Israel's Original Sin, Volume I Richard J. Rolwing, 2001-11-15 **Israel's Original Sin** Richard J. Rolwing, 2002-05
WAS THE GOD OF JOSHUA THE GOD OF JESUS A relook at modern Israel's roots in ancient Israel salvation history biblical inspiration partial revelation imperfect theology and misguided leaders among Jews Muslims and Christians It asks considering Mohammed Ben Gurion and Harry Truman if Joshua has not had as much influence on western civilization as Jesus What on earth is God doing in the Middle East Do Uncle Sam and his protégé Israel justify divine providence in human history Do victories in war and success in business prove God's blessing and do failures in finance and disasters in health Aids manifest God's displeasure How does Christ's cross theology fit into history politics This book is indeed thoughtful and creative It highlights the need for all of us today to be much more self-critical especially for us Christians to see how domination theology has been a part of our own approach Fr Dr James Bacik author of Apologetics and the Eclipse of Mystery

The State of the Jews Edward Alexander, 2017-07-28 The State of the Jews examines the current predicament of the Jewish people and the land of Israel both of which still stand at the storm center of history because Jews can never take the right to live as a natural right The volume comprises celebrations and attacks Edward Alexander celebrates writers like Abba Kovner Cynthia Ozick Ruth Wisse and Hillel Halkin who recognized in the foundation of Israel shortly after the destruction of European Jewry one of the few redeeming events in a century of blood and shame He attacks Israel's external enemies busy planners of boycotts brazen advocates of politicide professorial apologists for suicide bombing and also its internal enemies These are anti-Zionist Jews devotees of lost causes willfully blind to the fact that Israel's creation was an event of biblical magnitude Indifference to Jewish survival during World War II was the admitted moral failure of earlier American Jewish intellectuals but today's progressives and New Diasporists call indifference virtue and mistake cowardice for courage Because the new anti-Semitism tightening the noose around Israel's throat emanates mainly from liberals Alexander analyzes both antisemitic and philosemitic strains in three prominent Victorian liberals Thomas Arnold his son Matthew and John Stuart Mill The main body of Alexander's book is divided generically into history politics and literature At a deeper level its chapters are integrated by the book's pervasive concern the interconnectedness between the state of Israel and the spiritual state of contemporary Jewry **The Bible Treasury** W. H. Ellis,2014-05-01 Future of the Prophetic argues that in the persistence of the prophetic the legacy of the ancient Jewish world spread beyond the boundaries of the Jewish community and took root throughout the world As a way of wisdom and hope this dual rooting its grounding in the tradition of ancient Israel and its uncontained itinerancy unveils a startling but promising new context a re presentation of the prophetic from outside the Jewish world to the Jewish community The new situation of contemporary prophetic challenges the fixed religious landscape by reversing traditional boundaries eschewing power and privilege and brokering peace through solidarity and common struggle in ecumenical and interfaith contexts

Israel's Securitization Dilemma Ronnie Olesker,2021-08-05 This book examines how the Zionist movement and later the state of Israel have dealt with various longstanding efforts to delegitimize Israel s standing in the international community including by the Arab League Boycott the United Nations and the Boycott Divest and Sanctions BDS movement Through historical and archival research as well as discourse analysis of legal and governmental documents public statements of Israeli officials and interviews with Israeli policy makers this book argues that Israel has constructed perceived and real challenges to its legitimacy as ontological threats that undermine its national security and has securitized its Jewish identity in response to these threats As a result the state has adopted extraordinary measures often marked by illiberalism Rather than enhance Israel s international legitimacy these measures have undermined it further especially among liberal audiences in the West whose support is critical for Israel s continued international legitimacy Therefore Israel is locked in a

securitization dilemma where actions taken to enhance its security through increased legitimacy result in further delegitimization Highlighting the ways this securitization dilemma is at the heart of Israeli policymaking today particularly in the context of the recent BDS movement this book brings into focus key problems that Israel faces as it attempts to combat delegitimization movements against its self constructed identity as a Jewish state This book will be of great interest to students scholars and policy makers engaged with critical security studies and delegitimization Israeli studies and Jewish identity and policymaking in the Middle East

