bridging of Canadian US and mainstream alternative sensibilities and Nina Bunjevac in her own blending of realism and fantasy as well as of insider outsider status Despite an upsurge in research on Canadian comics there is still remarkably little written about most major and all minor Canadian cartoonists This volume provides insight into some of the lesser known Canadian alternatives still awaiting full exploration **Ghosts of War** Jeff Belanger, 2009-01-15 Collects historical accounts of war and connected hauntings in a volume divided by conflict and ranging from the twelfth century Gempei War to Bosnia

Who's who in Canadian Literature ,1997 **Unruly Penelopes and the Ghosts** Eva Darias-Beautell, 2012-08-06 This collection of essays studies the cultural and literary contexts of narrative texts produced in English Canada over the last forty years It takes as its starting point the nationalist movement of the 1960s and 70s when the supposed absence or weakness of a national sense became the touchstone for official discourses on the cultural identity of the country That type of metaphor provided the nation with the distinctive elements it was looking for and contributed to the creation of a sense of tradition that has survived to the present In the decades following the 1970s however critics artists and writers have repeatedly questioned such a model of national identity still fragile and in need of articulation by reading the nation from alternative perspectives such as multiculturalism environmentalism neo regionalism feminism or postcolonialism These contributors suggest that the artistic and cultural flowering Canada is experiencing at the beginning of the twenty first century is to a great extent based on the dismantlement of the images constructed to represent the nation only forty years ago Through their readings of representative primary texts their contextual analysis and their selected methodological tools the authors offer a tapestry of alternative approaches to that process of dismantlement Together they read as an unruly Penelopiad their unravelling readings self consciously interrogating Canada s lack of ghosts Haunted Toronto John Robert Colombo, 1996-09-01
