Comforting the Bereaved Through Listening and Positive Responding Dr. Dee Stern L.C.P.C. PsyD, 2022-01-27 We don't seem to handle grief very well whether it's our own or someone close to us Part of the problem is that we live in a death denying society where many people feel awkward using terms like death dying or dead We rarely say that someone has died and instead use metaphors to soften the blow This book helps families friends colleagues and professionals to understand what someone who has lost a loved one is feeling Topics include the death of a child teen adult older adult spouse sibling mentally challenged individuals death of a pet and pets grieve too The author answers questions such as Why are there fewer rituals surrounding death today What do you say to someone who has lost a loved one How long do the bereaved continue to grieve What does it mean to be going through complicated grief Grief is the great equalizer and no matter who or what we are or how rich or poor grief can bring us to our knees But you can navigate it in a healthier way with the lessons in Comforting the Bereaved through Listening and Positive Responding
