## **Issues In Chinas Political Reform:**

**Debating Political Reform in China** Suisheng Zhao, 2014-12-18 The growing disconnect between China's market oriented economy with its emerging civil society and the brittle anachronistic and authoritarian state has given rise to intense discussion and debate about political reform not only by Western observers but also among Chinese intellectuals While some expect China's political reform to lead to democratization others have proposed to strengthen the institution of single party rule and provide it with a solid legal base This book brings the ongoing debate to life and explores the options for political reform Offering the perspectives of both Western and Chinese scholars it presents the controversial argument for building a consultative rule of law regime as an alternative to liberal democracy It provides several critiques of this thesis and then tests the thesis through empirical studies on the development of the rule of law in China

**Toward Better Governance in China** Baogang Guo, Dennis V. Hickey, 2009-11-12 Toward Better Governance in China takes a fresh look at the latest efforts made by Chinese leaders to promote governance based reform It asserts that the improvement of governance has now become one of the breakthrough points of the much anticipated political reform Although the Chinese government continues to play down expectations about political reform many small scale reform experiments have been quietly undertaken by Chinese leaders at various levels in recent years including the new round of administrative reform centered on the creation of super ministries the enlargement of inner party democracy within the Chinese Communist Party CCP the strengthening of local legislative bodies and judicial reform designed to promote judicial independence and rule of law This strategy calls for strengthening governing capacity and changing government functions One of the advantages in placing the improvement of governance first is that it is less risky than embarking upon a full scaled electoral reform Electoral democracy is undoubtedly an important element in a functional democracy But equally important is the effectiveness transparency accountability and openness of the governing process Better governance implies greater transparency open deliberation and participation and less adversarial political confrontation and conflict If constructed properly China may become the sort of democratic administration or administrative democracy that Robert Dahl discussed in 1947 Clearly political reform of this kind does not follow the conventional wisdom of a democratic transition which places heavy emphasis on electoral reform or the precedence of the electoral reform to the government reform This book is intended to shed some new light on the ongoing debate about the direction of China's political development

**Zhao Ziyang and China's Political Future** Guoguang Wu, Helen Lansdowne, 2013-05-13 What legacies have previous reformers like Zhao Ziyang left to today's China Does China have feasible political alternatives to today's repressive market Leninism and corrupt state capitalism Does Zhao's legacy indicate an alternative to the past and for the future For those who are familiar with the development of Chinese politics since the reform years Zhao is now widely regarded as a major architect of the nation's profound transition His contributions to China's post Mao development are rich and multi faceted including those on rural and urban economic reforms extending

to accountable governance liberal policies concerning domestic affairs and China's foreign relations Featuring contributions from leading experts in the field such as Richard Baum and Xiaonong Cheng this book explores the historical development of China's political reform issues and how his political legacies are relevant to China's political development since the 1980s to the future Using recently translated recollection articles by veteran reformers who worked with Zhao in the 1980s like Du Runsheng An Zhiwen Li Rui Bao Tong Zhao Ziyang and *China's Political Future* is a valuable contribution for students and researchers interested in the Chinese politics Asian politics and political development in Asia

**Grassroots Political Reform in Contemporary China** Elizabeth J. Perry, Merle Goldman, 2009-07-01 Observers often note the glaring contrast between China's stunning economic progress and stalled political reforms Although sustained growth in GNP has not brought democratization at the national level this does not mean that the Chinese political system has remained unchanged At the grassroots level a number of important reforms have been implemented in the last two decades This volume written by scholars who have undertaken substantial fieldwork in China explores a range of grassroots efforts initiated by the state and society alike intended to restrain arbitrary and corrupt official behavior and enhance the accountability of local authorities Topics include village and township elections fiscal reforms legal aid media supervision informal associations and popular protests While the authors offer varying assessments of the larger significance of these developments their case studies point to a more dynamic Chinese political system than is often acknowledged When placed in historical context as in the Introduction we see that reforms in local governance are hardly a new feature of Chinese political statecraft and that the future of these experiments is anything but certain

