First Half Of My Life:

I Survived the First Half of My Life Lucynda, 2009-01-19 Born in a small town in New Hampshire Lucynda had a dream All she ever wanted in life was a little house with a white picket fence four kids and to live happily ever after She married her childhood sweetheart at age nineteen three weeks before he was to leave for Vietnam This book takes the reader down Lucynda's long and very rocky journey of divorce raising a child with his own personal challenges coming very close to committing suicide the bar scene and many very bad choices in men Then on to a second marriage that also fails but not until after encountering a stepchild with many emotional problems an extremely volatile relationship of being emotionally and sexually abused to finally experiencing personal growth peace and a relationship with God This book will make you cry make you laugh and hopefully help you to realize that you don't have to stay in a bad relationship that there is hope for anyone who thinks they can't get out and that you will hopefully learn from her mistakes

The Other Half of Life Dr Pooran Latchman, 2015-12-22 Life of a boy who grew up in a situation that provided barely enough of the basic necessities of life With a strongly determined father caring mother and dependable siblings he was able to carve out a life that was fashioned from the dreams he carried in his childhood In his latter life he found himself in a situation that allowed him to go back to his youthful dreams At 62 while still strong and healthy and with the realization that he was no longer tied to any form of obligation towards the world or to anyone else he retired With a determination recaptured from his youth he now wants to probe into the further reaches of his being to see just how far he can go This latter part of life that he could not have foreseen is what he refers to as The Other Half of Life It is to be different from the first half where it had been simply going through the functions of the everydayness of life He now finds himself in a situation that has no constraints and no limitations This awareness of absolute freedom to design his life in whatever way he chooses now engulfs his being and propels him to become that for which he was made to be It had all been laid out in the dreams of his childhood
