**It Could Happen to You** Martha Brockenbrough,2002-09-02 Martha Brockenbrough s It Could Happen to You is a delightfully funny diary of the author s own pregnancy through the first year of her daughter s life It is the perfect antidote to all of the patronizing horribly dull pregnancy books which are long on advice and short on laughs It Could Happen to You began as a column Brockenbrough wrote for the Microsoft Network while she was pregnant During its tenure on MSN it was the most widely read column about pregnancy and motherhood on the Internet It s easy to see why Brockenbrough s amusing approach to pregnancy and motherhood will strike a chord with experienced moms and the newly pregnant alike who may wonder as the author did Do I really have to wear maternity clothes Throughout the book Brockenbrough shares her joys and her fears and asks the questions every new mom wants to know such as Why do old ladies keep telling me my baby is cold and shares the realization that When you re a mother your guilt light goes off the second you start doing something for you instead of something for your child A few not to be missed chapters written by her husband Adam such as A Guy s Guide to Baby Holding provide a comical male perspective on the whole experience Refreshingly honest and funny It Could Happen to You is just right for bolstering the most important tool a new parent has a sense of humor