**China's Political Reforms** Benedict Stavis, 1988-02-18 Stavis places the question of reform in a broad historical and comparative context linking contemporary China both to its past and the to experiences of other communist countries thereby proving a valuable text for academics in political science comparative politics and political sociology China's Political Reforms examines the reasons for the means of and the obstacles to political reform in China This volume offers many valuable insights about Chinese politics of the 1950s and 1960s as well as an important general lesson The author must be commended for this comprehensive and original work but also for setting high standards for Sino American research cooperation The Review of Politics Pressure for political reform has been great in China throughout the twentieth century and remains undiminished in the late 1980's This important new volume places the question of reform in a broad historical and comparative context linking contemporary China both to its past and the to experiences of other communist countries thereby proving a valuable text for academics in political science comparative politics and political sociology China's Political Reforms examines the reasons for the means of and the obstacles to political reform in China A detailed report based on discussions with participants is provided of the student demonstrations in December 1986 In addition conservative backlashes at moves toward political reforms such as the demonstration are analyzed along with policy choices available for China's future

*Zhao Ziyang and China's Political Future* Guoguang

Wu, Helen Lansdowne, 2013-05-13 What legacies have previous reformers like Zhao Ziyang left to today's China Does China have feasible political alternatives to today's repressive market Leninism and corrupt state capitalism Does Zhao's legacy indicate an alternative to the past and for the future For those who are familiar with the development of Chinese politics since the reform years Zhao is now widely regarded as a major architect of the nation's profound transition His contributions to China's post Mao development are rich and multi faceted including those on rural and urban economic reforms extending to accountable governance liberal policies concerning domestic affairs and China's foreign relations Featuring contributions from leading experts in the field such as Richard Baum and Xiaonong Cheng this book explores the historical development of China's political reform issues and how his political legacies are relevant to China's political development since the 1980s to the future Using recently translated recollection articles by veteran reformers who worked with Zhao in the 1980s like Du Runsheng An Zhiwen Li Rui Bao Tong Zhao Ziyang and China's Political Future is a valuable contribution for students and researchers interested in the Chinese politics Asian politics and political development in Asia

**Paradoxes Of China's Prosperity: Political Dilemmas And Global Implications** Guoguang Wu, 2015-01-15 The world seems divided to either applaud or fear the rise of China but this book probes deeper by investigating three aspects of the phenomenon in detail 1 the institutional dilemmas of the prosperity as it integrates Asian authoritarianism with globalizing capitalism to create economic accomplishments 2 the political struggles alongside the prosperity as Chinese citizens begin to demand equality rights and justice that might be viewed to disturb the continuity of stability and development and 3 the global implications entailed by the prosperity not only in power politics war and peace or competitions among nations but especially on global public goods termed human security Articles included here combine political economic analyses lens with historical depth and global concerns to add a perspective that highlights the paradoxes of prosperity surrounding the ongoing debate on the rise of China and its global ramifications Readers will find an analysis that goes beyond the dichotomy viewing the rise of China either in positive or negative perspectives Investigations on the internal dilemmas and the global implications of the rise of China are well situated in the historical context of China's own search for modernization since the late 19th century This is one of the few books in which China's rise is examined from a global perspective rather than from a national perspective of China the United States or any other specific nation a global perspective that addresses the challenges facing all human societies with the rise of China

**Public Opinion and Political Change in China** Wenfang Tang, 2005 This book describes through case studies how various factors such as the single party political system traditional culture market reform and industrialization shape public opinion and mass political behavior in urban China Case studies focus on the process of conducting public opinion polls in China's political environment regime legitimacy and reform support media control and censorship interpersonal trust and democratization mass political participation labor relations and trade unions and the role of intellectuals in political change The book draws most of its empirical evidence from twelve Chinese public

opinion surveys conducted between the late 1980s and the late 1990s The same questions repeated in many of these surveys provide a rare opportunity to examine the changing pattern of the Chinese public mind during this period The book ends with the provocative conclusion that China's authoritarian political system proved to be less effective than traditional culture marketization and industrialization in shaping public opinion and mass political behavior Liberal ideas and bottom up political participation can emerge even in the absence of direct elections *China's Rise: Challenges and Opportunities* ,

**Social Transformation and State Governance in China** Xianglin Xu,2020-06-08 This volume is a selection of Chinese political scholar Xianglin Xu's published works spanning nearly 20 years of research that explore and discuss the socio-economic transition in China under state political reform Contextualized within the decades following the 80s the author analyzes patterns observed from empirical studies and breaks down the underlining reasoning conditions and functionalities behind the incremental reform policies pushed forward by the Party and government The collection is broken up into four sections the first provides a general framework and theoretical historical introduction to social transition research in the case of China the second section discusses the underpinning logic behind political reform in China and practical concerns the third section follows with discussions on reform policy practices within China including application and trajectory the final section concludes with an analysis of reform within state institutional infrastructure and policy innovation **Remaking the**

