Pitchforks and Torches Keith Olbermann, 2010-09-23 An irresistible new collection from the New York Times bestselling author and host of MSNBC's Countdown with Keith Olbermann. In his particular wit and style, Keith Olbermann skewers politicians, celebrities, and people behaving badly every weeknight on MSNBC's increasingly popular Countdown with Keith Olbermann. This book starts right after President Obama's election and collects all of Olbermann's acclaimed Special Comments, a few of his Quick Comments, all but one of his feature WTF selections of Bushed and Still Bushed, and of course a healthy dose of The Worst Person in the World. Covers everything from gay marriage to Sarah Palin and the Bush legacy, plus Sean Hannity, Glenn Beck, and of course Bill O'Reilly. Olbermann is a frequent poster to the popular website DailyKos where his audience has shown itself as fervid and highly supportive. New from the New York Times bestselling author of The Worst Person of the World and Truth and Consequences. Showcasing Olbermann at his most controversial, outspoken, and entertaining, Pitchforks and Torches cuts to the truth in a world of lies.

Sex at Work Mari Florence, Ed Fortson, 2001 After nearly two generations of law, politics, and business practices aimed at balancing the roles that men and women play in the workplace, sex remains a major controversy in business. Mari Florence considers all the company policies, both good and bad, and helps make sense out of a confusing array of sexual mores and motives.

Desistance from Sexual Offending Danielle Arlanda Harris, 2017-11-25 This book describes the complex process of desistance from sexual crime as told by 74 men incarcerated for sexual offenses and released back into the community. Unlike much of the research on this topic, Harris places strong emphasis on how men who have committed serious sexual offenses come to stop offending and end their criminal career. Drawing on in-depth interviews, Harris outlines three main strategies that the men employ in order to pursue offense-free lives: The Retirement Strategy is divided into those who appear to simply resign and those who go on to rebuild their lives; The Regulation Strategy characterizes desistance as a product of one's ability to navigate increasingly restrictive legislation; restricted, rehearsed, resistant, and reclusive desistance. The men who describe their desistance in terms of Recovery do so either through rehabilitation or through resilience. This original and engaging study will be of great interest not only to academics who study sexual aggression but also to those who have survived sexual abuse themselves and anyone working with survivors of sexual abuse. Individuals convicted of sexual offenses, their families, and their communities.
