First Drafts, Last Drafts William McPherson, 1989 Cultural Writing Newly available from SPD A catalogue of an exhibit of short stories novels and poetry of twenty writers who are linked both by their importance to contemporary American letters and by their association with Stanford's Creative Writing Program Authors included in the exhibition include Wendell Berry Edgar Bowers Raymond Carver Evan S Connell Harriet Doerr Ernest J Gaines Thom Gunn Donald Hall Robert Hass Donald Justice Philip Levine Thomas McGuane Larry McMurtry N Scott Momaday Tillie Olsen Robert Pinsky Alan Shapiro Scott Turow Tobias Worlff and Al Young *Tell Me a Riddle* Tillie Olsen, 1995 Contains an authoritative text of the story along with a chronology critical essays and a bibliography **Protest and Possibility in the Writing of Tillie Olsen** Mara Faulkner, 1993 Tillie Olsen's fiction and nonfiction portray with all their harsh contours the lives of people who cannot speak for themselves or whose words have been forgotten or ignored Olsen's writing is neither serene nor despairing In this sensitive thematic reading Mara Faulkner shows that its most subversive function is the assertion that human life can be other than and more than it is Olsen's promise of full creative life aims to make her readers forever dissatisfied with physical emotional and intellectual starvation Faulkner finds in Olsen's writing a triple layered pattern combining protest against oppression blight celebration of courage and strength fruit and the heartening dream of a radically transformed future world possibility She focuses on four of Olsen's main themes motherhood the relationship between men and women community and language and shows how because of social and economic circumstances potentially creative tensions become destructive contradictions motherhood stifles women's lives patriarchy and poverty turn men into enemies of women and children communities force their members into betrayal and language distorts or erases human experience Olsen reveals according to Faulkner the overlapping oppressions of class race gender nationality education and age that both link people and set them apart Yet she refuses to exalt suffering and deprivation In this comprehensive examination of a literature of social consciousness Faulkner approaches Olsen's works within their historical social and political contexts without treating them as propaganda In fact she shows that it is Olsen's compressed poetic style that gives her writing its revolutionary power She illuminates both the author's individual talent and the traditions in which her works were created traditions of women writers of color writers of the working class and writers who were immigrants or children of immigrants **Wallace Stegner and the American West** Philip L. Fradkin, 2009-02-17 Respectful of his subject but never worshipful Fradkin has given us our first full critical portrait of the man and his protean career Hampton Sides author of *Blood and Thunder* An Epic of the American West **Listening to Silences : New Essays in Feminist Criticism** Elaine Hedges Professor of English and Director of Women's Studies Towson State University, Austin Shelley Fisher Fishkin Professor of American Studies and English University of Texas, 1994-09-22 **Conversations with Thomas McGuane** Thomas McGuane, 2007 Collected interviews with the author of *Ninety two in the Shade* *The Sporting Club* and other novels **Tillie Olsen** Joanne S.

Frye, 1995 In the four pieces gathered in her 1962 collection *Tell Me a Riddle I Stand Here Ironing Hey Sailor What Ship O Yes* and the title piece and in the 1970 story *Requa* I Olsen addresses the problem of how to interpret the experiences or as she would call them life comprehensions of those living outside the mainstream culture in a form literature whose very nature has been defined by that same culture The result writes Joanne Frye in this ambitious study of Olsen's short fiction is a small body of work with many layers densely packed that conveys with lyricism and keen perception both the grace and the hardship inherent in people's daily lives Frye's assessment also includes a comprehensive survey of the scholarship on Olsen as it grew from a scattered mostly positive response to her artistry in the politically conservative 1950s and early 1960s to a feminist outpouring as the women's movement took hold in the late 1960s and the 1970s More recent studies of Olsen's work complement the earlier criticism with more direct investigations of its biographical and political underpinnings
