Theatre and Celebrity in Britain 1660-2000 Mary Luckhurst,Jane Moody,2005-10-18 Theatre has always been a site for selling outrage and sensation a place where public reputations are made and destroyed in spectacular ways This is the first book to investigate the construction and production of celebrity in the British theatre These exciting essays explore aspects of fame notoriety and transgression in a wide range of performers and playwrights including David Garrick Oscar Wilde Ellen Terry Laurence Olivier and Sarah Kane This pioneering volume examines the ingenious ways in which these stars have negotiated their own fame The essays also analyze the complex relationships between discourses of celebrity and questions of gender spectatorship and the operation of cultural markets **Early Shakespearean Actresses** John W.

Crawford,1984 One of the innovations of the Restoration in England was to introduce publicly the female actor on stage with the reopening of the theatres Charles II not only created two companies with his return to England but promoted the concept of females as actors It took courage for the first ones to enter this questionable vocation considering the history the stage had achieved in Elizabethan and Stuart times a history that demonstrated much criticism about the morality of dramatists and actors Restoration actresses like George Anne Bellamy and Dora Jordan as well as early eighteenth century actresses like Catherine Clive and Peg Woffington proved that much individuality did indeed exist among the first and even though the theatre had gained a much better reputation by the early nine teenth century still actresses like Ellen Terry and Julia Marlowe were often the talk of the town because of their personal lives Yet these women proved that there is a place for the actress in modern drama **Annual Bibliography of English Language and Literature , Focus On: 100 Most**
