Hischak,2014-01-10 The 525 notable works of 19th and 20th century American fiction in this reference book have many stage movie television and video adaptations Each literary work is described and then every adaptation is examined with a discussion of how accurate the version is and how well it succeeds in conveying the spirit of the original in a different medium In addition to famous novels and short stories by authors such as Nathaniel Hawthorne F Scott Fitzgerald and Willa Cather many bestsellers mysteries children s books young adult books horror novels science fiction detective stories and sensational potboilers from the past two centuries are examined *The Critics and Hemingway, 1924-2014* Laurence W. Mazzeno,2015 Traces Hemingway s critical fortunes over the ninety years of his

prominence telling us something about what we value in literature and why scholarly reputations rise and fall Hemingway burst on the literary scene in the 1920s with spare penetrating short stories and brilliant novels Soon he was held as a standard for modern writers Meanwhile he used his celebrity to create a persona like the stoic macho heroes of his fiction After a decline during the 1930s and 1940s he came roaring back with *The Old Man and the Sea* in 1952 Two years later he received the Nobel Prize While his popularity waxed and waned during his lifetime Hemingway's reputation among scholars remained strong as long as traditional scholarship dominated New approaches beginning in the 1960s brought a sea change however finding grave fault with his work and making him a figure ripe for vilification Yet during this time scholarship on him continued to appear His works still sell well and several are staples on high school and college syllabi A new scholarly edition of his letters is drawing prominent attention and there is a resurgence in scholarly attention to and approbation for his work Tracing Hemingway's critical fortunes tells us something about what we value in literature and why reputations rise and fall as scholars find new ways to examine and interpret creative work Laurence W Mazzeno is President Emeritus of Alvernia University Among other books he has written volumes on Austen Dickens Tennyson Updike and Matthew Arnold for Camden House's Literary Criticism in Perspective series

**Planet Cat** Sandra Choron, Harry Choron, Arden Moore, 2007 Presents more than four hundred lists on various information on cats including cat breeds training and behavior as well as such topics as famous cats in history cat food recipes and gifts for pampered cats

**Casanova Was A Book Lover** John Maxwell Hamilton, 2000-04 Everyone knows which books people buy they can just look at the best seller lists But who knows which books people steal Who for that matter knows that authors ruin the book market by writing too much Or why book critics are not critical Or why librarians need to throw out more books Who indeed knows the answer to that all important question in our democracy should presidents and presidential candidates write books The answer is no In this irreverent analysis of the book industry John Maxwell Hamilton a longtime journalist and public radio commentator answers these questions and many more proving that the best way to study books is not to take them too seriously He provides a rich history of the book from the days when monks laboriously hand copied texts to the tidal wave of Titanic tie ins and gives a succinct overview of the state of the industry today including writing marketing promoting reviewing ghostwriting and collecting Throughout Hamilton peppers his prose with spicy tidbits of information that will fascinate bibliophiles everywhere For instance did you know that Walt Whitman was fired from a government job because his boss found *Leaves of Grass* and its author immoral Or that the most stolen book in the United States is the Bible followed by *The Joy of Sex* How about that Dan Quayle's 1989 Christmas card read May our nation continue to be a beacon of hope to the world Or that Casanova was an ardent lover of books as well as women Hamilton offers an inside look at the history and business of book reviewing explaining why more often than not reviewers resemble counselors at a self esteem camp and examining the enormous impact of the Oprah effect on the market As the self appointed Emily Post of the book world he advises publishers authors

and readers on proper etiquette for everything from book parties Feel free to build a party around a theme in a book no matter how tacky and jacket photos You should not show off your new baby unless your book is about raising kids to book signings Just because an author has given you an autograph does not mean they want to become your pen pal and promotion by friends and relatives They should carry the book at all times on public transportation with the cover showing Both edifying and enjoyable Casanova Was a Book Lover fills a Grand Canyon sized void in the literature on literature It is indispensable for book enthusiasts who want to know the naked truth about reading writing and publishing
