John Brown Gordon Ralph Lowell Eckert, 2015-12-03 John Brown Gordon's career of prominent public service spanned four of America's most turbulent decades Born in Upson County Georgia in 1832 Gordon practiced law in Atlanta and in the years immediately preceding the Civil War developed coal mines in northwest Georgia In 1861 he responded to the Confederate call to arms by raising a company of volunteers His subsequent rise from captain to corps commander was unmatched in the Army of Northern Virginia He emerged from the Civil War as one of the South's most respected generals and the reputation that Gordon earned while wearing the gray significantly influenced almost every aspect of his life during the next forty years After the Civil War Gordon drifted into politics He was elected to the United States Senate in 1873 and quickly established himself as a spokesman for Georgia and for the South as a whole He eloquently defended the integrity of southern whites while fighting to restore home rule In addition to safeguarding and promoting southern interests Gordon strove to replace sectional antagonisms with a commitment to building a stronger more unified nation His efforts throughout his post war career contributed significantly to the process of national reconciliation Even in the wake of charges of corruption that surrounded his resignation from the Senate in 1880 Gordon remained an extremely popular man in the South He engaged in a variety of speculative business ventures served as governor of Georgia and returned for another term in the Senate before he retired permanently from public office He devoted his final years to lecture tours to serving as commander in chief of the United Confederate Veterans and to writing his memoirs *Reminiscences of the Civil War* Utilizing newspapers scattered manuscript collections and official records Ralph Eckert presents a critical biography of Gordon that analyzes all areas of his career As one of the few Confederates to command a corps without the benefit of previous military training Gordon provides a fascinating example of a Civil War citizen soldier Equally interesting however were Gordon's postwar activities and the often conflicting responsibilities that he felt as a southerner and an American The contributions that Gordon made to Georgia to the South and to the United States during this period are arguably as important as any of his career
