## **Islam Politics In Central Asia Pr:**

Islam, Society, and Politics in Central Asia Pauline Jones, 2017-07-20 During the 1990s there was a general consensus that Central Asia was witnessing an Islamic revival after independence and that this occurrence would follow similar events throughout the Islamic world in the prior two decades which had negative effects on both social and political development. Twenty years later we are still struggling to fully understand the transformation of Islam in a region that evolved through a complex and dynamic process involving diversity in belief and practice, religious authority and political intervention. This volume seeks to shed light on these crucial questions by bringing together an international group of scholars to offer a fresh perspective on Central Asian states and societies. The chapters provide analysis through four distinct categories: the everyday practice of Islam across local communities; state policies toward Islam focusing on attempts to regulate public and private practice through cultural, legal and political institutions; and how these differ from Soviet policies; how religious actors influence communities in the practice of Islam; state policies towards the religion and subsequent communal responses to state regulations; and how knowledge of and interaction with the larger Islamic world is shaping Central Asia's current Islamic revival and state responses. The contributors, a multidisciplinary and international group of leading scholars, develop fresh insights that both corroborate and contradict findings from previous research while also highlighting the problem of making any generalizations about Islam in individual states or the region. As such, this volume provides new and impactful analysis for scholars, students and policy makers concerned with Central Asia.

*Civil Society and Politics in Central Asia* Charles E. Ziegler, 2015-02-27 The five Central Asian states of Kazakhstan, Uzbekistan, Kyrgyzstan, Tajikistan and Turkmenistan constitute an area of increasing importance in global politics. The region currently serves as the main route for transporting American and NATO supplies and personnel into Afghanistan. Its Turkic Muslim peoples share ethnic and religious roots with China's Uighurs in neighboring Xinjiang where some Uighurs have connections to the Taliban in Afghanistan and Pakistan, fueling Beijing's already acute fears of terrorism and separatism. Perhaps most importantly, the Caspian basin holds immense reserves of oil and natural gas. Countries rich in hydrocarbons like Kazakhstan, Turkmenistan and Uzbekistan can benefit greatly from this wealth but often they must rely on foreign companies, usually backed by foreign governments, to develop these resources. Revolts in Kyrgyzstan in 2005 and 2010 and Uzbekistan in 2005, Tajikistan's civil war in the 1990s and continued terrorist incidents, 2010-2011 strikes and suicide bombings in Kazakhstan in 2011 have contributed to concerns about stability in the region. In *Civil Society and Politics in Central Asia*, a prominent group of scholars assesses both the area's manifold problems and its emerging potential, examining the often uneasy relationship between its states and the societies they govern. A meticulously in-depth study, the volume demonstrates the fascinating cultural complexity and diversity of Central Asia. Small, landlocked and surrounded by larger powers, Central Asian nations have become adept at playing their neighbors against each other in order to maximize their own abilities to maneuver. The

essays in this book look beyond the surface of Central Asian politics to discover the forces that are working for political change and continuity in this critical region of the world *Empire, Islam, and Politics in Central Eurasia* Tomohiko Uyama, 2007 *Political Islam in Central Asia* Emmanuel Karagiannis, 2009-12-04 The terrorist attacks in the United States on 9/11 and the U.S. led military campaign against the Taliban regime in Afghanistan have intensified scrutiny of radical Islamic groups across Central Asia. This book offers one of the first comprehensive studies of the activities of one of the most feared but least understood international Islamist organizations in post-Soviet Central Asia, Hizb ut Tahrir, that is, The Party of Islamic Liberation. By utilizing social movement theory, the book analyses political Islam in Central Asia in general and the phenomenon of Hizb ut Tahrir in particular. It reveals the critical role of its ideology based on a selective interpretation of Islamic theology and history in the party's recruiting success. Using primary sources including the group's publications and documents, official reports alongside interviews with scholars, security experts, mullahs, journalists, diplomats, government officials, and group members, it covers the rise of political Islam in the post-Soviet Central Asia alongside the origins and current status of Hizb ut Tahrir, its leadership, ideology, political methodology, and party structure, and its rise in the region from Kazakhstan to Russia and China. Although the organization has received less international examination partly because it has advocated a non-violent approach toward its goals, this book sketches its prospective future relationship to violence in this key region.

