What Rough Beast? David Penchansky, 1999-01-01 A number of texts in the Hebrew Bible consistently command attention and yet defy easy explanation Why did God try to kill Moses Why did God kill the man who touched the ark to keep it from falling Why did God put a tree in the middle of the Garden David Penchansky tackles these tough questions and in so doing opens up for readers a new understanding of how the Hebrew Bible portrays God Penchansky examines six biblical narratives that depict God negatively outlining their social political and theological ramifications He believes the stories provide an important key to the Israelites understanding of their God He also believes the stories provide a structure for understanding experiences of evil and suffering within our own century and for accepting the ambiguity that permeates all human existence Christian Book Center

we do we will encounter those whose beliefs and values are different from our own so they encourage us to remain faithful to our beliefs while we act as neighbors to others

**Unit 1 Rescue** The concept of salvation is broad and inclusive of many divine actions by which we are rescued from the human predicament The lessons in this unit focus on the freedom to which we are liberated In the Roman world the freer you were the more power you exercised over others Today we think of freedom as the ability to do whatever we want without restrictions In the Bible freedom is about choosing to whom or what we devote ourselves without restriction Paul described that choice as servitude to sin or becoming a slave to Christ

**Promises to Keep** Yael Ziegler,2008-07-31 While many studies explore the literary role of the oath in general literature none have contended with the role of the oath in the biblical narratives This study seeks to fill that vacuum The first section of this study examines the literary significance of the various oath formulae that appear in biblical narratives focusing on anomalous formulations of the respective oath formulae The second section of this study explores the narratives surrounding two characters Saul and David both of whom frequently engage in oath making The oaths taken by to and about these

characters mirror the narrative itself and function as a prism through which the character's career is refracted. This study demonstrates that by perceiving the oath as a literary device for plot and character development, additional or more precise meanings may be revealed in the biblical stories.
