Lecturas Hispanoamericanas:

Un mundo de novela. Lecturas de narrativa española e hispanoamericana Toni Montesinos, 2024-07-02 Tres décadas de lecturas de narrativa española e hispanoamericana se reúnen en esta obra de Toni Montesinos el crítico literario más prolífico en nuestro país de lo que llevamos de siglo. Tras una extensa introducción donde se cuestiona de modo implacable la censura de hoy en día y lo woke la banalización del libro como producto o la falta de autoexigencia artística de tantos escritores se ofrece un compendio de interpretaciones literarias que abarcan desde Fernando de Rojas hasta narradores actuales. A partir de textos de variado enfoque ensayos reseñas o entrevistas. Un mundo de novela invita a descubrir o releer a casi setenta autores hispanos ya clásicos o llamados a serlo en el futuro. **Lecturas hispanoamericanas** Salvador Novo, 1925

Annual Register University of Chicago, 1926 Literatura latinoamericana mundial Gustavo Guerrero, Jorge J. Locane, Benjamin Loy, Gesine Müller, 2020-01-20 From the perspective of Latin American Studies this volume offers a critical contribution to the current debate on world literature. It is structured around three conceptual blocks: gatekeepers as the dispositives and actors mediating the international circulation of literature; translation as an unavoidable but always problematic mechanism; and local literatures as modes of writing that remain intrinsically tied to their contexts. La poesía hispanoamericana del siglo XX a través de los textos María Luisa Rodríguez Antón, 2018-03-21 La poesía hispanoamericana del siglo XX a través de los textos. Seis comentarios ilustrativos es el resultado de una investigación que pretende ser una síntesis de esta materia en su conjunto pero delimitada y analizada en sus diferentes etapas desde el Modernismo llave que abre las puertas a la palabra poética de América hasta los últimos decenios del siglo XX algunos de cuyos autores continúan escribiendo en la actualidad. El libro consta de dos partes: una teórica inexcusable cuyos contenidos vienen ejemplificados por una cuidada selección de textos ilustrativos de las diferentes tendencias y autores estudiados y una segunda de carácter práctico resuelta en seis textos comentados de los máximos exponentes de las literaturas de Perú, Chile y Bolivia. El tratamiento del texto sigue una guía metodológica lingüística literaria que facilita enormemente el acercamiento a un texto dado constituyéndose así en un material didáctico muy útil para profesores, alumnos de Secundaria o Universidad o para cualquier estudioso del hecho literario. Es de destacar el tratamiento que la autora hace del lenguaje utilizado que concilia la claridad y concisión propia del lenguaje expositivo con un ejercicio estilístico de la expresión que nos enseña pero también nos conmueve y deleita. Privilegio este de la buena literatura. Este exquisito ensayo de María Luisa Rodríguez Antón es un libro que será un banquete para los estudiosos de literatura y en general de cualquier rama de las Letras por la sucinta pero rigurosa presentación del panorama poético hispanoamericano del último siglo por la acertada selección de los textos más representativos de nuestro país y de los vecinos pero sobre todo por el descubrimiento que supone para el lector el compartir ese universo casi matemático pero sublime y deleitante de sus análisis. Escrito con amenidad y soltura este libro exige una lectura atenta y esforzada que tendrá el gran premio de la comprensión y el descubrimiento amoroso de textos antes sólo acariciados. World Literature Gesine Müller,Jorge J. Locane,Benjamin Loy,2018-03-05 How can we talk about World Literature if we do not actually examine the world as a whole Research on World Literature commonly focuses on the dynamics of a western center and a southern periphery ignoring the fact that numerous literary relationships exist beyond these established constellations of thinking and reading within the Global South Re Mapping World Literature suggests a different approach that aims to investigate new navigational tools that extend beyond the known poles and meridians of current literary maps Using the example of Latin American literatures this study provides innovative insights into the literary modeling of shared historical experiences epistemological crosscurrents and book market processes within the Global South which thus far have received scant attention The contributions to this volume from renowned scholars in the fields of World and Latin American literatures assess travelling aesthetics and genres processes of translation and circulation of literary works as well as the complex epistemological entanglements and shared worldviews between Latin America Africa and Asia A timely book that embraces highly innovative perspectives it will be a must read for all scholars involved in the field of the global dimensions of literature *The Latin American Road Movie* Verónica Garibotto,Jorge Pérez,2016-07-28 This volume explores the ways films made by Latin American directors and or co produced in Latin American countries have employed the road movie genre to address the reconfiguration of the geographical sociopolitical economic and cultural landscape of Latin America

Modern Mexican Culture Stuart A. Day,2017-10-31 This collection of essays presents a key idea or event in the making of modern Mexico through the lenses of art and history Provided by publisher Borges and Kafka, Bolaño and Bloom Juan E. De Castro,2022-02-15 At a time in which many in the United States see Spanish America as a distinct and for some threatening culture clearly differentiated from that of Europe and the US it may be of use to look at the works of some of the most representative and celebrated writers from the region to see how they imagined their relationship to Western culture

and literature In fact while authors across stylistic and political divides like Gabriela Mistral Jorge Luis Borges or Gabriel García Márquez see their work as being framed within the confines of a globalized Western literary tradition their relationship rather than epigonal is often subversive Borges and Kafka Bolaño and Bloom is a parsing not simply of these authors reactions to a canon but of the notion of canon writ large and the inequities and erasures therein It concludes with a look at the testimonial and autobiographical writings of Rigoberta Menchú and Lurgio Gavilán who arguably represent the trajectory of Indigenous testimonial and autobiographical writing during the last forty years noting how their texts represent alternative ways of relating to national and on occasion Western cultures This study is a new attempt to map writers diverse ways of thinking about locality and universality from within and without what is known as the canon