**Islam, Oil, and Geopolitics** Elizabeth Van Wie Davis, Rouben Azizian, 2006-11-06 Since the tragic events of September 11, Central Asia has been drawn into the intense struggle of the international community against the forces of religious extremism and transnational crime. The great powers were able to put aside their geopolitical differences in order to crush al Qaeda and the Taliban. With the marginalization of the Taliban and the eviction of al Qaeda from Afghanistan, however, the tension between the great powers is notably increasing as is the discomfort of Central Asian states who find themselves their political development and their oil reserves in the middle of a renewed Great Game. *Islam, Oil, and Geopolitics* is a truly international volume including chapters written by senior scholars, upcoming students in the field, prominent diplomats, and renowned academics from Russia, China, the United States, and the Central Asian republics. They collaborate to focus on three important issues that are usually and unfortunately analyzed separately: Islamic political issues, energy security, and geopolitical maneuvering. Once an obscure and little-known region, Central Asia has become an important test of America's ability to consistently promote global liberal change, of Russia's true foreign policy agenda, and of China's readiness to translate economic power into political influence. Terrorism, economics, and politics all converge in this strategic region with important implications for Asia and the world. This significant and timely volume helps readers understand current events in Central Asia and how those events affect the rest of the world.

Shimizu Thomas W Simons Jr Robert Smith Sergei Trough Kang Wu and Shi Yinhong *Political Islam and Democracy in Central Asia* Ajam Kalonov, 2023-06-30 *Political Islam and Democracy in Central Asia* is a study of moderation of political Islam in Central Asia. It analyses the only Islamic political party that was ever allowed to participate in elections in Central Asia and contributes to the debate on the radicalization or moderation of Islamic political parties. The book examines the Islamic Revival Party of Tajikistan (IRPT) which has been the only legal Islamic party in post-Soviet Central Asia until 2015 and has been recognized by many observers as moderate. Studying the ideological change of the party which happened after its inclusion into political process, the book identifies their moderation as either tactical or ideological. The author examines and describes the main factors that led the IRPT toward moderation with a focus on the inclusion moderation hypothesis which concludes that inclusion can lead to moderation. Based on extensive analytical data, the author provides reasons for the moderation of the Tajik Islamists. It also challenges the ideological moderation of the Tajik Islamists by examining their attitudes toward the conventions of the modern democratic political system. Providing a detailed analysis of moderate Islamism and its controversial challenges for the modern world, this book will be of interest to researchers in the fields of Political Science, electoral politics, Islamic studies, and Area Studies with particular reference to Central Asia. **Politicizing Islam in Central Asia** Kathleen Collins, 2023 A sweeping history of Islamism in Central Asia from the Russian Revolution to the present through Soviet-era archival documents, oral histories, and a trove of interviews and focus groups. Few observers anticipated a surge of Islamism in Central Asia after seventy years of forced communist atheism. Muslims do not inevitably support Islamism, a modern political ideology of Islam. Yet Islamism became the dominant form of political opposition in post-Soviet Uzbekistan and Tajikistan. In *Politicizing Islam in Central Asia*, Kathleen Collins explores the causes, dynamics, and variation in Islamist movements, first within the USSR and then in the post-Soviet states of Tajikistan, Uzbekistan, and Kyrgyzstan. Drawing upon extensive ethnographic and historical research on Islamist mobilization, she explains the strategies and relative success of each Central Asian Islamist movement. Collins argues that in each case, state repression of Islam by Soviet and post-Soviet regimes together with the diffusion of religious ideologies motivated Islamist mobilization. Sweeping in scope, this book traces the dynamics of Central Asian Islamist movements from the Soviet era through the Tajik civil war, the Afghan jihad against the US, and the foreign fighter movement joining the Syrian jihad. **Being Muslim in Central Asia**, 2018-01-03 This volume explores the changing place of Islam in contemporary Central Asia, understanding religion as a societal shaper, a roadmap for navigating quickly evolving social and cultural values. Islam can take on multiple colors and identities, from a purely transcendental faith in God to a cauldron of ideological ferment for political ideology via diverse culture, community, and history-based phenomena. The volume discusses what it means to be a Muslim in today's Central Asia by looking at both historical and sociological features, investigates the relationship between Islam, politics, and the state, the changing role of Islam in terms of societal values, and the issue of female attire as a public debate. **Islam in Politics in Russia and Central Asia** Stephane A. Dudolgnon, Komatsu Hisao, 2013-11-05 First Published in 2001 This volume contains the proceedings of the international colloquium held by the IAS Project in October 1999 These papers deal with the modern and contemporary history of Central Eurasia for a comprehensive reflection on various phenomena that led to a political valuation of Islam under non Muslim domination whether Russian or Chinese since the beginning of the 18th century A comparative approach to the current situations in the Russian Federation and the newly independent states of Central Asia has allowed us to study the various modes of the political instrumentalization of Islam by both political power and opposition in such various areas as the Ferghana Valley in Uzbekistan and the Volga Urals region of Russia

