Leave It to Psmith Sir Pelham Grenville Wodehouse, 2011-01-01 At the open window of the great library of Blandings Castle drooping like a wet sock as was his habit when he had nothing to prop his spine against the Earl of Emsworth that amiable and boneheaded peer stood gazing out over his domain It was a lovely morning and the air was fragrant with gentle summer scents Yet in his lordship s pale blue eyes there was a look of melancholy His brow was furrowed his mouth peevish And this was all the more strange in that he was normally as happy as only a fluffy minded man with excellent health and a large income can be A writer describing Blandings Castle in a magazine article had once said Tiny mosses have grown in the cavities of the stones until viewed near at hand the place seems shaggy with vegetation It would not have been a bad description of the proprietor Fifty odd years of serene and unruffled placidity had given Lord Emsworth a curiously moss covered look Very few things had the power to disturb him Even his younger son the Hon Freddie Threepwood could only do it occasionally Yet now he was sad And not to make a mystery of it any longer the reason of his sorrow was the fact that he had mislaid his glasses and without them was as blind to use his own neat simile as a bat He was keenly aware of the sunshine that poured down on his gardens and was yearning to pop out and potter among the flowers he loved But no man pop he never so wisely can hope to potter with any good result if the world is a mere blur The door behind him opened and Beach the butler entered a dignified procession of one Who s that inquired Lord Emsworth spinning on his axis It is I your lordship Beach Have you found them Not yet your lordship sighed the butler You can t have looked I have searched assiduously your lordship but without avail Thomas and Charles also announce non success Stokes has not yet made his report Ah I am re despatching Thomas and Charles to your lordship s bedroom said the Master of the Hunt I trust that their efforts will be rewarded Beach withdrew and Lord Emsworth turned to the window again The scene that spread itself beneath him though he was unfortunately not able to see it was a singularly beautiful one for the castle which is one of the oldest inhabited houses in England stands upon a knoll of rising ground at the southern end of the celebrated Vale of Blandings in the county of Shropshire Away in the blue distance wooded hills ran down to where the Severn gleamed like an unsheathed sword while up from the river rolling park land mounting and dipping surged in a green wave almost to the castle walls breaking on the terraces in a many coloured flurry of flowers as it reached the spot where the province of Angus McAllister his lordship s head gardener began The day being June the thirtieth which is the very high tide time of summer flowers the immediate neighbourhood of the castle was ablaze with roses pinks pansies carnations hollyhocks columbines larkspurs London pride Canterbury bells and a multitude of other choice blooms of which only Angus could have told you the names A conscientious man was Angus and in spite of being a good deal hampered by Lord Emsworth s amateur assistance he showed excellent results in his department In his beds

there was much at which to point with pride little to view with concern Scarcely had Beach removed himself when Lord Emsworth was called upon to turn again The door had opened for the second time and a young man in a beautifully cut suit of grey flannel was standing in the doorway He had a long and vacant face topped by shining hair brushed back and heavily brilliantined after the prevailing mode and he was standing on one leg For Freddie Threepwood was seldom completely at his ease in his parent s presence The Charm School Alice Duer Miller,Robert Milton,1922 Leave It to Psmith P. G. Wodehouse,2021-01-03T22:31:33Z Psmith down on his luck takes out a newspaper advertisement to undertake a job and the Hon Freddie Threepwood younger son of Lord Emsworth enlists Psmith to steal his Aunt Constance s diamond necklace Psmith inveigles himself into Blandings Castle posing as a Canadian poet He falls in love with Eve Halliday and has to survive the suspicious and Efficient Baxter In the meantime others in Blandings Castle are also after the necklace Sir Pelham Grenville Wodehouse was an English author and one of the most widely read humorists of the twentieth century After leaving school he was employed by a bank but disliked the work and turned to writing in his spare time His early novels were mostly school stories but he later switched to comic fiction creating several regular characters who became familiar to the public over the years Leave It to Psmith was originally serialized in the Saturday Evening Post in the U S and in Grand Magazine in the U K in 1923 It is the sequel to Psmith Journalist This book is part of the Standard Ebooks project which produces free public domain ebooks **Leave it to Psmith** Pelham G. Wodehouse,1923 **P. G. Wodehouse: A Life in Letters** P. G. Wodehouse,2013-02-04 The definitive edition of the letters many previously unpublished of England s greatest comic writer P G Wodehouse wrote some of the greatest comic masterpieces of all time So naturally we find the same humor and wit in his letters He offers hilarious accounts of living in England and France the effects of prohibition and how to deal with publishers He even recounts cricket matches played while in a Nazi internment camp Wodehouse wanted to show the stiff upper lip of the British in the toughest situations Over the years Wodehouse corresponded with relatives friends and some of the greatest figures of the twentieth century Agatha Christie Ira Gershwin Evelyn Waugh George Orwell and Sir Arthur Conan Doyle The letters are arranged chronologically with intersecting sections of biography written by Sophie Ratcliffe This is the only book you will need to understand the man behind the characters **Leave It to Psmith** P. G. Wodehouse,2019-03-12 This edition of Leave It to Psmith includes the illustrations that were originally published in the Saturday Evening Post in 1923 Drawn by May Wilson Preston they make a delightful story even more enjoyable This is the fourth and last novel featuring Psmith and the second novel set at Blandings Castle **The Novel Life of PG Wodehouse** Roderick Easdale,2014-06-18 Was PG Wodehouse really a traitor a naive simpleton dominated by his wife and out of touch with the world around him This book challenges many of the accepted wisdoms about PG Wodehouse and his work and skilfully entwines details of Wodehouse s life with an analysis of his work to show that contrary to popular belief many of the scenarios characters and issues he wrote about came from his own sometimes bitter personal experience It shows for instance how Bertie Wooster is a much

misunderstood figure in literature and shared many of the characteristics and life story of PG Wodehouse himself Easdale also gives fresh insight into PG Wodehouse's alleged treachery during World War II and his motives for making five radio broadcasts from Germany which were to cast a shadow over the rest of his life Easdale often finds an original angle with which to shatter stale accepted perception this book is compelling Country Life This fascinating examination offers a refreshing and accessible study of Wodehouse's work Press Association **Leave it to Psmith** Ian Hay, 1932
