**G Thomas**

## **Israel Land And People:**

**The People, the Land, and the Future of Israel** Darrell L. Bock, 2014-09-10 What does the Bible teach about the role of the Jewish people and the nation of Israel today What is God's plan for the future of Israel and the neighboring countries How can believers in Jesus be part of God's peace process in the Middle East The People the Land and the Future of Israel walks through the Bible's account of the role of Israel and the Jewish people both now and in the future Each contributor offers a profound insight into God's unfolding plan and purpose for the nation of Israel as the Scripture depicts them Readers will gain a deeper understanding of both current and future events in the Middle East as described in both the Hebrew Scriptures and the New Testament Features an extensive foreword by best selling author Joel Rosenberg who addresses the question Will there ever be peace for Israel and her neighbors Each chapter includes a scannable QR code that links to a short video introduction by the author of that chapter introducing its topic Discussion questions in each chapter aid book group and classroom discussion

**Contemporary Catholic Approaches to the People, State, and Land of Israel** Gavin D'Costa, Faydra Shapiro, H. B. Pierbattista Pizzaballa, 2022-02-18 After Vatican II the Roman Catholic Church began a process of stripping away anti Jewish sentiments within its theological culture One question that has arisen and received very scant attention regards the theological significance of the founding of the state of Israel in 1948 and the attendant nakba the plight of the Palestinian people Some American evangelical Christians have developed a theology around the state of Israel associating themselves with Zionism Some Christian groups have developed a theology around the suffering of the Palestinian people and demand resistance to Zionism This unique collection of essays from leading Catholic theologians from the United States Germany France Italy Switzerland England and the Middle East reflect on the theological status of the land of Israel These essays represent an exhaustive range of views None avoid the new Catholic theology regarding the Jewish people Some contributors see this as leading towards a positive theological affirmation of the state of Israel while distancing themselves from Christian Zionists All contributors are committed to rights of the Palestinian people Some affirm the need for strong diplomatic and political support for Israel along with equal support for Palestinians arguing that this is as far as the Church can go Others argue that the Church's emerging theology represents the guilt conscience of Europe at the cost of the Palestinian people None deny the right of Jews to live in the land Two Jewish scholars respond to the essays creating an atmosphere of genuine interfaith dialogue which serves Catholics to think further through these issues

*The Jewish People, the Holy Land, and the State of Israel* Richard C. Lux, 2010 Over forty years have passed since the 1965 Second Vatican Council's groundbreaking declaration *Nostra Aetate* which promoted an ongoing and necessary relationship between the Catholic Church and the Jewish people Gathering together the fruits of this interreligious dialogue Richard C Lux reflects on future possibilities and new directions for this relationship by considering the religious significance of the Holy Land This presentation includes an historical overview that traces important developments a paradigmatic shift in understanding to

resolve the two covenant versus one covenant model of the Jewish Christian relationship the significance of the Holy Land for Palestinian Christians and Palestinian Muslims and new ways in thinking about a theological model for the modern State of Israel Stimulus Books are made possible by the generous support of the Stimulus Foundation for the publication of books to further the mutual understanding between Jews and Christians Book jacket

**The Land of Israel** Eliezer Schweid, 1985 Schweid is critical of some National ideological writings which posit

**Indigenous Land Rights in Israel** Morad Elsana, 2020-11-29 Introducing the Negev Bedouin land issue from the international indigenous land rights perspective this comparative study suggests options for the recognition of their land The book demonstrates that the Bedouin land dispossession like many indigenous peoples progressed through several phases that included eviction and displacement legislation and judicial decisions that support acts of dispossession and deny the Bedouin s traditional land rights Examining the Mawat legal doctrine on which the State and the Court rely on to deny Bedouin land rights this volume introduces the relevant international law protecting indigenous land rights and shows how the limitations of this law prevent any meaningful protection of Bedouin land rights In the second part of the work the Aborigines land in Australia is introduced as an example of indigenous peoples successful struggle for their traditional land rights The final chapter analyzes the basic elements of judicial recognition of the land and shows that the basic elements needed for Bedouin land recognition exist in the Israeli legal system Proposing practical recommendations for the recognition of Bedouin land this volume is a key resource to scholars and students interested in land rights international law comparative studies and the Middle East

**The Land of Israel in the Book of Ezekiel** Wojciech Pikor, 2018-05-31 Pikor analyzes the land of Israel in the book of Ezekiel showing how its preoccupation with the Babylonian exile and the loss of the Promised Land that this entails is directly linked to the danger this poses to Israel s covenant with God Pikor examines the motif of land in its literary and historical contexts and in relation to the oracles of salvation in chapters 34-39 as well as the vision of the new Israel and the return of Yahweh s Glory to the temple Pikor begins by examining the motif of land in its literary and historical contexts The main body of the book then addresses specific sections of Ezekiel Chapter two analyzes the oracles of punishment addressed to Israel in which the land undergoes a process of anthropomorphization Chapter three situates the punishment experienced by Ezekiel and his listeners in a broader historical context suggested by the prophet in Ezekiel 20 Chapter four analyses the oracles of salvation in Ezekiel 34-39 in which the restoration of the land of Israel remains intertwined with the promise of the new covenant Finally chapter five addresses the closing vision of the new Israel Ezekiel 40-48 which is characterized by the territorial dimension of the future restoration This feature is shown via analysis of the rhetoric of the land the crucial element of which is the return of Yahweh s Glory to the temple God s presence adds sacral value to the land in which his covenant with his people is to be realized The covenant will be finalized through Israel s repopulation of the renewed land