**Chinese State** Chao Chien-min,Bruce Dickson,2003-09-02 After more than twenty years of economic and political reform China is a vastly different country to that left by Mao Almost all the characteristic policies and practices of the Maoist era have been abandoned with the goals of revolution in foreign and domestic policy being replaced by an emphasis on economic modernization accompanied by radical social transformation and an increasingly significant international role Yet despite these dramatic changes other fundamental features of China's policy remain unchanged This book explores the strategies of reform in China and their implications for its domestic and foreign policies It challenges the misconceptions that no political reforms are taking place and that China is eagerly embracing capitalism It also challenges the view that China does not abide by international norms and practices on military and security matters Its contributors all highly respected scholars avoid simple generalisations about the nature of China's politics or future path instead offering comparisons and contrasts between policy areas and regions to create a more complete picture of this complex country **China's Political Development**

Kenneth G. Lieberthal,Cheng Li,Yu Keping,2014-06-04 China's path to political reform over the last three decades has been slow but discourse among Chinese political scientists continues to be vigorous and forward thinking China's Political Development offers a unique look into the country's evolving political process by combining chapters authored by twelve prominent Chinese political scientists with an extensive commentary on each chapter by an American scholar of the Chinese political system Each chapter focuses on a major aspect of the development of the Chinese Party state encompassing the changing relations among its constituent parts as well as its evolving approaches toward economic growth civil society

grassroots elections and the intertwined problems of supervision and corruption Together these analyses highlight the history strategy policies and implementation of governance reforms since 1978 and the authors recommendations for future changes This extensive work provides the deep background necessary to understand the sociopolitical context and intellectual currents behind the reform agenda announced at the landmark Third Plenum in 2013 Shedding light through contrasting perspectives the book provides an overview of the efforts China has directed toward developing good governance the challenges it faces and its future direction

*Dilemmas of Reform in China* Joseph Fewsmith, 2016-09-16 This is a comprehensive account of the Chinese debates on economic reforms from the Third Plenum of 1978 to the crackdown of 1989 It is designed for scholars and graduate students interested in the political economy of China's reforms

*Sars Epidemic, The: Challenges To China's Crisis Management* John Wong, Yongnian Zheng, 2004-07-29 In the first half of 2003 severe acute respiratory syndrome SARS struck China including Hong Kong causing panic and claiming many lives The unknown nature of SARS at that time also jolted the economic growth of China and Hong Kong disrupted the social life of their citizens and created much stress and strain for their political systems and governance Like other major crises the management of the SARS crisis provides a good opportunity to examine the strengths and weaknesses of the political systems in China and Hong Kong From the outset scholars at the East Asian Institute EAI followed closely the unfolding of the disease in China particularly how each of the two societies coped with this random external shock SARS may or may not recur in the near future but the episode has offered a glimpse into the extent of resilience of the two societies the quality of their political leadership the effectiveness of their political and institutional mobilization the crisis management capability of their respective bureaucracies and the viability of their governance systems This volume is the result of an EAI workshop on SARS in China Crises and Responses This book has been selected for coverage in Index to Scientific Technical Proceedings ISTP ISI Proceedings Index to Scientific Technical Proceedings ISTP CDROM version ISI Proceedings Index to Social Sciences Humanities Proceedings ISSHP ISI Proceedings Index to Social Sciences Humanities Proceedings ISSHP CDROM version ISI Proceedings CC Proceedings Biomedical Biological Agricultural Sciences

**Understanding China's Political System** Kerry Dumbaugh, 2010-11 At one level China is a one party state that has been ruled by the Chinese Communist Party CCP since 1949 But rather than being rigidly hierarchical and authoritarian political power in China now is diffuse complex and at times highly competitive Contents of this report 1 China's Preeminent Political Institutions 2 The CCP The Political Bureau The Politburo Standing Committee The Secretariat Party Discipline 3 The Chinese Gov't The State Council The Ministries Gov't Control 4 National People's Congress 5 People's Liberation Army 6 Relationships Among Leaders 7 Other Important Political Actors 8 Provincial Municipal and Local Governments 9 Trends and Idiosyncrasies of China's Political System Illus