Israel's Higher Law Steven V. Mazie,2006-04-07 In Israel s Higher Law Steven V Mazie draws on the voices of Israeli citizens to shed new light on the relationship between liberal democracy and religion By analyzing Israelis perspectives on a number of divisive issues including Jewish state symbols marriage law public Sabbath observance and funding for religious education Mazie identifies a rift between Israeli and American understandings of separation of religion and state and a gulf between Jewish and Arab citizens visions for Israel s religion state arrangement Mazie s compelling study offers more valuable insight into these dilemmas than any publication to date and proposes new guidelines for resolving them Israel s Higher Law is the definitive work on the tensions between religion and democracy in Israel It is a must read for anyone interested in politics and Jewish studies

Judah's Desire and the Making of the Abrahamic Israel Hong Guk-Pyoung,2024-07-01 In this refreshing exploration of Judah s identity formation the emphasis is placed on the psychological underpinnings of Judah s sentiments towards Israel aiming to illuminate the significance of Judah s appropriation of Israel Richly contextual this book draws parallels observed in Asian contexts notably those of North and South Korea and China with its marginal Others Central to the thesis is that Judah s perceived inferiority to Israel played a crucial role in its quest to appropriate Israel s legacy and identity Adopting a functionalist lens Judah s rewriting of Israel s ancestral past is examined The Abraham and Jacob traditions are understood as competing identity narratives serving as critical discursive tools to construct their pasts The study scrutinizes how the southern Abraham tradition fundamentally reoriented the Jacob tradition North Israel s standalone ancestral myth Set against the broader canvas of continued efforts to redefine and embody Israel within the history of Judeo Christian religions this exploration underscores how Judah s pivotal appropriation of Israel has established a paradigm for all future endeavors of becoming Israel

God and His Image Jean-Dominique Barthelemy,2007 Fr Barthelemy was an internationally recognized expert on Old Testament studies and a member of the Pontifical Biblical Commission In this work he dispenses with the technical language of exegesis and linguistics and speaks theologically as a priest a teacher a believer This work is an introduction to the spiritual teaching of the Old Testament and can greatly help believers to hear that renewing and rejuvenating Word of God with deepened understanding This is a book about God and man It is also about the

long history of God's search for man and the difficulty man had in keeping intact the divine image in which he was created. The purpose of this book is to present what God says about Himself and about His image man in the inspired texts of Scripture. This powerful work by an acclaimed Biblical and spiritual writer can enkindle the heart and enlighten the mind of modern man to see who we truly are in God's eyes and help us to understand the full extent of our deep need for God to become his faithful followers and images once again.

Israel, Jordan, and Palestine Asher Susser, 2012. An astute assessment of the relationship between Israel, Jordan and the Palestinians with scenarios for the future of Palestinian statehood.

Israel: Israel in the international arena Efraim Karsh, 2004. Social Justice and Israel/Palestine Aaron Hahn Tapper, Mira Sucharov, 2019-07-04. This book critically assesses a series of complex and topical debates helping readers to make sense of the politics surrounding the Israeli-Palestinian relationship. Each chapter considers one topic represented by two or three essays offered in conversation with one another. Together these essays advance different perspectives; in some cases they are complementary and in others they are oppositional. Topics include scholarly and activist interpretations of narratives in the context of Israel-Palestine, the concept of self-determination for Jewish Israelis and Palestinians, the debate over settler colonialism as an appropriate framework for interpreting the history of Israel-Palestine and questions surrounding Jewish and Palestinian refugees and the impact of displacement among others. Through these foundational and contemporary topics, readers will be challenged to critically examine the strengths and weaknesses of each position in light of scholarly debates rooted in social justice and helped to gain a deeper understanding of the relationship between Israelis and Palestinians in order to see a path forward toward justice for all.

The Kingdoms of Israel and Judah in the Eighth and Seventh Centuries B.C.E. Antoon Schoors, 2013-09-20. The period of Assyrian domination over Israel and Judah ca. 750-650 B.C.E. can be reconstructed with reasonable accuracy. For example, both biblical and extrabiblical records indicate that the northern kingdom of Israel came to an end in 722 with the fall of Samaria, while several decades later Jerusalem, capital of the southern kingdom of Judah, narrowly escaped being taken by Sennacherib. The first half of the seventh century was dominated by Manasseh in Judah, who not only served his overlords the Assyrians but also practiced a bloody form of despotism. With regard to biblical literature, the eighth century was the period of Israel's first great literary prophets: Amos, Hosea, Isaiah, and Micah. Other important texts such as the Book of the Covenant, the early stories about the kings, the early forms of the patriarchal narratives in Genesis, and collections of proverbs were either created or underwent profound editorial shaping during this time. This volume surveys the history of this formative period and presents a critical study of the biblical literature that originated within this historical context, as well as theological conclusions that readers may draw from these texts.

