Israel Defense Forces A Peoples Army:

The Israel Defense Forces Louis Williams, 2000-09-29 Insiders view of the Army of Israel its structure its men and women and its most memorable actions Israel's Civil-Military Relations and Security Sector Reform Ian Westerman, 2024-02-13 This book examines Israel's civil military relations CMR in order to explore alternatives to orthodox Western models of security sector reform SSR in post conflict societies This book argues that the guidelines of SSR have always tended to draw on theoretical work in the field of CMR and focus too heavily on Western liberal democratic models of governance Consequently reform programs based on these guidelines and intended for use in post conflict and conflict affected states have had at best mixed results The book challenges the necessity for this over reliance on traditional Western liberal democratic solutions and instead advocates an alternative approach It proposes that by drawing on an unconventional CMR model that in turn references the specific context and cultural background of the particular state being subject to reform there is a significantly higher chance of success Drawing on a case study of Israel's CMR the author seeks to provide practical assistance to those working in this area and considers the question of how this unorthodox CMR model might usefully inform post conflict and conflict affected SSR programmes This book will be of interest to students of military studies security studies Israeli politics and International Relations *Israel's Armed Forces in Comparative Perspective* Stuart A. Cohen, 2010-01-21 This edited book constitutes the first detailed attempt at a comparative international analysis of the transformations that are currently affecting the composition of the Israel Defense Forces IDF and their place in Israeli society Focusing primarily on deviations from the traditional norm of universal military service the book compares the emergence of a new type of citizen army in Israel with the formats that have in recent decades become evident in other western democracies In addition these essays correct the conventional tendency to concentrate almost exclusively on the influences stimulating military institutional change in the West and thereby to overlook the equally important factors that retard its momentum By contrast this volume deliberately highlights the brakes as well as the accelerators in current processes thereby presenting a far more faithful picture of their complexity This book will be of much interest to students of Israeli politics military studies Middle Eastern politics security studies and IR in general Stuart Cohen is a senior research associate of the BESA Begin Sadat Center for Strategic Studies and also teaches political studies at Bar Ilan University Israel His most recent book is *Israel and its Army From Cohesion to Confusion* Routledge 2008 *Global Spread of Chemical and Biological Weapons* United States. Congress. Senate. Committee on Governmental Affairs, 1990 Special Bibliography Series United States Air Force Academy. Library, 1996 **The History of Officer Social Origins, Selection, Education and Training Since the Eighteenth Century** Elliott Vanveltner Converse, 1996 **Special Bibliography Series**, 1957 **The Arab Military Option** Saad Shazly, 1986 An analysis of the future balance of power in the Middle East General Shazly examines the present and future military capabilities of Israel and the Arab countries and analyses them in relation to

the historic political and economic conditions that shape them He contends that the Arabs can negotiate a just settlement only from a position of strength and explains why political options are not viable unless backed by an Arab military capability

Shield of David: The Story of Israel's Armed Forces Yigal Allon, 2019-08-09 Shield of David tells the history of the Jews armed forces from the Palestine Yishuv s first efforts at self defense in the early 1900s under the Ottoman Empire and the British Mandate during Israel s 1948 War of Independence the 1956 Suez Campaign and until the 1967 Six Day War In recent years most particularly since the Six Day War of June 1967 people throughout the world have asked themselves how it happened that the Israel Defence Forces won so resounding a victory over the Arab armies What suddenly endowed the Jewish people traditionally non martial with such impressive military skills What is the secret of the prowess of Israeli soldiers airmen and sailors The answer of course is that nothing happens suddenly that the modern story of Jewish self defence in the Land of Israel dates back some eighty years and is the result of the commitment and dedication to national survival of many men and women most of whom seeking no publicity received none This book is my

attempt to tell part of that little known story as simply briefly and clearly as possible Yigal Allon Author's Note 1970 *Air University Library Index to Military Periodicals*, 1996 *The Encyclopedia of the Arab-Israeli Conflict* Spencer C.

Cohen, 2016-05-13 Religion now plays an increasingly prominent role in the discourse on international security Within that context attention largely focuses on the impact exerted by teachings rooted in Christianity and Islam By comparison the linkages between Judaism and the resort to armed force are invariably overlooked This book offers a corrective Comprising a series of essays written over the past two decades by one of Israel's most distinguished military sociologists its point of departure is that the establishment of the state

of Israel in 1948 quite apart from revolutionizing Jewish political activity also triggered a transformation in Jewish military perceptions and conduct Soldiering which for almost two millennia was almost entirely foreign to Jewish thought and practice has by virtue of universal conscription for women as well as men become a rite of passage to citizenship in the Jewish state For practicing orthodox Jews in Israel that change generates dilemmas that are intellectual as well as behavioural and has necessitated both doctrinal and institutional adaptations At the same time the responses thus evoked are forcing Israel's decision makers to reconsider the traditional role of the Israel Defence Force IDF as their country's most evocative symbol of national unity