**Land Expropriation in Israel** Yifat Holzman-Gazit, 2016-04-22 Historically Israel s Supreme Court has failed to limit the state s

powers of expropriation and to protect private property This book argues that the Court's land expropriation jurisprudence can only be understood against the political cultural and institutional context in which it was shaped Security and economic pressures the precarious status of the Court in the early years the pervading ethos of collectivism the cultural symbolism of public land ownership and the perceived strategic and demographic risks posed by the Israeli Arab population all contributed to the creation of a harsh and arguably undemocratic land expropriation legal philosophy This philosophy the book argues was applied by the Supreme Court to Arabs and Jews alike from the creation of the state in 1948 and until the 1980s The book concludes with an analysis of the constitutional change of 1992 and its impact on the legal treatment of property rights under Israeli law

**Israel's Right to the Land** Dr. David L. Hocking, 2001-01-01 Just as its title implies this precious booklet answers head on the question What rights does Israel have to its land Featuring an introduction by Zola Israel's Right to the Land pulls abundant evidence from the Scriptures and addresses directly the twelve key issues that resolve this topic once and for all Let's spread the Word on who owns the Land from the river of Egypt to the River Euphrates Gen 15:18 by divine right

**The Jewish Connection to Israel, the Promised Land** Eugene Korn, 2008 Illuminates the importance of Israel for Jews and examines the return to Zion as a significant theological event that can also strengthen the Christian faith A clear and accessible introduction to the meaning of Israel for the Jewish People and the world

*The Land of Canaan and the Destiny of Israel* David Frankel, 2011-06-30 What part does the land of Canaan play in the biblical conception of Israel To what extent does the religion promoted by the Hebrew Bible require that Israel live its communal life in the national homeland And how does life in the land compare in importance with other elements presented as belonging to Israel's ultimate destiny such as for example adherence to the law To what extent must the people of Israel take hold of and settle in the entire land of Canaan for them to fulfill their destiny Might the land be shared with other peoples or must non-Israelites be expelled and subjugated or at least kept at a safe and isolated distance Frankel asks these questions and others of the Hebrew Bible as a whole and of the biblical texts individually He shows that all of these questions were addressed by various biblical authors and that diverse and even opposing answers were given to them These issues are not completely new Many of them have been addressed in recent times by various scholars and theologians who have taken a renewed interest in the territorial dimension of the Hebrew Bible However works of a predominantly theological or sociological orientation often suffer from a tendency to read the biblical texts holistically and to gloss over textual snags and inconsistencies For Frankel the snags and inconsistencies in the texts are of central importance They allow him carefully to reconstruct the process of the growth of the texts in question and to reveal both their original forms and their final transformations at the hands of the editors Frankel's analysis shows that behind the present form of several biblical texts lie earlier versions that often displayed remarkably open and inclusive conceptions of the relationship between the people of Israel and the land of Canaan Diachronic analysis of the biblical text is thus an essential component in this book's attempt to retrieve something of the

heated theological dynamic that animated the work of the authors and editors whose efforts were consummated in the formation of the Hebrew Bible Frankel presents here many new and previously unrecognized biblical conceptions and traditions that have significant theological implications for the contemporary religious and political situation in the State of Israel Once the biblical conceptions have been accurately identified analyzed and categorized he opens a discussion of the possible relevance of these conceptions to the contemporary situation in which he lives *The Land Shall Not Be Sold in Perpetuity* Yossi Katz,2016-04-11 The State of Israel is the only Western state where the majority of lands are still owned by the State and by a public body related to it The Jewish National Fund At the root lies the divine command stating that the Land of Israel belongs to God and therefore should not be traded in perpetuity Leviticus 25 This principle has been applied to almost all of the State lands and was established in a Basic Law Since the 1980s there were many pressures in Israel to privatize at least part of the State s and JNF s lands due to the general privatization process of Israel s economy the deepening globalization process and the transformation of Israel to an individualistic society However only a small portion of the lands were privatized constituting 4% of the area of Israel The book is based wholly on primary sources It describes and analyzes the history of the ideological social and legal processes that took place and their development since the beginning of the 20th century until today processes that brought about the unique phenomenon of the State of Israel as an advanced capitalistic state whose lands are mostly state owned Land Law and Policy in Israel Haim Sandberg,2022-07-05 As one of the smallest and most densely populated countries in the world the State of Israel faces serious land policy challenges and has a national identity laced with enormous internal contradictions In *Land Law and Policy in Israel* Haim Sandberg contends that if you really want to know the identity of a state learn its land law and land policies Sandberg argues that Israel s identity can best be understood by deciphering the code that lies in the Hebrew secret of Israeli dry land law According to Sandberg by examining the complex facets of property law and land policy one finds a unique prism for comprehending Israel s most pronounced identity problems *Land Law and Policy in Israel* explores how Israel s modern land system tries to bridge the gaps between past heritage and present needs nationalization and privatization bureaucracy and innovation Jewish majority and non Jewish minority legislative creativity and judicial activism The regulation of property and the determination of land usage have been the consequences of explicit choices made in the context of competing and evolving concepts of national identity *Land Law and Policy in Israel* will prove to be a must read not only for anyone interested in Israel but also for anyone who wants to understand the importance of land law in a nation s life **The Land Without Promise** Katerina Koci,2021-07-29 Katerina Koci charts the development of the promised land motif starting from its biblical roots and examining its reception over the centuries until the present day As her cornerstone Koci uses Hans Georg Gadamer s claim that there are two complementary paths towards understanding and knowledge science and art Thus to be faithful to the creed of the great hermeneutist Koci ventures into both topics arguing that while science sets out historical critical analysis