Critical Issues in Contemporary China Czeslaw Tubilewicz, 2006-09-27 This informative and up to date text takes a multidisciplinary approach in examining contemporary China It provides students with a comprehensive

analysis of a number of the social political and economic problems that China faces as it enters the twenty first century The chapters cover key issues including critical developments in Chinese politicsuneven economic developmentprivatization in Chinaenvironmental problemsdemography and food productionethnic minoritiescross strait relationsocio cultural issues

China Gungwu Wang,Yongnian Zheng,2013 China has achieved significant socio economic progress and has become a key player on the international stage after several decades of open door and reform policy Looking beyond China s transformation this book focusses on the theme of governance which is widely regarded as the next most critical element to ensure that China s growth remains sustainable Today China is confronted with a host of pressing challenges that call for urgent attention These include the need to rebalance and restructure the economy the widening income gaps the poor integration of migrant populations in the urban areas insufficient public housing and healthcare coverage the seeming lack of political reforms and the degree of environmental degradation In the foreign policy arena China is likewise under pressure to do more to address global concerns while not appearing to be overly aggressive The next steps that China takes would have a great deal to do with governance in terms of how it tackles or fails to address the myriad of challenges both domestic and foreign China Development and Governance with 57 short chapters in total is based on up to date scholarly research written in a readable and concise style Besides China s domestic developments it also covers China s external relations with the United States Japan Korea and Taiwan Non specialists in particular should find this volume accessible and useful in keeping up with fast changing developments in East Asia

**China's Political System** June Teufel Dreyer,2023-08-15 Updated in its eleventh edition China s Political System continues to engage readers in the pursuit of greater understanding of Chinese politics past and present providing accessible insight into the important policy problems Throughout the text June Teufel Dreyer challenges students to think about the broader problem of governance in China by comprehensively showing how past and present impacts leaders citizens ethnic minorities and policies leading to incisive considerations on the different futures for China s political system When instructors teach from this textbook they benefit from Dreyer s expert analysis of historical context and current trends to show how this transition is challenging China s economic legal military social and cultural institutions New to the Eleventh Edition Discussion on the CCP s hundredth birthday celebration including Xi Jinping s strident speech Tensions in South China and East China seas and Wolf Warrior diplomacy China s three child policy The lying flat phenomenon tangping New regulations clamping down on freedom of speech and human rights violations in Xinjiang Hong Kong and against religion in general Examination of the overhaul of the for profit tertiary education system and the large scale student protests that ensued New regulations at primary and secondary levels on cram school off campus tutoring crackdown on false advertising and selling unnecessary programs Evaluating the impact of the Covid 19 pandemic on the country s economy and government s response in terms of demographic and health policies Made in China 2025 Leadership response to deteriorating environmental conditions with new policy tools China s Political System continues to provide all of

the tools professors need to introduce their students to Chinese politics in ways that are informed accessible and intriguing

Deng Xiaoping and the Transformation of China Ezra F. Vogel, 2013-10-14 No one in the twentieth century had a greater impact on world history than Deng Xiaoping And no scholar is better qualified than Ezra Vogel to disentangle the contradictions embodied in the life and legacy of China's boldest strategist the pragmatic disciplined force behind China's radical economic technological and social transformation

**Competing Chinese Political Visions** Sonny Shiu-Hing Lo, 2010-02-26 A fascinating analysis of the features of the Hong Kong style democracy viewed as alien hostile potentially subversive and substantially dangerous by the mainland Chinese Communist Party **Competing Chinese Political Visions** Hong Kong vs Beijing on Democracy examines the uniqueness of the Hong Kong model of democracy a model the Chinese Communist Party not surprisingly views as too Westernized excessively pluralistic and too easily shaped by foreign intervention and influence **Competing Chinese Political Visions** examines the features that define Hong Kong's democracy including competitive elections a number of mini political parties legitimate checks and balances the right to protest and a vibrant social movement Drawing on a wealth of recent research noted Hong Kong expert Sonny Shiu Hing Lo examines the role of Hong Kong in the June 1989 Tiananmen Square incident discusses the leadership and visions of democratic leaders such as Martin Lee and offer some bold predictions for the intertwined futures of Hong Kong and China
