Economic Progress Its Everybodys Business:

Economic Progress -- It's Everybody's Business Richard L. Leshner, 1980 *Everybody's Business* Jon Miller, 2013-10-10

Sometimes it seems as if business exists purely to enrich a small elite While the world is facing unprecedented challenges it appears that businesses are only interested in making profits or paying bonuses Big businesses are powerful machines We all know they have the potential to cause enormous social and environmental harm but with their resources and expertise they can also be great engines of positive change Rather than fighting the power of business should we be seeking to harness it Everybody's Business is a journey through the business world We meet the companies that are driving business forward by mobilising to tackle the challenges we all face At its heart this is a story of businesses doing what they do best delivering products and services that people need creating jobs and finding new ways to solve old problems It's a story of people taking the initiative and finding inspiration in the positive impact of their actions We see how some of today's leading companies are realising that lasting success comes from having a purpose broader than making a profit They know that business should benefit customers employees suppliers neighbours and the wider world as well as shareholders Enduring value comes from making business work for everybody *Voice of Business* Richard Leshner, Dave Scheiber, 2017-05-15 From small town life to the world stage Richard Leshner's inspiring tale is one of dogged determination The son of an alcoholic and violent father in Depression era Pennsylvania Leshner worked his way through school eventually overseeing NASA's vital technological transfer program during the race to the moon His greatest achievement however was serving as president of the US Chamber of Commerce from the Ford through the Clinton administrations Working closely with the presidents especially Reagan he modernized the Chamber over 22 years and dramatically expanded its national and international outreach Believing strongly in the power of the free enterprise system Leshner became a key voice and agent of economic change in former communist countries in the 1990s Respected and admired by presidents officials and world leaders on both the left and right Leshner has lived a hopeful and uniquely American story a remarkable testament to personal perseverance and the ever present opportunities in a free society **Congressional Record** United States.