of the promised land motif in the Hebrew Bible and its later receptions art enriches the interpretation with its literary illustrations This volume places particular focus on American contexts since the concept of the promised land is so deeply intertwined with American religious political mythologies and with the art of John Steinbeck and Walter Brueggemann in particular By discussing artistic interpretation in biblical hermeneutics the context and reception of Genesis 15 7 and Exodus 3 8 in the Hebrew Bible and New Testament and the history of the promised land motif and its interpretations Koci argues that artistic receptions of biblical motifs are crucial for biblical scholarship in opening new hermeneutical and thematic horizons

**Joshua 1-12, Volume 7A** Trent C. Butler, 2017-10-10 Trent C Butler s excellent commentary on Joshua is updated and revised This new edition takes into account the most recent scholarly work on the book of Joshua The commentary includes Butler s translation of the text explanatory notes and commentary to help any professor student or pastor with research and writing Features include solid biblical scholarship for teachers pastors and students updated bibliography commentary for deeper study thorough coverage of the biblical languages close analysis of ancient manuscripts of Joshua The Word Biblical Commentary series offers the best in critical scholarship firmly committed to the authority of Scripture as divine revelation It is perfect for scholars students of the Bible ministers and anyone who wants a theological understanding of Scripture

**The Englishman's Hebrew and Chaldee Concordance of the Old Testament** George V. Wigram, 1866

*Engaging the Doctrine of Israel* Matthew Levering, 2021-09-16 This book is the dogmatic sequel to Levering s *Engaging the Doctrine of Marriage* in which he argued that God s purpose in creating the cosmos is the eschatological marriage of God and his people God sets this marriage into motion through his covenantal election of a particular people the people of Israel Central to this people s relationship with the Creator God are their Scriptures exodus Torah Temple land and Davidic kingship As a Christian Israelology this book devotes a chapter to each of these topics investigating their theological significance both in light of ongoing Judaism and in light of Christian Scripture Old and New Testaments and Christian theology The book makes a significant contribution to charting a path forward for Jewish Christian dialogue from the perspective of post Vatican II Catholicism

*Israel and the Politics of Land* Wallace Eugene March, 1994-01-01 March gives special attention to the current reality of the state of Israel the history and biblical data regarding the significance of land and a theological understanding of the relationship of biblical Israel to contemporary Israel

**The Land of Israel as a Political Concept in Hasmonean Literature** Doron Mendels, 1987

**People, the Land, and the Book**, 1903

*Israel, the Impossible Land* Jean-Christophe Attias, Esther Benbassa, 2003 What has the land of Israel meant for the Jewish imagination This book provides a lively and readable answer covering Biblical times to the present Its aim is to pierce the mystery of the images of Israel to grasp their meaning and function to trace their origins and history and to resituate in historical terms the fertile mythology that has peopled and continues to people the Jewish imagination interposing a screen between a people and their land Describing the real however is not sufficient to disqualify the myths The authors believe with

the famous French historian Pierre Vidal Naquet that Things are not so simple Myth is not opposed to the real as the false to the true myth accompanies the real Today Israel is an undeniable fact and no longer has to legitimize its existence It is in the midst of living through the crises of adulthood The authors simply want to reconstitute and trace the genealogies of these contemporary crises Only upon a clear understanding of this present and this past can a future be constructed

This is likewise one of the factors by obtaining the soft documents of this **Israel Land And People** by online. You might not require more mature to spend to go to the books establishment as with ease as search for them. In some cases, you likewise accomplish not discover the pronouncement Israel Land And People that you are looking for. It will unconditionally squander the time.

However below, subsequent to you visit this web page, it will be in view of that enormously easy to acquire as capably as download lead Israel Land And People

It will not give a positive response many time as we explain before. You can accomplish it while law something else at house and even in your workplace. in view of that easy! So, are you question? Just exercise just what we allow below as well as review **Israel Land And People** what you afterward to read!
