An Institutional Guide to Economics and Public Policy David E. McNabb, 2007 Introduces public management students and government and nonprofit administrators to the practices of Knowledge Management This book focuses on knowledge management techniques in government agencies and it covers such concepts as collecting categorizing processing distributing and archiving critical organization data and information

Economist With a Public Purpose Michael Keaney, 2000-12-21 This text discusses the continuing relevance of one of the most prominent economists of the twentieth century The contributors explore the continuing relevance of Galbraith's arguments to current controversies and problems

The Economics of John Kenneth Galbraith Stephen P. Dunn, 2010-11-11 The recent financial crisis has once again seen John Kenneth Galbraith return to the bestseller lists Yet despite the continued popular success of his works Galbraith's contribution to economic theory is rarely recognized by today's economists This book redresses the balance by providing an introductory and sympathetic discussion of Galbraith's theoretical contributions introducing the reader to his economics and his broader vision of the economic process The book highlights and explains key features of Galbraith's economic thought including his penetrating critique of society his distinctive methodology his specific brand of Keynesianism and his original but largely ignored contribution to the theory of the firm It also presents for the first time a detailed examination of Galbraith's monetary economics and revisits his analysis of financial euphoria This unique work seeks to rehabilitate Galbraith's contribution setting out several directions for possible future research in the Galbraithian tradition

Public Purpose Mariana Mazzucato, 2021-10-26 How governments can spur growth and innovation to solve their greatest challenges from green energy to national security to building resilient health systems Known around the world for challenging mainstream economics economist Mariana Mazzucato believes that the public sector can and should be a co creator of wealth that actively steers growth to meet its goals The Financial Times In The Mission Driven Economy she calls on governments to create the economies we need today Mazzucato's challenge leads off a debate on the revival of Industrial policy roughly defined as deliberate government action to re shape the economy Industrial policy has fallen out of favor in recent decades as economists defer to free markets to produce innovation and growth Yet today thinkers across the political spectrum have begun expressing new interest in industrial policy as a way to address the most serious problems of our times from national security and climate change to the market's underfunding of public goods to sluggish economic growth and labor market dysfunction Together contributors make a compelling case for industrial policy what it is and why we need it

now Addressing investment innovation supply chains and growth they offer a robust vision of a renewed industrial policy and what it can offer the US economy in the face of climate change and a global pandemic **Economics and the Public**