**Islam after Communism** Adeeb Khalid, 2014-02-08 How do Muslims relate to Islam in societies that experienced seventy years of Soviet rule How did the utopian Bolshevik project of remaking the world by extirpating religion from it affect Central Asia Adeeb Khalid combines insights from the study of both Islam and Soviet history to answer these questions Arguing that the sustained Soviet assault on Islam destroyed patterns of Islamic learning and thoroughly de Islamized public life Khalid demonstrates that Islam became synonymous with tradition and was subordinated to powerful ethnonational identities that crystallized during the Soviet period He shows how this legacy endures today and how for the vast majority of the population a return to Islam means the recovery of traditions destroyed under Communism Islam after Communism reasons that the fear of a rampant radical Islam that dominates both Western thought and many of Central Asia s governments should be tempered with an understanding of the politics of antiterrorism which allows governments to justify their own authoritarian policies by casting all opposition as extremist Placing the Central Asian experience in the broad comparative perspective of the history of modern Islam Khalid argues against essentialist views of Islam and Muslims and provides a nuanced and well informed discussion of the forces at work in this crucial region

*Islam and Politics in Central Asia* Mehrdad Haghighi, 1996 The assumption that the Central Asian states would on independence fall under the sway of fanatical Muslim clergy subject to the dictates of neighbouring Iran has so far proved less than accurate In fact there has been a far greater religious diversity in the region than was first anticipated This apparent misconception as to the monolithic nature of Islam in Central Asia has been largely due to the scarcity of information under the closed Soviet system and the peripheral status of the region of the geo political calculations of the West Mehrdad Haghighi s book offers a more sophisticated understanding of the dynamics of Islam in these loosely interrelated republics

**Identity and Politics in Central Asia and the Caucasus** Mohammed Ayoob, Murad Ismayilov, 2015-02-20 The multicultural region of Central Eurasia is living through its early post independence years and as such serves as an ideal case to study and analyse theories of identity and foreign policy in a non European context Looking to

re introduce identity as a multidimensional factor informing state behaviour this book analyses the experiences of the different Central Eurasian states in their post independence pursuits The book is structured into two broadly defined sections with the first half examining the different ways in which the combination of domestic regional international and trans national forces worked to advance one national identity over the others in the states that comprise the region of post Soviet Central Eurasia In the second half chapters analyse the many ways in which identity once shaped affected foreign policy behaviours of the regional states as well as the overall security dynamics in the region The book also looks at the ways in which identity by doing so enjoys an intricate mutually constitutive relationship with the strategic context in which it bears its effects on the state and the region Finally given the special role Russia has historically played in defining the evolutionary trajectory of the regional states the book discusses the ways in which Russia itself and its post cold war policies towards its former colonies have been conditioned by factors associated with Russia s evolving post Soviet identity Placing the region firmly within existing theories of identity and state practices the book will be of interest to students and scholars of Central Asian Politics Security Studies Foreign Policy and International Relations Radical Islam in Central Asia Vitaly V.