Making Israel Benny Morris, 2007-11-26. Benny Morris is the founding father of the New Historians, a group of Israeli scholars who have challenged long-established perceptions about the origins of the Israeli-Palestinian conflict. Their research rigorously documented crimes and atrocities committed by the Israeli armed forces, including rape, torture, and

ethnic cleansing With *Making Israel* Morris brings together the first collection of translated articles on the New History by leading Zionist and revisionist Israeli historians providing Americans with a firsthand view of this important debate and enabling a better understanding of how the New Historians have influenced Israelis awareness of their own past The study of Israeli history society politics and economics over the past two decades has been marked by a fierce and sometimes highly personal debate between traditionalists scholars who generally interpreted Israeli history and society within the Zionist ethos and revisionists scholars who challenged conventional Zionist narratives of Israeli history and society *Making Israel* brings together traditionalists and revisionists who openly and directly lay out their key insights about Israel s origins It also introduces multidisciplinary perspectives on Israel by historians and sociologists each bringing into the debate its own jargon its own epistemology and methodology and its own array of substantive issues This is essential reading for anybody who wants to understand the different interpretations of Israeli society and perhaps the central debate among students of modern Israel Zeev Maoz Professor of Political Science at the University of California Davis and Distinguished Fellow at the Interdisciplinary Center Herzliya Israel s new historians have done a great service to their country and to all who care about the Arab Israeli conflict By challenging myths reexamining evidence and asking truly important questions about the past they help to confront the present with honesty and realism This book provides a sampling of the best of what these courageous voices have to offer William B Quandt University of Virginia Benny Morris is Professor of Middle East history at Ben Gurion University in Beersheba Israel and is the author of *Righteous Victims A History of the Zionist Arab Conflict 1881 1999*

Israel / Palestine Alan Dowty, 2023-01-19 What explains the peculiar intensity and evident intractability of the Israeli Palestinian conflict Of all the hot spots in the world today the apparently endless clash between Jews and Arabs in the Middle East seems unique in its longevity and resistance to resolution Is this conflict really different from other ethnic and nationalist confrontations and if so in what way In this fully revised and expanded fifth edition of his highly respected introductory text Alan Dowty demystifies the conflict by putting it in broad historical perspective identifying its roots and tracing its evolution up to the current impasse His account offers a clear analytic framework for understanding transformations over time and in doing so punctures the myths of an age old conflict with an unbridgeable gap between the two sides Rather than simply reciting historical detail this book presents a clear overview that serves as a road map through the thicket of conflicting claims Updated to include recent developments such as the recent Israeli elections and the debate over the two state solution the new edition presents in full the opposed perspectives of the two sides leaving readers to make their own evaluations of the issues The book thus expresses fairly and objectively the concerns hopes fears and passions of both sides making it clear why this conflict is waged with such vehemence and how for all that the gap between the two sides has narrowed over time **Dominion and Dynasty** Stephen G. Dempster, 2013-12-10 Taking a literary approach to the Old Testament in this *New Studies in Biblical Theology* volume Stephen G Dempster traces the story of Israel through its family

lines and locales and reflects on its meaning for New Testament revelation **The Message of Isaiah 40-55** John Goldingay, 2005-12-27 The Message of Isaiah 40 55 traces the argument of Isaiah 40 55 to show how the chapters bring a message of encouragement and challenge about God's intention to restore the Judean community some of whose members are in exile in Babylon others living in the city of Jerusalem that has lain devastated since it fell to the Babylonians in 587 The chapters hold before this community's eyes a vision of the nature of its God as the powerful creator and the loving restorer In the course of following the argument the reader becomes aware that the chapters have to deal with their audience's mysterious resistance to their message It cannot give God the kind of response the message needs and deserves nor can it fulfil the role as God's servant that is designed for it God nevertheless remains committed to it The prophet eventually becomes aware of a distinctive personal calling to embody that response until the people are ready to do so It is the prophet's willingness to do this notwithstanding the suffering it brings that embodies the kind of ministry that needs to be exercised to them so that they may be brought back to God and find a restoration of spirit as well as a physical restoration
