Methods Paul Drew, Geoffrey Raymond, Darin Weinberg, 2006-05-11 This book admirably fulfils its stated objective of describing social research methods in action and exploring from a range of

perspectives the linguistic shaping of social context Overall this is a balanced well edited and coherent collection of papers bringing together high quality work from recognized authorities in the analysis of talk in interaction It is also highly accessible it would certainly make an excellent resource book for undergraduate graduate and practising social scientists

Rebecca Clift University of Essex *Talk and Interaction in Social Research Methodologies* is a much needed methods text Focusing on research methods in action the volume offers a new way of viewing the realities of social research By taking language use seriously the text reveals the details and depths of a wide range of research projects as they have seldom been presented before This is the first book of its kind to offer such a powerful and insightful depiction of the role of talk in interaction in relation to social research methods The book s plan is creative and unparalleled There s nothing else like it The editors Paul Drew Geoffrey Raymond and Darin Weinberg represent the very best from multiple traditions of researching talk in interaction from both sides of the Atlantic The chapters are written by a sterling collection of researchers a virtual honor roll of conversation analysts and kindred spirits This book is a must read for social researchers of all disciplines who are interested in social interaction It should be assigned reading for all graduate students being introduced to qualitative methods It should be on every qualitative researcher s book shelf It is a tour de force in demonstrating the absolutely fundamental position that language use holds in social science methodology James A Holstein Marquette University This is a methodology text with a difference It demonstrates the importance of talk in a variety of social research methodologies Even documents the seemingly least interactional form of social data are shown to have important interactional dimensions The book focuses systematically on how sociological methods are essentially conducted through forms of spoken interaction and how these interactions shape the results that emerge in research The book demonstrates How spoken interactions shape the outcomes of core research methodologies The role which talk in interaction plays in key substantive areas of sociology notably race crime gender and media Reveals the interactional underpinnings of research methodologies This is the first text aimed at an undergraduate and Master s audience in Sociology and Social Research which shows the crucial part that spoken interaction plays in the conduct and products of conventional sociological methodologies

Gendered Talk at Work Janet Holmes, 2008-04-15 *Gendered Talk at Work* examines how women and men negotiate their gender identities as well as their professional roles in everyday workplace communication written accessibly by one of the field s foremost researchers explores the ways in which gender contributes to the interpretation of meaning in workplace interaction uses original and insightfully analyzed data to focus on the ways in which both women and men draw on gendered discourse resources to enact a range of workplace roles illustrates how a qualitative analysis of workplace discourse can throw light on the many ways in which workplace discourse provides a resource for constructing gender identity as one component of our complex socio cultural identity

Reading, Writing, and Talking Gender in Literacy Learning Barbara J. Guzzetti, Josephine Peyto Young, Margaret M. Gritsavage, Laurie M. Fyfe, Marie Hardenbrook, 2013-10-08 Until now there has been no systematic

analysis or review of the research on gender and literacy With all the media attention and research surveys surrounding gender bias and the inequities that continue to flourish in education a synthesis of the research studies was needed to raise awareness of gender issues in learning and literacy to provide successful interventions and recommendations to educators and to point out the direction for future inquiries by examining the unanswered questions of the existing research For the convenience of readers the studies are organized by genre gender and discussion reading writing electronic text and literacy autobiography Published by International Reading Association

Studies in Language and Social Interaction Jennifer Mandelbaum, 2003-01-30 This collection offers empirical studies and theoretical essays about human communication in everyday life The writings come from many of the world's leading researchers and cut across academic boundaries engaging scholars and teachers from such disciplines as communication sociology anthropology linguistics and education Chapters emphasize empirical qualitative studies of people's everyday uses of talk in interaction and they feature work in such areas as sociolinguistics conversation analysis discourse analysis and ethnography The volume is dedicated to and highlights themes in the work of the late Robert Hopper an outstanding scholar in communication who pioneered research in Language and Social Interaction LSI The contributors examine various features of human interaction such as laughter vocal repetition and hand gestures occurring naturally within a variety of settings at a dinner table a doctor's office an automotive repair shop and so forth whereby interlocutors accomplish aspects of their interpersonal or institutional lives resolve a disagreement report bad medical news negotiate a raise and more all of which may relate to larger social issues including police brutality human spirituality death and optimism The chapters in this anthology show that social life is largely a communicative accomplishment and that people constitute the social realities experienced every day through small and subtle ways of communicating carefully orchestrated but commonly taken for granted In showcasing the diversity of contemporary LSI research this volume is appropriate for scholars and graduate students in language and social interaction communication sociology research methods qualitative research methods discourse analysis conversation analysis linguistics and related areas
