Children and Youth in the Catechumenate Anne Y. Koester, 2021-09-27 What does conversion look like for children and youth How do we teach them that conversion is a way of life that requires daily commitment These questions are even more pressing today than they were in 1988 when the Rite of Christian Initiation of Adults with adaptations for children was issued In *Children and Youth in the Catechumenate* Anne Koester shows catechumenate ministers how to immerse young seekers into an apprenticeship in Christian life By using the liturgy of the church and the liturgy of life she demonstrates the four integral dimensions of Christian discipleship that form young believers for mission **On the Way** , 1995 This report studies the catechumenate as an approach to Christian initiation and sees in it an encouraging framework on which a way forward could be based Issues relating to children are considered including parental faith infant baptism and the difficulties with children receiving communion **Catechesis for Infant Baptism** Ellen Marie Collins, 1996 Catechesis for Infant Baptism will help parishes design a catechetical process for the formation of a ministry team to share our common treasure of faith with parents preparing for their infant's baptism This book is for pastors pastoral staff liturgists DREs and all those who

This Assembly of Believers Bryan Cones, 2020-11-30 Among the symbols with which the liturgy deals none is more important than this assembly of believers This claim made in the 1970s forces the local church to consider those within its congregation and recognise the gifts and challenges of difference within the church community In *This Assembly of Believers* Bryan Cones seeks to take seriously the pastoral context of a congregation recognising the physical ability gender and sexuality of those who make up the congregation Starting each chapter with their lived experience Cones poses important questions of the liturgy in light of these experiences before realigning the liturgy to demonstrate the positive theological significance of the marginalised within the congregation

Common Worship in Theological Education Siobhan Garrigan, Todd Eric Johnson, 2010-01-01 What is the place of corporate worship in theological education Certainly it is not unexpected to have ministry students attending seminary chapel but what are the expectations for the students who attend chapel Is it to form their liturgical sensibilities into conformity with a particular worship tradition or style Or is it to provide a safe place to try things that one would be reluctant to experiment with in congregational worship Although common worship for ministry students is almost a given in all theological schools there are few common understandings about its goals and purposes *Common Worship in Theological Education* is the first book to address the theological pedagogical and political issues involved in the planning and execution of seminary chapel It offers

voices from across the theological and ecumenical spectrum about chapel as well as involving multiple disciplines in the conversation This volume provides the first comprehensive survey of the worship issues at stake in seminary education today The essays in this collection provide the foundation for a productive conversation within a seminary faculty or among colleagues within a theological discipline This volume makes the case that the chapel ought to have a seat at the table when the education mission of a theological school is being discussed So pull up a chair and prepare for a fascinating conversation
