Learning From Other Worlds:

Learning from Other Worlds Patrick Parrinder, 2000 With an outspoken and penetrating afterword by Darko Suvin the contributors to this study convey the essence of cognitive estrangement in relation to science fiction and utopia All the contributors have been influenced by Suvin's ideas and beliefs Learning from Other Worlds Patrick Parrinder, 2000-12-01 A collection of new essays on science fiction and utopian literature honouring the work of Darko Suvin the scholar and literary theorist who co founded the journal Science Fiction Studies in 1973 The title of this volume attempts to convey the essence of cognitive estrangement in relation to SF and utopia that by imagining strange worlds we learn to see our own world in a new perspective The contributors have all been influenced by Darko Suvin's belief that the double movement of estrangement and cognition reflects deep structures of human storytelling Learning from otherness is as natural and inevitable a process as the instinct for imitation and representation that Aristotle described in his Poetics Though written from varying perspectives the essays in Learning from Other Worlds pay tribute to the intellectual and personal inspiration of Darko Suvin to whom the essays are dedicated Learning from Other Worlds Patrick Parrinder, 2001 A definite look at the state of science fiction studies today that surveys the field from Hugo Gernsback to the present *Other Worlds* Charlotte Hardman, 2020-09-02 This important ethnographic study explores the world view of the Lohorung Rai a hill tribe of about 3 000 members living in Eastern Nepal These rice farmers have a tradition of migration combined with hunting and gathering By examining Lohorung concepts and their discourse on self and emotion this book explores the way in which ancestral influence dominates the daily lives and rituals of the Lohorung It explores the other world of the Lohorung within which their concepts about the nature of the person and the natural world can be understood This study will be relevant not only to Himalayan experts but to all anthropologists interested in culture self and emotion **Other Worlds, Other Bodies** Emily Pierini, Alberto Groisman, Diana Espírito Santo, 2023-02-10 When approaching the multiplicity of the spiritual experiences of healing ethnographers are often presented with ideas of the existence of other worlds that may intersect with the so called material or physical worlds This book proposes a sensory ethnography of healing with a focus on ethnographic knowing as embedded in an embodied epistemology of healing Epistemological embodiment signals that personal scholarly experience of the unknown be it in the form of trance or as the embodiment of an other shapes the concepts of healing body trance self and matter by which ethnographers craft out analysis **Understanding Other Religious Worlds** Judith A. Berling, 2004-01-01 This book articulates a learning process to help educators improve approaches to other religious traditions Understanding Other Religious Worlds distinguishes between learning facts about other religions and understanding them and their followers in a wholistic manner Berling argues that incorporating the religious other in one's own Christian identity is integral to living an authentic Christian life BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved Other Worlds John H. Quigley,2015-08-11 Modern plays are strikingly diverse and as a result any attempt to locate an underlying unity between them encounters difficulties to focus on what they have in common is often to overlook what is of primary importance in particular plays to focus on their differences is to note the novelty of the plays without increasing their accessibility In this study first published in 1985 Austin E Quigley takes as his paradigm case the relationship between the world of the stage and the world of the audience and explores various modes of communication between domains He asks how changes in the structure of the drama relate to changes in the structure of the theatre and changes in the role of the audience Detailed interpretations of plays by Pinero Ibsen Strindberg Brecht Ionesco Beckett and Pinter question principles about the modern theatre and establish links between drama structure and theatre structure theme and performance space This World, Other Worlds María Cátedra Tomás,1992-11-15 The Vaqueiros de Alzada a cattle herding people in the Asturian mountains of Spain have one of the highest suicide rates in Europe and an attitude toward death that gives this statistic unusual meaning This World Other Worlds considers death among the Vaqueiros as a central cultural fact which reveals local ideas about the origin and destiny of humans the relations of humans and animals the configuration of the universe and the nature of society Interested chiefly in the conceptual and meaningful aspects of death Mar a C tedra focuses on the cultural resources with which the Vaqueiros confront their own mortality how they experience death and what this reveals about the way they see this world and other worlds Applying sensitive ethnographic insight to a rich body of oral testimony C tedra discloses an unsuspected symbolic universe native to the Vaqueiros Death is seen here in close coherent relation to pain age and suffering sickness and suicide one must understand the cultural valuation of different ways of dying and the conditions under which suicides take place To understand what it means to be a Vaqueiro is to understand how suicide can be perceived by a people as acceptable A groundbreaking work in European ethnography This World Other Worlds takes symbolic analysis to a new level In its illumination of local conceptions of death grace and sainthood the book also makes a substantial contribution to the anthropology of religion ORIGINS - Volume 4 - The Future White Eagle,2011-08-09 Have you ever Wondered About Aliens Pole Shift and the Future on Mother Earth About Noah s Ark and the Great Flood What the Creator s Plan is for the time when the Sun goes out and why He even let that be a possibility What will become of Mother Earth if Beings do not change their ways Have you considered what God s plan for the end of Life on Mother Earth is and Why In this fourth and last volume of Origins those questions are answered as are so very many many more The Great Adventure continues and concludes in Volume four In this volume Origins continues to share with the reader the Spiritual Odyssey of White Eagle as
