Learning With God:

The Best Way to Learn and Teach God's Word David Hawkins, 2021-04-12 An effective method for learning God's Word is to use a systematic strategy that involves seven consecutive steps. A good way to remember the order in which these seven steps should be taken is by referring to the acrostic PRIME AT. When you PRIME AT God's Word, you are preparing to better understand and use God's Word. The seven steps outlined in the acrostic are Pray, Read, Interpret, Meditate, Explore, Apply, and Teach. You should Pray that the Holy Spirit will guide your learning of God's Word. Read different versions of the Bible. Interpret scripture in your own words. Meditate on the meaning and purpose of the scripture. Explore commentaries, study guides, and other biblical references. Apply God's Word to your life. Teach others what you have learned. An effective way to teach God's Word is to engage people in active learning. This is best done by designing a pedagogical method that addresses the following questions: What do you want people to be able to do when they have finished the lesson? What will they need to know in order to do what should be done? How can you facilitate their learning? How do you assess learning? Establishing a set of learning outcomes is required to answer the first question. To answer the second question, one must identify the body of knowledge that must be acquired to accomplish the learning outcomes. This requires identifying a set of learning objectives that must be achieved. The best way to facilitate learning is to provide guided learning materials that address both learning outcomes and learning objectives and ask probing questions. And finally, some type of quiz or test needs to be developed in order to properly assess learning.

Learning to Know God Neva Coyle, 1993 Blending a rich understanding of the Word of God with practical insight and application, this devotional daybook offers studies which direct the reader's focus to a deeper and stronger relationship with God, centering on the wonderful invitation of John 15 to be fully united in Christ to such a depth that there is no life apart from Him and no accomplishment without Him.

Learning to Love God Richard Peace, 2015-04-28 God is alive and personal, but he is also spirit. So having a relationship with God is different than having a relationship with any other person. This study will help you discover how you can grow and nurture your relationship with the living God. You'll learn how to study the Bible as you examine and discuss topics such as Encountering God, Knowing God, Being Sure We Know God, Learning about God, Conversing with God, Worshiping God, Following God. Each chapter has three main sections: Group Study materials for a sixty to ninety minute small group Bible study; Study Resources, notes, and comments for use in both group and personal study; Personal Study, a series of reflection questions for use by group members on their own during the week. Extra help is available at the end of the book in the sections: The Art of Leadership, tips on how to lead a small group, and Small Group Leader's Guide, notes on each session. The goal of PILGRIMAGE GUIDES is to understand what it means for us to meet and know Jesus. Through an examination of the spiritual disciplines of Bible study, prayer, and worship, we experience what it means to be a spiritual pilgrim walking in a new way with God. And we look at how this new way changes the way we view others and live our lives in Christ. PILGRIMAGE GUIDES: Learning to Love God.
